

## First Strong 19

Chapter 19 - Unbearable 1 hit!

Liu Zhilong and even Yuezhennan are watching!

They just saw it clearly because the two shots were very simple, but now it is the movement of Shen Lang to pick up the tiger and get out.

They have no time to react, and Ahu is not a master. In the air, the right palm has been cut to the wrist of Shen Lang!

Wai Wei save Zhao!

If Shen Lang does not let go, he is confident that he can break his wrist!

As long as he let go, even if he squatted on the table, he could roll over the table and roll over.

When his palm is about to reach the wrist of Shen Lang, Shen Lang really let go!

A tiger secretly breathed a sigh of relief, but this was half-baked and he was taken aback!

Shen Lang released his hand that grabbed his wrist, but did not withdraw from the back, but took a hand on him.

The action just happened, the latter two can't see, and this slap is seen. In the eyes of Yue Zhennan and Liu Zhilong, it is the gentle slap of Shen Lang, like a smashing ball, which buckles the Ahu 狼 on the table!

This is not a big private room, but the dining table is not small. Ahu's body is very powerful. This cockroach goes up and directly smashes the glass turntable on the top of the dish, and then the thick tabletop is also opened. Let's get stuck in it!

Ahu knows that he can't avoid it, and prepares to slide and jump to the side. The back of gravity is a shot that makes him caught off guard.

And if the table is collapsed directly, he can get up right away. Now it is stuck in the cracked hollow by glass and wood. It can't get up quickly, and the situation is very embarrassing!

Liu Zhilong looked at him. Yuezhen Nanben was sitting in the old god. He was suddenly smashed at the table. He was afraid of being splashed on the face by the glass. The instinctive hand reached out in front of him and then got up and stepped back.

Ahu snorted and slammed his hands to the side, and the table was collapsed, and he jumped up.

He first looked at Yue Zhennan at first sight. He saw that he was not injured, but he was relieved a little, but at this moment, Yue Zhennan's face was not good, so he was also a tight heart.

“Looking for death!”

When Ahu fell, he stepped on the collapsed dining table, and he borrowed it. The legs quickly flew and kicked. Under the light in the private room, a leg shadow was formed!

Seeing Ahu's real anger, Liu Zhilong only felt that his palm was sweating. This is not something he can stop. The body has unconsciously stepped back a few steps to avoid being trapped.

Yue Zhennan calmed his face and stared at them both.

Although he and Ahu, both seriously underestimated the Shenlang, but just now, it is no longer a light enemy can explain. It is very powerful to be able to break Ahu into this way!

After Shen Lang took the people out, he stood still and did not move, waiting for the Ahu to come back.

At this moment, facing a piece of leg shadow that came over, he just stepped back halfway, then punched like a cannon, and rushed out at the same time!

Yue Zhennan and Liu Zhilong retired to the side, faintly heard the “squeaky” sound, then the leg shadow dissipated, and at the same time saw Ahu's body shape quickly retreat... No, not back, it was awkward to fly out !

A sigh of screaming, Ahu's strong body slammed into the wall. Listen to this sound, if it is a screen or a wooden partition, it will collapse.

"Unspeakable!" Shen Lang clap his hands and said faintly.

The speed is fast and the relationship between the lights is a leg shadow. But in fact, Ahu has a goal on both legs, one of which kicks the front face of Shen Lang! The other foot kicked from the side to his head.

This is because he found that the strength of Shen Lang is strong, and because he just lost his face, and let Yue Zhennan not be fast, the following is the hand!

If the target is replaced by other people, such as Liu Zhilong, these two feet, even if they are not killed, will be severely concussed and fainted.

After discovering this, Shen Lang did not show any mercy. He used the "Da Shou Mi Long Xiang Shen Gong", punched it on the sole of the foot, and another punch was on the knee on the side!

The sound of the slap is that the knees are broken!

And when people fly out, it is the punch of the front sole!

Ahu's anger is out, Shen Lang also admits that he is really weak, resisting the power of the front, and then killing people, in fact, let his fists tremble.

However, at this time, Shen Lang certainly will not go to the back of his fist, but calmly pretend to force.

Unbearable!

A tiger hitting the wall, one knee was broken, and one foot was sore. Even if the wall was supported, it could not stand up. When I heard this, a direct blood spurted out!

He is a master, and he was beaten once by a high school student with only brute force! Actually, the face was lost, and when I heard the “unanswerable”, I couldn’t help but vomit blood.

But this falls in the eyes of Liu Zhilong and Yue Zhennan, that is, he was beaten and vomited by Shen Lang!

When people are beaten out, they can’t stand up, they still vomit blood on the spot... Do you still need to ask the results?

Liu Zhilong was stunned by the whole person. It turned out that Shen Lang only played with him that day, or else he could be scrapped!

Is this still a natural brute force?

Make me funny!

Is this a hidden master who plays pigs and eats tigers?

Then he quickly reacted did not dare to look at the face of Yue Zhennan, and quickly rushed to help Ahu. He is now under great pressure. In the end, this is because he introduced, Yue Zhennan will definitely blame him.

“What the \*\*\*\* are you?” Yue Zhennan stared at Shen Lang.

The previous look, even if he sat, is also a condescending review, and now the eyes are cautious about the unknown.

Shen Lang slightly white eyes: “You have come specifically, will you know who I am?”

Yuezhen Nan immediately shakes his head: “Impossible! You will definitely not be born with great strength. Ahu is a three-stage superb warrior! You can easily defeat him with a stroke, at least five super-armed warriors!”

He said very positively, Shen Lang is a slap in the face: “What is a superb warrior?”

Yue Zhennan was staring at him and saw that the reaction on his face was real. He seemed to know nothing about it and could not help but swear.

Is this kid really just a natural power?

“Extraordinary warrior...is a warrior who surpasses the general level. Martial arts champions, boxing champions and the like are considered super-martials, and three paragraphs...”

His eyes looked at Liu Zhilong and looked at Ahu, who was sitting on the ground.

“Equivalent to the level of professional heavyweight champion. You can easily defeat Ahu, you are not simple, at least comparable to the five-level!”

Shen Lang came to the interest. He used the energy absorbed by jade for hundreds of years to cultivate the “Da Shou Mi Long Xiang Shen Gong” to a certain level, but he can only know for himself. Now he can compare with the outside world to understand the current strength. Level.

“The highest nine paragraphs? What level is that? I have five paragraphs, and it is estimated that the nine paragraphs will be like that.”
