

## First Strong 206

### Chapter 206 - Cut off 4 limbs

A few minutes later, Xie Tongwen, who had returned from the circle, hid behind a large stone on the edge of the ridge, keeping a distance from where he had previously played.

After the lurking, he paid attention to the situation there. Xie Yunlin broke his feet, but the man was still not dead. Shen Lang chased Chu Yunfei back, and he should still make up a knife. There is also a Chu family who was thrown out by the earthquake and did not know life and death.

Now he looks at it like this, with his cousin as a bait. If Shen Lang comes out and kills Xie Yunlin, he can hide it here with peace of mind. Not yet, it means that the pursuit of Chu Yunfei is not over yet.

The forest is very quiet, and you can clearly hear the painful appetite of Xie Yunlin. He can imagine that Xie Yunlin did not faint in the past with great perseverance. At this moment, he is probably trying to bandage his own blood. Before Shen Lang kills, he can see if he can complete his self-help.

Although this scene is very miserable, Xie Tongwen did not waver. Broken legs are nothing in the city. Thanks to the ability of Xie, you can live very well, and there are many places to play. But in this forest, it is a waste person!

If he wants to save Xun Yun, it is equivalent to carrying a huge burden, even if Shen Lang does not pursue him, it is completely difficult to have other gains.

He was able to accept the greatest assistance. He waited for Shen Lang to pursue the direction he had just fled. He took Xie Yunlin back to the vicinity of the transmission array and let him live there for three days. In this case, it will waste more than an hour.

After squatting for a while, Xie Tongwen felt a haze in his heart, as if someone had been watching him behind.

This feeling is very bad, so that he is very tight. If someone is really watching behind, who else?

He just saw it in the direction of the boulder on the side of Xie Yunlin. He used the strange stone to cover it and looked at it. This is a good thing to avoid finding in front, but if there are enemies in the back, it is not very good.

Xie Tongwen took a deep breath and let himself slowly reverse his head.

He was secretly praying in his heart, hoping that he only thought about it himself. In fact, no one is behind him...

As a result, he just turned around and saw the flash of light!

Then he felt that the lower body seemed to have lost support and the body was slipping...

It has already been seen clearly that it is the sneak peeks that are quietly standing behind him. When he turns back to confirm, it is a sword that slams into his legs!

Thanks to the support of Xie Tongwen, the body is ready to vacate!

Shen Lang has already been chased, and relying on him alone is not an opponent. If you can pass Xie Yunlin there, everyone will have a photo. The distance is not too far, after vacating the ground, and then holding back and forth with a few hands, you can still pass.

However, his body was just vacated by two feet, and he was shackled by a force. He could not rise and did not land.

Shen Lang held the sword with one hand and controlled his body with one hand.

The sword was not very sharp. Under the shots of Shen Lang, there was no trace of muddy water. It was even the muscles with bones completely cut off. Now that his body is vacant, it is to pull the break open, and the blood is really flowing down!

“Rare! The sinking brothers are forgiving! Master Shen, Master Shen is forgiving!”

Originally, one of them was easy to break the five of them. Now he is the only one who has been cut off from his legs. In fact, even with Xie Yunlin, there is a snuggle and there is no way to survive.

Therefore, when the body is banned, and the blood is quickly lost, Xie Tongwen decisively asks for mercy!

“Raining?”

Shen Lang’s cold smile, a long sword in his hand, Xie Tongwen immediately felt a sword hit, but it was just correct to cut off a finger!

Killing is not the only thing, Shen Lang wants a finger or a finger, either to torture him, or there is room for talking about conditions!

Thinking of this, Xie Tongwen endured the pain of the upper and lower, and quickly stabilized his life before the blood drained.

“Master Shen, this is really a misunderstanding. It is the Chu family! The Chu family wants to train Chu Yunfei to them, what is the squid effect, the way to raise the wolf, know that Xie You is at the scene and can talk to you, let Our family took you over. The cost of your quota, they will give back to our home privately, and will give a generous reward.”

Being fixed in the air, Xie Tongwen is very difficult to speak, but he still insists on accelerating as much as possible.

“We are children, do not understand anything, behind the scenes is the Chu family, Chu Mofeng is the big devil! I believe you also heard, Chu Yunfei want me to kill you, I am willing to do it! The egg wants to kill you, I am under pressure, I really can’t help...”

“Your worry-free?” Shen Lang sneered.

“That, that is the uncle’s work, that is, he and the Chu family are united, we are all used by him! Really, if you don’t believe it, after three days, we will look for him face to face!”

Shen Langjian waved and landed another finger.

“What are the two female disciples of the Tianshan Ice Palace? What did you say?”

Xie Tongwen is excited, the key is here!

He immediately remembered. Before he came in the morning, when he introduced it to Shen Lang, Shen Lang had been staring at the two little beautiful women. The original fire was this!

“Master Shen, you misunderstood! For the two of the Tianshan Ice Palace, my heart is a fairy. I dare to have any disrespect! Before I said this, it was to numb the cloud, the real reason is I want to save them.”

“Ha ha!”

“Really! I am very self-aware, to their level, where is my job, do it for you! I probably know where they are going, you let me go, I offer a map, and I will lead the way.” Look for them.”

Shen Lang wanted to see if he would regret it. I didn’t expect that this imaginary thought was to please him and give him the meaning of him...

He didn’t ask any more, and with a wave of his hand, this sword passed and directly cut off an arm of Xie Tongwen!

“Ah-!” Xie Tongwen couldn’t help it After screaming, he yelled: “Shen Lang! You guys play Laozi!”

If he just cuts off two fingers, he can still bear it, but now that one arm has no legs, it is gone, and it has been almost exhausted.

“You discovered?” Shen Lang’s hand raised.

Xie Tongwen was desperate, and to see this, he was going to cut off his limbs!

“Give me a life, I tell you the map and all the hidden secrets...” He suddenly lost his anger, and some just calmed down. Although it has been almost ruined, in the face of real death, I still want to live.

“No need!” Shen Lang once again swung the sword, and another arm was cut off!

Xie Tongwen’s legs were cut off, and the lower body blood was quickly dried out. He had just broken his arms and continued to bleed. He immediately became very weak.

“Shen Lang! We trade with you!” This voice was sent by Xie Yunlin in the distance.
