

## First Strong 213

Chapter 213 - Recalling the past

They first received such a wind, and the rain still believes and cares about his safety, which makes Shen Lang very happy.

Before the Yue family, let him experience a disappointment of the people, not to mention the Xie family and Chu family conspiring to harm. Falling rain can still be so, it is worthy of classmate friendship.

“The specifics will not be said, but I admit that I will not be dangerous.” When he said this, Shen Lang nodded to the rain.

The voice can see that the younger sister is worried about his safety and is inclined to form an alliance with the three people. So she hurriedly screamed at Shen Lang and decided to make a decision directly.

“Okay! Then it’s so decided! We are very grateful for the derogatory meaning of Shen brother, and even we can say that our ice palace owes you a favor!”

Her words put the individual in front, explaining the human condition of the teacher, she still can’t do the Lord.

Shen Lang smiled faintly: “I don’t need to owe me any human feelings. I will help you, not to show your benefits, nor to think about the human condition of the Ice Palace. It just helps the rain.”

Seeing that he promised, the voice was in a good mood and a thumbs up.

“Atmosphere! But... isn’t this the heart of the picture?”

Shen Lang is trying to say that it is only the friendship of his classmates. His classmates are considered to be another world. Even if everyone will meet again, it will be a completely different truth. It is the only one to repair the truth.

Falling rain is the first thing to open: “No need to map anything, the sister is not paying attention to it, I just said something implicit. In fact, he is my boyfriend, I have been to his home, his parents are very good to me. “”

“...” Shen Lang held back his words and couldn’t help but look at her.

Before, he let her pretend to be a girlfriend, for the factory to confess a seemingly reasonable source, and she was open to him with him.

At that time, he analyzed that it should be a rainy family. Some people supervised her at school. She intentionally conveyed this message to her family.

Later, she left without saying goodbye and could not be contacted. I didn’t think much about it. I didn’t expect her to say that she was a boyfriend to her sister.

The voice was horrified, but I immediately laughed.

“Before you say! I don’t want to be a light bulb here. Then you talk privately, I am going out to wait for you.”

She said that she was squinting and then left the cave immediately.

There are two of them left, Shen Lang and Luo Yu are both a bit unnatural, mainly because she just said the sentence.

“are you OK?”

“are you OK?”

After a moment of silence, the two men said the same greeting in unison, and then they all laughed.

“What good or bad do I have? I will ask you, because when I left, I heard that you were trapped in the tomb of the King of the King. It will take sixty years to open.” The rain is as light as it is.

“I did because you didn’t say goodbye, worry about what happened to you. You heard this news, oh...”

“How?” The sigh of Shen Lang asked the rain to ask.

“A little bit sad! You are not only a self-cultivator, but also a disciple of the Tianshan Ice Palace who looks very powerful. The family of the martial art in Pingxi is not enough for you. I know that I have an accident, but I have not come to save me. People, this girlfriend is.”

Seeing him is just a joke. After the rain, he said it along the way: “Is it not open in sixty years? Even if you are still alive after 60 years, I can’t wait for you to go to the old age!”

“That is also true, but when I have an accident, you will leave. It shows that because of my relationship, will you appear in Licao Middle School?” Shen Lang is joking, but it is a temptation.

Rain did not explain why she was studying there, but instead said a question: “Sometimes I think that you are like a person...”

“You said it before.” Shen Lang shrugged.

“Trying, you have been perfunctory. But even if you are exposed to the comprehension and worship a powerful master, this progress is too fast?”

Falling into the rain, I feel that I can’t see the strength of Shen Lang. When I was in school, she still can understand. The speed of this progress is incredible!

“There is always some genius in this world. You don’t want to be jealous!” Shen Lang exaggerated his hair: “Oh, your sister will wait impatiently. Be careful!”

The front is funny, and the last sentence is sincere.

Falling rain whispered: “You too. You are strong and not arrogant, don’t... let me wait until seventy and eighty.”

“...” Shen Lang could not help but feel a move.

In the last sentence, what does this mean? Did she just say that he is a boyfriend, in addition to the family or division, what suitors need to shield, is it really a little meaning to him?

“They are coming!”

Even if it is a private story with the rain, Shen Lang still uses the knowledge of God to inspect everything around him, and also see if the voice teacher will eavesdrop at the hole.

The result was that she found her going to the water pool to wash her face, maybe thinking that he was taking a bath inside, and it was a bit tangled. But in the end, I thought about drinking it. In this forest, I don’t need to pay attention to it.

Just now, a few people rushed over and entered the scope of his knowledge.

Falling rain is so smart. If you listen to this, of course you don’t need to ask who is coming, and you are ready.

“I am going to find a sister!”

Shen Lang did not say that she would stay here. At this time, only he personally followed her, to be assured, and to help her kill all the enemies.

Several people in Haitian Town are fast-moving. When they came out of the cave and found the water pool, they also rushed to the scene.

“Oh, I didn’t expect it. I didn’t think that the two ice-clear jade cherries in the ice palace were mixed with a wild man of unknown origin.”

“Yeah~[www.mtlnovel.com](http://www.mtlnovel.com)~ If we didn’t arrive in time, we didn’t know what would happen.”

“It is always very constrained by the division. It is understandable to come to this dead forest and want to indulge.”

“I want to say, the eyes of the two fairies are problematic. I really want to find a man, and I don’t want to hungry. Some brothers in Haitian Town, whether they are looks or characters, whether they are at home or in strength, are first class. One.”

After the four of them arrived, they stopped to rest, and their mouths were not dry and damaged.

I was able to catch up with it, but they were excited, but when I saw a deep wave, it was naturally uncomfortable. I feel that there is nothing wrong with it. If you can do it with Shen Lang, let them do it!

“Let your mother’s stinky dog! Do you think that men in the world are as shameless as you are?”  
The voice screamed directly.

For a few years, Shen Lang’s classmates were used to falling rain and not eating the fireworks of the world. Now I know that she is a disciple of the Tianshan Ice Palace. The image and identity of the past are directly on the top. Naturally, she felt that the voice of her door was the same, and she did not expect it to be so hot.
