

First Strong 22

Chapter 22 - More than Laozi

Let Shen Lang be listed as the bright goal of Zhengda, naturally Yuezhennan.

Yue Zhennan is playing his idea, and he is now also playing the idea of Yue Zhennan.

Yue Zhennan is a person who has taken a fancy to him. He can recruit him to become a Yue family beater. Shen Lang is interested in his money. In his capacity as a family, he should be able to get a lot of money.

When Shen Lang returned to the dormitory, there was a strange number calling.

It's time for him to separate from Xiao Liu, enough for him to pass the phone number to Yao Shuji.

However, Shen Lang's goal is not him, so he does not want to pick up his phone.

Yao Houpu is an official. He can't get much money. The advantage is also to see other suitable opportunities. What is most needed now is enough money to buy more herbs to improve their strength.

But after considering it for a while, I still answered the call.

Yue Zhennan didn't know his phone call. He looked at his proud attitude and he was not willing to ask Yao Houpu. If he did not, he would be delayed.

Shen Lang thought about what excuses to ask, so that Yao Houpu could not hesitate to tell Yuezhennan.

After listening to the voice of the speech, I found out that it was actually called Yue Zhennan!

"It's me, Yue Zhennan. I heard your number from Liu Zhilong. I didn't eat together today. It is a pity, I..."

Shen Lang was amazed. I was still thinking about how to let Yue Zhennan know naturally. I didn't expect to know it first.

It is not surprising that Liu Zhilong will have his number. He will know from the classmates in their class that he will return to Yue Zhennan, not to mention.

"You said that Yue Gongzi said, let me feel so embarrassed."

Shen Lang is playing his idea, but since the other party first finds it, he certainly has the confidence to take the gesture.

Yue Zhennan on the other side of the phone secretly smiled. He usually called, which one is not enthusiastic? However, he is such a middle school student, even a pair of love to ignore.

"Don't say that, what Yue Gongzi is joking. I am a few years older than you. If you don't mind, you can call me a South brother, Yue Ge..."

"..." Shen Lang did not pick up this, he minds!

From the cold field, I felt the attitude of Shen Lang, so that Yue Zhennan was speechless. Usually he was so active and active, others were flattered, even including Yao Houpu.

Shen Lang, this guy is too ignorant!

Well, people who have the ability to be proud and arrogant... he can only comfort himself.

"I understand what you mean, too many people are not convenient to talk. How about one more we will be tomorrow? I will talk to you about the extraordinary warriors."

Yue Zhennan also saw the hesitation before Shen Lang, which was directed at the information of the super-wu people, so he directly threw out this "bait."

"..."

Shen Lang's intentional silence for a while seems to be hesitant to consider. But he did not test the patience of Yue Zhennan too much, "Okay!"

In the identity of Yue Zhennan, he usually sends out invitations, others will be happy to accept, and even many are flattered, which makes him accustomed to, and will not pay too much attention.

Now when the silence is silent, let him be a little bit of a slap in the face, as if he is talking to people who are more powerful than the Yue family.

This made him full of expectations. At this moment, he heard the promise of Shen Lang, just like taking a pass and immediately excited.

"Okay! If you don't mind, the address will be fixed. I will have a teahouse in a place not far from your school. I will see you at the teahouse after class at noon tomorrow, so that you will not delay your class."

Yue Zhennan has already done his homework through Liu Zhilong. He is afraid that the Hualang Yuegong Tower is not used to the occasion, so he changed the ordinary place of the nearest grade.

However, in his capacity, and then lowering his attitude, it is impossible to go to the roadside stalls and snack bar grades. Only the Huayue Hotel can be seen in the county town. The teahouse is at a minimum.

"it is good."

"That time..."

Yuezhen Nanzheng prepared a few words for the guest, did not expect Shen Lang to agree, and immediately hang up the phone!

By! More awkward than Lao Tzu!

If it was the beginning, Shen Lang's attitude was so embarrassing, he directly ignored it. However, the strength and growth that have been demonstrated so far have made him very tempted, so he is only vomiting and not angry, but he is looking forward to it.

Individuals with individuality are definitely more difficult to accept, but once they are accepted, they are not easily ridiculed.

He began to feel a little bit interesting, and then thought of the Ahu sent to the hospital, a little depressed.

The sinking wave at the moment is to take the piece of jade worn and wipe it off.

He can't sell himself to Yuezhennan or Yuejia, nor can he be extorting Yuesuo Yuenan. The goal of Zhengda Bright is to sell this jade to Yuezhennan!

This piece of jade has been with him for a long time, and it is quite aura, but after helping him block a few thunder, it is almost abolished.

Later, he left it, and left something for the reincarnation. The centuries-old essence of the sun and the moon, which has been absorbed for hundreds of years, has been completely absorbed by him.

For the current Shen Lang, this has not much value, it is an old thing, to the bottom of his previous life, nothing at all.

But now the situation is different. When it is necessary to fund, this piece of jade is nothing but aura energy, and it is still an antique.

After watching it for a while, Shen Lang sighed. If it was a past life, he would like to take out something that everyone would like to buy at a high price. But now that he does not have this added value, others may not have this vision, and they need to use today's "packaging."

With his current family history, even if it is ancestral, others will not pay attention to it, and do not believe what treasures will be. And active marketing, often resentful and low-profile, let Yue Zhennan take the initiative!

After thinking about it, Shen Lang held the jade in the palm of his hand and applied the “Yin and Yang Bo Ruozhen” to inject a vitality into the surface of the jade!

This is of course not as good as the one he absorbed from the jade, but now it is a glory, and it makes it shine. Even people who don’t understand the aura will feel attractive and comfortable when they are holding or getting close.

If you wear it to ordinary people, it will also improve your body. It is equivalent to his indirect perfusion. It can be maintained for half a year with the weak passive absorption of ordinary people.

Can you make a deal? It depends on whether Yue Zhennan knows whether there is any need for this aspect.

When everyone returned to the dormitory, he had already slept, and he was still lying down and practicing quietly.

“Shen Lang, are you coming back? I thought you wouldn’t appear tomorrow.”

“We will announce the test results on Friday tomorrow morning. You are not worried?”

“Ha ha! Worried about what people are doing, they are very hard working. If you don’t feel good, you are scaring you. You are admitted to the top 20, I think it is right!”

“Get it! Who doesn’t work hard? Most of us are working hard. Besides, the top 20 is not only better, but also harder than us. This is the talent.”

What everyone is chanting is the goal of Shen Lang’s first week. Obviously no one is optimistic, and he believes that he believes that he is deliberately looking at the excitement.

Shen Lang ignored them.
