### Chapter 244 - Saved parents

When Shen Lang suddenly saw this person, he was amazed and did not expect to appear here.

And her words shocked him!

“what did you say?”

“what did you say!”

Shen Lang and Chu Yunfei asked at the same time, Chu Yunfei shook his head hard.

“Impossible! Don’t want to lie to me! They are all dead, burned! It’s the kind that is cooked! Shen Lang, you know? If you don’t think they are too old, I really want to taste it. What is the taste of roasting! Why don’t you have a sister or something? It is delicious by the outside Jiaoli!”

Chu Yunfei is like a stimulant at this moment, and he is trying to make him feel a rush of revenge.

Anyway, it is impossible for him to revenge in his life. He can get the last pleasure through words. It is the only thing he can do now.

The person who came is Zheng Yumeng, but from her expression and tone, Shen Lang can feel it. This time she is not Zheng Yumeng, but desolate.

“It’s cooked, it’s already unrecognizable? Your people just identified them from their clothes?”

Chu Yunfei heard this and couldn’t help but see it.

Desolation came over and said that since it was a response to Chu Yunfei, it was also an explanation to Shen Lang.

“What about your brain? Since people are completely unrecognizable, why can clothes be recognized?” said the cool and cold.

There is a huge surprise in Shen Lang’s heart. If the sorrow is true, it means that his parents are not dead!

“Of course it is the body of someone else, that is to do to show you these idiots of the Chu family!

“Impossible... Impossible... Who are you?... Who is he? Who is it?” Chu Yunfei yelled and did not believe the result. I feel that this woman is deliberately stimulating him in the same way!

Shen Lang had wanted to torture Chu Yunfei in order to relieve him of the guilt of his parents.

Seeing the bleakness now, and knowing that the parents may not have died, there is no patience.

“Do you like barbecue?” He reached for a stroke, a bottle of oil flew over, and then all sprinkled on Chu Yunfei’s leg.

Immediately after his hands slammed, a flame appeared in the palm of his hand.

“Do you like to bake yourself into a few matures?”

The flame directly hit his legs, this is to let him not die immediately, let him experience being burned alive!

“Oh... don’t deceive yourself! Do you think that you can comfort him? Can’t lie to me, his parents are dead, burned! Hahaha...”

Chu Yunfei’s face became very embarrassing. He was hurt all the time. Now he is burned alive. It’s a taste... It’s just that he never thought about it in his life.

In the year and a half of this dead forest, Shen Lang, in addition to looking for spiritual stone and cultivation, can only get busy in order to let himself not remember the time. Put a lot of spells that you didn’t have time to practice before, as long as you can practice at the current stage, you can practice one by one.

In addition to the flame, it is also a small thing for freezing.

I just hit the blood of two people in Chuyun City and hit him. Now I look at him like this, directly condensing an ice needle, and then piercing it from his brain!

With a needle stuck into the forehead, improper control can be stabbed to death on the spot. The ice needles are different. After the puncture, the ice needles will melt and the ice water will be integrated into the head.

This is not to let him die immediately, but it is another uncomfortable!

Chu Yunfei, who has “watered into his mind”, iced into the brain at this time-->>, the fastest update of the latest chapter of the first strong!

Bag, grilled under fire. I realized the taste of the 18th floor of the ice fire, and then I was unable to stimulate the waves...

“What happened?” Shen Lang did not leave, he was going to watch, watching Chu Yunfei die a little bit.

After the sorrowful counterattack of Chu Yunfei, now is the smashing of Shen Lang.

“Master, your parents are really not dead, I have already taken them abroad.”

Then she told me about it.

Desolation and Shen Lang have a soul contract. Although she is now living in Zheng Yumeng’s body, the soul contract is still unchanged. If the host’s Shen Lang is dead, she will follow death!

So when Shen Lang entered the dead forest, she immediately felt abnormal.

This is not death, but it is disconnected.

She was a sword fairy during her lifetime and she is also very familiar with all aspects of the situation. I guess that Shen Lang may have gone to a place like a small world, because in another space, the connection was isolated.

After Zheng Yuqing heard about the news of Shen Lang, Zheng Yumeng was very upset. He also sent a message to Shen Lang's mobile phone, saying that he would work hard to cultivate, and when he was strong, he would seek Chu's revenge for him.

But Desolation knows that Shen Lang is not dead, only to be sure that people are still not coming back in another space.

Specifically, Zheng Yuqing is also unknown.

To this end, the desolation took over the consciousness of Zheng Yumeng, and in the name of hanging the waves, he came back.

She had rushed to Pingxi City to see if she could know more from Yuejia. Because she has a short time with Shen Lang, she only knows the Yue family.

I did not expect to find that the Yue family had been broken. At the beginning, Yue Baichuan, who had lived in her home, was already dead. Another Yue Bailun was also dead. The Yue family was attacked by many parties and was self-contained.

Yuezhen South can not be found, it is estimated that Yue Gang and so on can not know so much.

Therefore, she can only remember the enemy of Chu, and then wait for Shen Lang to come back.

Since she knew that her master was not dead, she came back to Pingxi and of course went to the grave of her parents.

The aftermath of the Shennan couple was that they had not been attacked and crushed before the Yuejia cuisine. The burial was still very good, including other people who died and injured.

At that time, Desolation was sitting in front of the grave for one night. She was preparing to replace the Shoulang vigil. Considering that it will be suspected by others, it can only be kept for one night, which is considered to be the filial piety of Shen Lang.

As a result, in the latter half of the night, a person appeared and asked what their relationship was.

Desolation thought it was the person who was kept by the Chu family. He directly arrested the person and prepared to kill the sacrifice grave!

As a result, the other party said that he was protecting the parents of Shenlang. There is no protection, it is very embarrassing, so I have been guarding the tomb here.

That person is Mo Qi.

Mo Qi said a lot of things about Shen Lang and Yue Zhennan, and he got a bleak trust before he let him go. Then she used the identity of Zheng Yumeng and said that she was a registered apprentice of Shen Lang. After hearing that she came back from overseas to pay homage.

As a result, Mo Qi told her a secret. Shennan Han Fengying and his wife did not die, but he was saved by him!

The reason why he pays attention to the grave is not to keep the tomb, but to wait for the return of the waves. He believes that Shen Lang is still alive, and as long as he is alive, he will definitely pay homage to his parents, and he will be able to tell this secret.

I did not expect it to be a bleak.

After confirming, he saw the Shennan couple with a bleak. I have been hiding in a house rented by Mo Qi. I usually don't go out at all, and everything is taken care of by Mo.

Desolation said that they moved them and took them overseas. The risk of being exposed here is too great.
