

## First Strong 23

Chapter 23 - Publication of the results

Every time we announce the results of the quiz, everyone is in two mindsets, and they don't care on the surface, but they are full of expectations!

The most top-notch scores, naturally needless to say, it is compared with the top-level students, even racing with themselves, want to know if they have progress or regress.

A group with good grades and a middle-class one, under the calm surface, also hopes that they can advance a few, which means that the college entrance examination is more confident.

In the mid-stream level, floating a few people really don't care, and they don't expect to be in the forefront. But I also hope to keep it, don't be overtaken and go behind.

As for the poor batch, in fact, the expectation is even greater! Just because they are not sure, they hope to be miraculous. In case... the question is too difficult, maybe it is a good result by the multiple choice questions?

But today is different. Everyone has an entertaining mentality in addition to the usual mentality.

On last Monday, Shen Lang wrote his goal on the blackboard.

One week: the first twenty;

Two weeks: the top ten;

Three weeks, the top three;

Four weeks: first!

The first and the first three are almost idiotic dreams, and no one believes that he can achieve it. It is the top ten, and it is almost impossible.

But the top 20, there is still a little suspense.

The top 20 is the level of the middle and upper middle. The gap in this stage is not so big, and it may be able to surpass a ranking in a few points. What if you have to go for a dog?

From a rational point of view, with the results of the worst camp of Shen Lang, it is also difficult to break into the top 20, especially one week. But the college entrance examination has counted down, and everyone hopes that there will be a miracle.

There are miracles, even if they appear on others, it means that you can have a miracle!

And this slogan is shouted out by Shen Lang. If there is a miracle, everyone can be inspiring. If you can't do it, it's that Shen Lang's own shame, they will not be affected.

Therefore, this time the results announced that in addition to the most concerned about their achievements, the second is to care about the achievements of Shen Lang, strictly speaking, is concerned about the ranking of Shen Lang.

Dong Wenbin, a few people, is already ready. If Shen Lang does not reach the top 20, it would be fine to ridicule. In case the Shen Lang really went out of the dog, then slammed him for cheating!

The announcement of the grade is in the last lesson, the class teacher Wang's class. The scores of the test papers for several classes have been collected and summarized and scored.

When he finally announced the results of the quiz, everyone was waiting for it.

"The results of this simulation test, I still routinely read out the total scores and rankings, the head of the team will test the curls. Whether it is grades or rankings, it is secondary, as long as you improve than the last time, that is excellent....."

Teachers must take into account the emotions of everyone, not only publicly announce, give everyone incentives and understanding of their respective levels, but also encourage students who are advancing.

But this time, the teacher's words are not patient, just want to know the results earlier.

“The first classmates are still our classmates who fall into the rain, and the classmates challenge themselves, and the tens of thousands of gimmicks go further...”

Falling rain is the first, everyone has no suspense, and even the top ten in the class, there is no suspense, at most, only a few people have changed a little.

“The twelfth place is...”

“The fifteenth is...”

If you hear your own achievements, you can rest assured. Because the changes are small, they are basically satisfactory.

With the one person reading, the top 20 places are getting fewer and fewer, and everyone's entertainment is up. Many people are stealing the waves and want to see what state he is.

The sinking waves at the moment are very calm.

He is very confident about his strength and test scores, but he can't count the other people's play. The top 20 is really not necessarily true, but even if it does not reach the top 20, it will definitely improve.

“The 19th place is...”

When she was in the 19th place, Teacher Wang paused and then glanced at the class with a complicated look. When everyone's eyes are condensed, they will slowly come out.

“The 19th place is Shen Lang, and the students of Shen Lang have made great progress this time. It is... a miracle, his achievements in various subjects...”

After the name of “Shenlang” was said, the whole classroom was boiled. Even if the class teacher was read above, everyone did not mind what he said later.

Shen Lang! Shen Lang!

It's really a wave! Really entered the top 20!

do as promised! This is too cow, right?

Just when everyone thought that there could be no miracles, the miracle appeared, and it would be better in the top twenty!

Is this a miracle? Will this be...

The first reaction of everyone was to calm down the waves and actually complete the impossible goal. And the second reaction is such a big leap, plus such a precise ranking, is it really cheating?

Teacher Wang is actually the same mind. The efforts of Shen Lang are in his eyes. Although the talent is limited, sometimes Tiandao will pay for work, and the progress of five or six, even ten and eight are very normal. After all, the end of the ranking is not only a level problem, but also the mentality of the spot is not good, others have not played well, and his long play is normal.

But directly from the top ten, the affirmation of the 19th, and heard that he had shouted the slogan of entering the top 20 in a week, so accurate, it is too abnormal!

After listening to this ranking, Shen Lang nodded secretly. He himself is actually not so accurate. It is possible to have more than a dozen to twenty. It depends on others. Being in the 19th place is also a coincidence.

And when others were stunned after stunned, he also listened to his ears, but he was unmoved.

Teacher Wang was not affected by the following arguments, and continued to read the results, the 20th is Dong Wenbin!

Because others are talking about Shen Lang, few people have noticed it, but Dong Wenbin still feels ashamed and humiliated, and feels hot on his face!

Just one higher than him!

Squeezed him out!

The goal of Shen Lang really came to him, just to humiliate him!

At this moment, everyone is talking about Shen Lang, they are stealing the waves, completely ignoring him, so that Dong Wenbin can't sit still, and he is angry and angry. He can't take care of the younger brother, raise his hand directly, and then wait. The teacher named it up.

"Report! I reported that someone cheated on the last exam!"

When I heard Dong Wenbin's words, Lin Yun and Li Rong, who had not yet read the name, followed the scalp.

"Mr. Wang, I also saw it, Shen Lang, he cheated!"

"Shenlang is cheating!"

When their words were spoken, the whole class was boiled again. Everyone has doubts, and whispers with the same table, before and after the classmates, can be said out loudly, it is not a question, it is a testimony!
