

First Strong 253

Chapter 253 - Not dead?

Today, I investigated the information of Zheng Yumeng. The Chu family had already felt that it was wrong. I thought it was just an ordinary girl. When I left, I left. I didn't expect to be able to kill and avenge Shen Lang.

Just watching her suddenly appear on the rooftop, and attacking Chu Weiwei, and then think of the various kinds of rooms in the opposite hotel room, found that Zheng Yumeng completely exceeded their similarity!

For Shen Lang, the bleakness is just a faint smile, and there is nothing to say.

Chu Yunlong reacted at this time, and quickly rushed to help Chu domain. Chu domain has already died. If there is no Chu domain, it is hard to escape if he has a broken arm.

Looking at the shots of Shen Lang against Chu Shuhai, I will certainly not spare him!

"Uncle..." just screamed, and the left hand only helped Chu's body, and Chu Yunlong immediately found that something was wrong.

Under the night, Chu Wenwei's blood from many places has just been dyed red, not very visible. But after being cut quickly, the blood at this moment was filled under the neck.

Chu Yunlong was once again shocked!

Shen Lang just killed the Chu domain, although it was shocked, it is still within the understandable range. After a year and a half, he was able to kill two of the five elite children with one enemy six.

It is also in the dead forest, other genius young people, the opportunity to enter three days in his life, and he is inside for a year and a half! Nature may have a great chance.

But this “Zheng Yu Meng” He De He can? At the beginning, it was a weak woman who could just squat down the Chu River!

Just now he can still feel that he was sneaked, but he saw that his throat was cut, indicating that Chu Tianwei had been attacked without resistance!

Because of the shock, let him not wailing, nor anger, just looking at them incredulously.

Shen Lang is much clearer than him. In addition to the magical body jointly used by Desolation and Zheng Yumeng, it has reached a level that is not inferior to Chu Weiwei. Her swordsmanship and experience are also very important.

And just now there is a time, Chu Weiwei is fully prepared to kill him, there is a Chu Yunlong behind, did not expect to be suddenly attacked. The attack is even more master, directly let him encounter a counterattack!

Even if the bleak did not wipe his neck, it is estimated that he will vomit blood.

This is indeed very powerful. It fell even more shocked in the eyes of Chu Yunlong, who was not seen through.

“You are coming to the Chu family to avenge?” Chu Yunlong has understood that he can not escape, and smiled a bit: “But you made a mistake, killing your parents, not Chu, but thank you!”

Shen Lang raised his sword and slowly marched toward him.

“In the dead forest, you killed three of us! But Yunfei trapped you in it and couldn’t come out. For us, it’s just revenge. Plus we promised before, so I didn’t shoot again. “”

Chu Yunlong, a deputy, will die in a good manner: “But Xie Jiaping was killed by two of you, and there are not enough good children in their generation, so...”

Shen Lang Meng forward, no sword directly into his body!

Chu Yunlong's eyes increased, both because of a sword, and because he did not expect Shen Lang to suddenly kill him.

"You will not be the best of the third generation of the Chu family. If you die, you will want to transfer your grievances to other people's heads."

"I really... didn't lie... The Chu family was involved in providing information, but it was really a thank-you person..." As soon as he spoke, blood began to flow out.

Shen Lang reveals a satirical smile: →>, the fastest update of the latest chapter of the first strong!

"What you said, and Chu Yunfei said, it is not the same."

No matter who is executing, he will not let go!

Xie's family promised Chu's conspiracy to deceive him into the dead forest and poison him first. These would not have been caused by the death of two people, Xie Tongwen and Xie Yunlin.

Xie You, who has deceived his trust through "frank and honest", and Xie Xun, who made plans, can't let go.

But no matter what Xie Jia, Chu Yunlong said, it is impossible to change his revenge on the Chu family!

Chu Yunlong shook his head: "He doesn't know it. He hates you. It's definitely hard to hear to stimulate you..."

Shen Lang reached out and took a shot, glaring at his weakness, a surge of energy, directly controlling his body, let him stand upright.

Then I did not pull out the sword. If there is a sword at this time, Chu Yunlong, who has already shed a lot of blood, will once again lick blood and accelerate death.

He took the phone out of Chu Yunlong's pocket and tried it with his finger to unlock it.

Then I opened WeChat and didn't need to look for it. I saw his father's WeChat and asked him what his latest progress was.

Shen Lang directly opened the video call, and it really took the phone, and it was quickly connected.

Chu Xiangxiong's face was immediately seen on the screen, because it was seen in a well-lit room.

"Yunlong, how is the matter going? Is the monk caught? What is her helper?"

Chu Yuxiong asked in a breath, and immediately found out that the wrong, Shen Lang is the rear camera, so he did not see the face of Shen Lang, because in the night under the roof, the phone camera is sensitive, it is not very clear.

Shen Lang used his mobile phone again and turned on the flashlight mode with the flash to follow Chu Yunlong. The picture was clear.

"Yunlong!" Chu domain stood up fiercely, then asked in a deep voice: "Who are you? Don't hurt Yunlong again, what are the conditions, let's sit down and talk!"

"There are dozens of gunmen ambushing outside, ambushing a few imaginary opponents on the opposite side, so sit down and talk?"

Shen Lang turned the phone and matched it with light, so that he could see Chu Shiwei, who was bleeding from his throat.

Chu Yuwei is very strong, although many injuries, but after all, it is only a knife, deep and limited, the most critical is the throat of a knife. But this time he has not died, still struggling with his throat.

"Animals! Do you have any humanity?"

There are other people in Chu Yuxiong already screamed.

Shen Lang then turned back and let them look at the Chu domain, this **** throat on the throat, it is really dead can not die anymore.

“I don’t care who you are! From today, Chu family and you are not dead!” Chu Yuxiong screamed his gauntlet.

Shen Lang switched to the front camera and gave himself a light.

“Don’t die? This is what you said! I had a head and debt, I just want to take revenge. You represent the Chu family and I will never die. From this moment on, you have to take all the old and the weak.” Well, especially the little ones, they can all be protected. I am a bachelor, and I will earn a few if I kill a few!”

“You... are you the swell? Are you still alive?!”

Chu Yuxiong looked a little familiar, and he also knew about Shen Lang. I wouldn’t associate with this aspect. Now I look at my face and add revenge. It corresponds to the enemy of Chu family. There are not many people who have the strength to avenge.

After discovering that it was Shen Lang, Chu Yuxiong’s face changed.
