

First Strong 248

Chapter 248 - Self-investment

“Big Brother, I have already sent inquiries to the various factions. Almost all of them immediately replied that there is no martial art family to act on us...”

“Crap! If someone else moves, will you admit it to you?”

“From the information we have now, they are killing some of our worldly children. For the sake of cultivation, they fly three of them...”

“What do you mean by the old five? Isn't it enough for Yunfei?”

“You have no children killed in your family, so you can say that the wind is cool?”

“No, no, I don't mean this. I guess it according to this speculation. The strength of the other party is estimated to be still in the virtual world. So I dare not do it for us...”

Chu Yuxiong listened to everyone's discussion and frowned. When I heard this sentence, I suddenly cried: “Not good!”

“what happened?”

“If this is the case, the enemy will be jealous of us, but the goal will be the children!”

Everyone on the scene was taken aback.

The information that has just been compiled is killed by the children of Chu in different positions. Some of them are side-by-side, or they are of little value. They are not so anxious.

But now realize that the other party may start with all the third generation!

Chu Yunfei They are already the best. Others are not above this level. There are some teenagers and even teenagers. Isn't it even more dangerous?

The fathers of Chu Yunfei, Chu Yuncheng and Chu Yuntian were very angry and angered. Others were still a bit grateful. Now they are all nervous.

“Can't wait any longer! We have to take the initiative!”

Chu Yuxiong took a look at the table and immediately arranged it: “I will analyze it immediately. Where are the other children mainly? Everyone will rush to the reinforcements! I will arrange people immediately to protect the main Chu family in the city. !”

The core personnel of the Chu family are all above the virtual environment, but to this extent, except for the genius, the resources are piled up, and the quantity is limited.

The Chu family is such a wealthy family, not far from relatives, but also a number of branches.

This is why a powerful comprehension family like them, why go to the super-wu heroes to recruit talents.

When you are in this situation, you need to raise the extraordinary warriors to protect more people.

Chu Yuxiong mobilized everyone, including these core brothers, who were sitting at home.

Unfortunately, it didn't work. The bad news was reported to him one by one!

Because Chu's focus is on cultivating Yunzhou, the foundation is here, and it is not convenient to go to other places to conflict with others. Of course, foreigners are not allowed to come in.

In Yunzhou, they are like a big banyan tree. This is a powerful network that no one can move, but now it can be moved everywhere!

Because it is too big, too much, the protection can't be protected, and it doesn't even know who the next shot will be, and how many people there are.

Every phone came in and said that all the Chu family had been killed, so that Chu Yuxiong almost pinched the phone.

“Who is it... He’s coming out! I won’t tear you apart...”

With the ability of Shen Lang and Desolation, every speed is very fast, but after all, it is not concentrated in one place, killing thirty or forty, it is already dark.

“Come on!” Shen Lang accumulated a few days of anger and got a certain release.

“The pressure and blow to the Chu family is enough, and almost all of them are killed. If you want to kill, you will be far away, or... small children.” ->>, the fastest Update the latest chapter of the first strong!

Desolation reported it.

Shen Lang nodded: “I understand what you mean. Take a break, the next step, do not kill, directly kill the core members of the Chu family!”

The eyes of the cool eyes flashed, and the words of Shen Lang showed arrogance and domineering!

To be frank, the Chu family, who killed the most superb-level fighters, was very cool at first, and it was boring afterwards, and harvested one-sidedly.

As a former female sword fairy, she wants to challenge the master, only to have a sense of accomplishment, in order to gain something!

She feels that the strength is still in the late stage of the virtual world. I believe that in addition to the masters of Chu Mofeng, the Chu family should still be able to fight.

However, she did not know how far Shen Lang had reached this year and a half, so she did not dare to mention that if the strength of Shen Lang was insufficient... it might hurt him, even if she could protect him, it would also hurt his self-esteem.

Now that she heard Shen Lang say that she wants to start killing the core members of the Chu family, she is of course excited.

Two people casually found a place to eat, after the meal, bleak to ask where the Shen Lang started.

Shen Lang smiled a little and gave her an answer she didn't expect: "Go back to the hotel."

"Go back to the hotel? Take a break."

In fact, in the process of eating, I have already had a good rest. Desolation wants to find a core character of the second generation of the Chu family.

"There is no time to rest, the hotel is waiting for us."

When I heard the dark waves, the desolation immediately woke up.

The Chu family's influence in Yunzhou is deeply rooted. Yesterday she started to shoot, but the other party's attention is not enough, and the direction is related to other forces.

But today, Chu Yunfei killed three of their three generations of talents, and in the afternoon they have killed dozens of them, which will inevitably allow them to search all kinds!

She used Zheng Yumeng's passport. It is not difficult to investigate the relationship with Shen Lang. At this time, Chu family should be waiting for the rabbit in the hotel, waiting for them to go back to the net!

Since Shen Lang has seen it, then this is what will be counted.

After half an hour, the coolness returned to the hotel. As soon as I entered the lobby, I felt that something was wrong. There were obviously people who were lurking in the observation.

But the hotel's guests are still the same!

This made her a bit angry, like “dangerous people” like them, Chu family must have arranged for the super strong to come, once they fight, the consequences will be very serious, and many will be affected.

However, in order not to stun the snake, the Chu family did not let her notice the abnormality and did not evacuate the guests!

Perhaps in their view, as long as they can catch the enemy, it will not be a problem for some ordinary people to visit .

She lifted up and reached the floor where she lived, again discovering that the atmosphere was completely different.

The guests on this floor were evacuated, but not the Chu family, but to facilitate the ambush in other rooms.

This layer, at least ambush dozens of people!

When the desolation came to the front of the door, the door had been opened from the inside.

“Come in! Miss Zheng Yumeng.” The young man who opened the door remained vigilant, and the voice came from inside.

Sitting on the seat of the window, sitting a middle-aged man, watching Zheng Yumeng come in, he slowly opened his mouth.

“You are the water! It really looks quite beautiful. If it wasn’t for you, Tian Jingwen would not have a conflict with Shen Lang, and there would be no grievances with the Chu family.”

Looking at “Zheng Yu Meng”, his eyes sparkled with anger. “I didn’t expect Chuhe not to kill you, I don’t know what adventure I had, but I grew up in a year and a half! Is this the revenge for your dead lover?”
