

First Strong 201

Chapter 201 - head shot!

For the problem that Xie Tongwen is worried about, Chu Yunfei also showed a smile.

“This forest is very huge, we can’t finish it. In addition to the six of us, there are still twelve. The time is limited, and we may not have finished eating. So, let’s leave the alliance and say nothing, from the perspective of interests, with you. Cooperation is the best choice for us.”

Xie Tongwen patted the palm of his hand: “It sounds a bit reasonable, and I hope that Chu Gongzi can really agree on the appointment.”

“Do not worry! We are allies.” Chu Yunfei shook hands with him and expressed his gratitude again.

“Since it will kill, do something else, isn’t it?” Xie Tongwen suddenly asked a strange question.

Chu Yunfei was already ready to turn to Shen Lang. Hearing this, he looked at him slightly strangely. “what you mean?”

“Listen to what you mean, just want to take their harvest, and to destroy people for confidentiality, there is no other idea.” Xie Tongwen paved a bit, and then said his attempt.

“The two beautiful women in the Tianshan Ice Palace, it’s a shame to kill them directly. I want to play and kill!”

When I heard Xie Tongwen, Chu Yunfei and others all laughed directly.

“It turns out that you are talking about this! The time here is limited. My buddy insists on a long time, so I won’t do it.”

“Do you have any beautiful women you can’t play? In such a forest, you can also be interested,”

Chu Yunfei and another Chu family have made jokes. Xie Tongwen reveals a smirk: "It's not the same, other beautiful women, I want to play and play. But the powerful and young and beautiful women. The monk is not so easy to find. It is also the pulse of the ice palace!"

"It's a bit reasonable. When you say this, I have a little bit of movement." Chu Yunfei has a fascinating look, but the corner of his eye is flashing a trace of disdain.

In the place where the death forest can only go once in a lifetime, I still want to play with a woman. Xie Tongwen's evaluation in his heart has been greatly reduced.

"Don't say that I am not enough friends, one person! If you are interested in playing, you can exchange it again. My physical fitness is enough to play for a few rounds. But when I come first, I have to pick it first." Xie Tongwen said with a smile. Planning.

Although both are beautiful, one of them is even better. He has to choose first, and choose the more beautiful one.

"Is that kind of person? You are so friends, how can I be so loved? You can play both!"

Chu Yunfei originally echoed his interest, and at the moment it gave a smooth ride.

Another person in Chu family was originally a little bit motivated. Hearing that he said this, he could only hold back and stop talking, but his eyes turned, maybe he could open another with Xie Tongwen...

Young and beautiful female monks who are not as strong as theirs, they have never been to it!

"Okay! Then I will say so. When I take control of them, I will give me two hours."

"Two hours? Hey, it's not that I look down on you, I can't do it! Don't get it until twenty minutes." Chu Yunfei smiled and joked with him.

Xie Tongwen smiled proudly: "This time you can watch the scene, I don't mind. From the mouth to the chrysanthemum, I have to pass all three holes, twenty minutes is enough. Hey, anyway, you want to destroy The set is free from the troubles..."

“Haha, Xie Gongzi, if you are strong enough, you can kill them directly to death!” Chu family gave another one.

“This is good! I can challenge this.” Xie Tongwen was excited.

“Do business right!” Xie Yunlin saw that he was a little bit smug, and even people have not seen where, just here YY, quickly reminded.

Chu Yunfei also wants to do business right now. The time is precious, and it takes a few more minutes to waste something. Moreover, the sinking waves are not removed, just as the mans are in the back, they are not at ease.

“Tongwen brother, I am not confident in the worry-free Xie family, but ... help people help the end, you helped me take his life!” Chu Yunfei hesitated, and then said to Xie Tongwen.

Xie Tongwen frowned. “This is boring. He killed your people and publicly declared your father, letting you not come to Taiwan, considering the signs of the Chu family and the old man, and you can’t go black. So contact us to do this. The bureau just happened to slap him in this dead forest. According to the agreement, we brought people here, you do it yourself!”

Xie Yunlin also glanced at them: “Revenge and others? Do you dare?”

“Who said no?” are young geniuses who are young and eager to hear.

The Chu family did not wait for Chu Yunfei’s instructions, and stepped toward Shen Lang’s side, while the vitality was running, and the power was condensed in the palm of his hand.

“Fei Ge, do you want to smash his limbs like he did to the Chu River!” He asked for the meaning of Chu Yunfei before he wanted to shoot.

Xie Yunlin’s words, so that Chu Yunfei is not good to say anything, watching the cousin is ready, immediately said: “Don’t add more snakes! Directly bring him results!”

Chu Yuncheng was beaten and Chu Yuntian was beaten. That is not the case. After all, they are returning to the late Yuan Dynasty, but the Chu River of the peak is also abused, which makes him attach great importance.

Although he is a child of the shackles, he does not see the Chu River. He feels that he is taking the righteousness of his grandfather. However, the Chu family has a lot of things to do, and in terms of experience, he also has to admit that the Chu River is much stronger than many people at the same level.

Therefore, he would like to let Xie Tongwen take the shot, and now his cousin shot, do not spend so much, directly slaughter!

“Good! I will blast his big head first, then break his little head!”

The sneer laughed directly to the top of the head of Shen Lang with a cohesive force!

His palm is enough to smash the stone. It is almost foreseeable. In the next second, the head of Shenlang will burst like a watermelon, and the blood and brain will splash! It is a pity that such a picture can only be seen by a few of them and cannot be publicly spread.

“Be careful!”

Chu Yunfei did not look at his cousin. Although he was already paralyzed, he was still worried, and he kept his eyes on Shen Lang. The whole person was still on alert.

When he was photographed in the palm of his hand, he vaguely felt that the waves seemed to move!

The voice shouted, his cousin just heard, and saw that a fist has arrived!

The Shenlang, who was lying on the boulder, was actually sliding backwards and then sitting up straight. He punched him faster than he punched him.

At the same time, Xie Tongwen and others also heard the warning, and they were immediately guarded. Then they saw the scene of the burst – a punch of Shen Lang, directly blasted the head of the Chu family, and the bones of blood splattered directly to them!
