

First Strong 216

Chapter 216 - Ling mine secret

The Tama School thought that the two men would run separately, at least 50% of the chance to run away. When they heard that Shen Lang seemed to be chasing Miao Yong, he was relieved.

I didn't expect that I hadn't spit in one breath, and I was shot by the palm of my back.

Throwing on the ground, I want to struggle, and I have already stepped on the back from the back with one foot, and it seems to be pressing a mountain!

"Rain! I am willing to exchange secrets!"

"Are you a secret of a flatterer?" Shen Lang was a bit disdainful.

He was not heard of the martial art, but they only had one person this time, which is weaker than other sects. And he explained the situation to several faces of Haitian Town.

"No, no! We have no big secrets in the horse race, but Haitian Town has it! I am familiar with them and have already heard the secret."

It is almost certain that the horses will be determined. After Situ Yang, Miao Yong must have been hung up. Then the secret of Haitian Town was sold out, and no one asked him to retaliate.

"You can say anything, anyway, there is no evidence of death, right?"

At the foot of Shen Lang, he increased his strength and let his body begin to squeeze into the dirt.

"Please let me go! I really have a secret. Although I am flattering, and I don't want to please others in dignity, I also let me know a lot of secrets. The goal of Xie's family this time is said to be a thousand-year-old Yangshen. The Tianshan Ice Palace is Xuelingguo. In Haitian Town, it is known that there is a spiritual mine!"

Xue Lingguo was just said by Hai Rui. He knew that it was nothing. However, the secret of Xie Jia's first-generation Yangshen was the secret that Xie Yunlin finally used to save his life. He even knew it. It seems that I really heard something.

Seeing that Shen Lang did not speak, his feet were also loose. The horse-taught knew that he had already gambled, and Shen Lang should be heart-warming.

"I don't just know the mine, but it's nearby, I can take you to verify it right away! If you think I'm lying, wait until it's verified and let me go."

"Nearby?" Shen Lang felt a move.

"Yes! It's nearby," he said a little helplessly. "Tianshan Ice Palace thinks that Hairui is chasing them, but in fact they are just on their way. It is best to catch up with the information that asks Xueling. Can't catch up, we also want to come over here."

"Haitian Town is so easy to tell you the secret?" Shen Lang sneered, can the flattering effect have such a big effect? Who are you cheating!

"Because I have been relying on them since the beginning, as long as I can finally give me some benefits, I will listen to them all. Of course..." He smiled a bit: "I guess Hairui, they are also using me first." Mind, before I go back, I will definitely find a chance to kill me."

This is a bit plausible. There are three people in Haitian Town. There are also three people in Xie Family and Xuan Lingzong. There are four people in Chu Family. They do not have an advantage.

Among the eighteen people, only the stepping horse is a person, and the weakest is the easiest to be drawn. To survive, you must rely on the strong. And with his words, the only person who can compare with Haitian Town is the Chu family.

Such a scale of strength, not to mention the robbing of other people's home, at least in terms of self-protection, is completely no problem, even if the Chu family, want to do it with them, it will be a situation of both losses.

Yesterday, I saw Chu Yunfei who had placed the order, and I heard that Shen Lang's conspiracy had ruined the Chu family, and it also harmed the owner's Xie family. The situation changed again

and became the strongest team. In addition to Xuan Lingzong, there was still a fight, and other teams casually suppressed them.

This is also the reason why I will start with the Tianshan Ice Palace!

“You should be able to guess, I put down my dignity, just to let them relax their vigilance, let me think that it is a timid fear of death, and finally have a chance to escape.”

Shen Lang let go of his feet and let him get up.

This time, the horse was really relieved, and then quickly got up and bowed to Shen Lang: “Thank you for your life! I am Ma Yansong, this will take you to the Ling Mine discovered in Haitian Town!”

Shen Lang will not believe him all, but there is nothing left to do, and he is ready to follow him. Now he also needs resources!

Before the arrival of several non-Haitian towns, before he fell out of the rain, he gave his backpack to the rain, filled with water and food, to ensure that both of them can basically survive.

I didn't know at the time that she said that her boyfriend's relationship, or because of the old-fashioned factors, Shen Langshun put the medium Lingshi into the bag.

I used to give her a Lingshi, but she didn't refuse it, but this time it was a rare stone. She was afraid that she refused, and there was no time to say more, so Shen Lang did not mention it.

It will be so generous, of course, not only because the other is a beautiful old classmate, but also because it is a bit of a disguise for male and female friends, but because he is not so urgently needed now.

The Lingquan accumulated for hundreds of years, coupled with the unexpected first yang ginseng, has far more effect than a medium Lingshi. He also successfully broke through the third weight of “Yin and Yang Bo Ruozhen”, and the effect on him is not So big.

Now that you have time, you can find new resources, and of course you will not be polite.

After Ma Yansong looked back, he saw Situ Yang, who was pierced, and saw Miao Yong, whose head and body were separated, which made him secretly shocked.

If it is an ordinary person, he can do the same, but Situ Yang Miaoyong, including the former Hairui, can be the realm of the peak of the Yuan Dynasty! Everyone coming to the death forest is also an experience. Maybe you can get a chance, and you can break through the virtual environment after you go out.

But for the three strong players, three people who have to give up their dignity and arrogance, they will be smashed by the waves!

He was very fortunate that he had told the secret early or else it was estimated that it had been stepped into the mud.

He maintains a respectful attitude and is more respectful than the three people in Haitian Town before, and pats the waves of the waves from time to time.

Shen Lang cleaned the blood in his hand in the water pool. Ma Yansong took the initiative to search the three people in Haitian Town and concentrated on a package to Shen Lang.

Ma Yansong only knows that it is nearby, but the concept of the nearby range is actually not small. After the detailed description, Shen Lang took him with him.

Haitian Town plans to have a spiritual mine, which is the temple that Xie said!

And this temple is the place where Shen Lang had come before.

Shen Lang is very clear that there is no spiritual mine in the temple. This is not Ma Yansong who deceived him, but several people in Haitian Town who deceived Ma Yansong and deceived him so real that he thought it was true.

However, he did not deny it, because he was also prepared to come here.

This temple is not a temple!
