

First Strong 21

Chapter 21 - Small people's mind

These guests with head and face are all fine, and Yao Shuji will not take the children with them. Since they are students in school uniforms, they should be related to education. People who are irrelevant naturally don't care too much.

However, after Shen Lang's words were considered by them to be ignorant, they all paid attention to it!

Even in this kind of occasion, there is no scruples, indicating that you are used to it! Being so capricious, it is no longer a general son, maybe it is the son of Yao Shuji!

Of course, they must remember his appearance so as not to accidentally misunderstand on the street.

Then they felt that they were verified. After the students finished, not only Yao Shuji and his whispers, but even Yue Gongzi was a good invitation.

Do you still need to wait until the introduction?

This is not what they persuaded, they laughed with interest.

I do not know that Yao Houpu and Yue Zhennan are more attached to each other's attitude!

Shen Lang is a good friend of Yue Zhennan, and that is not just a benefactor who owes a life-saving person.

Shen Lang can make Yao Houpu so important, it must be extraordinary!

In the face of the good words of both of them, Shen Lang shook his head, no more nonsense, and did not pay attention to the guests who did not know, directly turned and left.

The two of them squinted a little and then followed.

However, seeing that Shen Lang has made great strides, they are not good enough to chase them out, and they will not stay behind.

“I let the driver give it.”

Yao Houpu immediately slammed the driver with a few words, let Xiao Liu quickly catch up with Shen Lang back to school.

These were at the door of the private room, and they did not evade the guests inside, so that they all exchanged their eyes with ulterior motives.

For other guests, neither of them need to explain anything. But between each other, it was a bit bad to ask.

Yue Zhennan is a self-proclaimed Yingming. He was just with Shen Lang. If you want to inquire about Yao Houpu, would you not let Yao Houpu look down?

Yao Houpu is even more inconvenient to inquire about the friends of Yuezhen Nan Erzi. As for the intersection of him and Shen Lang, people do not ask, he can not take the initiative to say.

So down, both people have a tacit understanding, as usual, enter the private room, and then together with everyone, avoiding the problem of Shen Lang.

The drivers of the leadership, of course, are good at observing the words. Xiao Liu does not dare to guess the relationship between Shen Lang and Yue Zhennan. The life-saving grace and the attitude of Yao Shuji keep him in a modest manner.

After catching up with the surging waves, he took him on the bus with enthusiasm, and he had to send him back to school.

It's already dark outside, and Shen Lang hasn't eaten yet!

He was too lazy to find a place for himself, and let the driver Xiao Liu pull him to find a small restaurant to eat.

Xiao Liu was very excited. Just Yao Shuji and Yue Zhennan did not ask for Shen Lang to eat, but now he gave him a chance!

This is the same as the previous swearing, thank you for helping the leaders share their concerns. He immediately agreed with enthusiasm, did not mention Yao Shuji, said that he repaid the promise of life, please Shen Lang to eat.

Xiao Liu was looking for a small restaurant. It was not a grade like Huayue Hotel. Shen Lang didn't have any politeness with him. He had a good meal.

During the period, he certainly didn't talk much, and Xiao Liu didn't need to cover the words, he revealed a lot of information, including their identity, it really is the county party committee!

A meal time, the self-cooked Xiao Liu, took the opportunity to exchange mobile phone numbers with Shen Lang, saying that if you need to use a car in an emergency, you can always find him.

This excuse, Shen Langzhen can not see?

However, he left his identity information before, and he was prepared to take advantage of it. Now that he knows the identity of Yao Houpu, of course, he will not raise anything, and he will not know what to do. Let Xiao Liu help the leader to "set" the number.

When I returned to the school gate, it was already more than eight o'clock in the evening.

Shen Lang also decided not to go to study this evening, and went back to the dormitory and went to class tomorrow.

When he got off the bus, he noticed that there were several familiar figures in front.

It was Dong Wenbin and Lin Yun Li Rong who went out to study in the evening. They saw Shen Lang coming down from a small car. It was also suspected that the eyes were wrong!

But soon Dong Wenbin reacted, this is a special car!

Anyway! Still using his money!

They kept a low-key for a week, and they did not find revenge for the waves. This is a narrow meeting!

However, there are security guards at the school gate. Of course, they dare not look for trouble. They just look cold, and Shen Lang is passing by.

Shen Lang certainly ignores them. Dong Wenbin no longer asks him for trouble, and he will not care about anything with him. He is thinking about big problems. Need to use money, it is impossible to blackmail Dong Wenbin, Dong Wenbin can not get the money he needs.

“Hey! Pretend!”

“The next time I kill him, I will kill him!”

After they came out, they all stopped and looked back at the back of Shen Lang’s going to the campus. Lin Yun and Li Rong spit on the water and shouted. This is what Dong Wenbin loves to listen to.

Dong Wenbin’s sneer: “Don’t he openly say that he wants to enter the top 20 in a week? He will announce the results of the test on Friday, and see where his face will be!”

“Yes! The results can’t be faked, and I can’t rely on it. I don’t believe that he can improve to the top 20!”

“You waste! Let you change his pen to no water. You can’t do this little thing!” Dong Wenbin said it was coming.

Every week, there is a test quiz. On Friday, Dong Wenbin asked Lin Yun to change the pen of Shen Lang into a lot of water. If you can write it for a while, you can’t write it Of course, it’s hard to live. Even if you can’t write any other spares, just ask someone to borrow a pen.

However, as long as there is a scene of “borrowing the pen” at the time of the test, afterwards, Shen Lang will copy other people in the name of borrowing a pen. The teacher will naturally doubt or even believe it!

“Bing brother, I really changed. I changed all of his pens. I don’t know how it would be like this.” Lin Yun yelled.

Li Rong hesitated a moment: “Lin Yunzhen changed, but then I seem to see the squad leader patrolling him, I don’t know if he changed his pen again.”

“Falling rain?” Dong Wenbin frowned, then chilled. “No matter what, he can’t get into the top twenty!”

Although he is a school tyrant, his performance is not a poor student, he is basically in the top 20, not the top, but also the upper middle level. This is one of the excuses that the teacher can tolerate him.

The first week of writing written by Shen Lang is to enter the top 20. Dong Wenbin later knew this and felt that he was deliberately targeting him!

“He is impossible, certainly not possible. Unless there is a miracle!”

“It doesn’t matter if there is a miracle, we will insist that he cheated!”

The two dog legs immediately greeted Dong Wenbin’s thoughts.

When these little people are thinking about the darkness of tomorrow, they are going back to the dormitory, and they are thinking about where to make a sum of money.

I just thought that Dong Wenbin couldn’t take it out. His father Dong Dawei certainly got it, but he couldn’t grab or extort Dong Dawei.

The fact that others have money does not mean that they are doing bad things, but they are also earning hard.

The son’s arrogance does not mean that the father must be a big bully, perhaps he is not taught or indulged him.

But there is another person, but it is the goal of Zhengda Bright!
