

## First Strong 258

Chapter 258 - Explosion 1 hit

The dark waves are not so boring.

His attitude is to let Zheng Yumeng relax and simply continue to laugh: "Or let me be cheaper! She should know, I still like you very much."

"..." Shen Lang is speechless. "You still wear clothes! I am your master, what is the system..."

Zheng Yumeng's

"..."

"Well, I really thought about it. Although I don't know what she meant, I should be worried about danger. Give me as much time as possible so that I will die if I am inexplicable."

Zheng Yumeng took a joke. "So I thought about it too. If I really die, then I will give you a little regret."

Shen Lang shook his head helplessly: "How old you are, what you want to die, I won't let you die!"

"Don't let us die? Then what about yourself?" Zheng Yumeng's eyebrows pick: "If you die, it's just a shame. It's better to let me sleep now..."

"..."

"Hey, the fat and water don't flow outside the field, you don't have any injuries, let yourself be cool!"

Zheng Yumeng not only smiles, but also straightens himself.

“Okay! Serious, don’t be a female hooligan...” Shen Lang said with no anger.

As a result, he still hasn’t finished talking, and Zheng Yumeng is very sad!

Originally, she was only wrapped in a bath towel. Her hands were exaggerated and the movements were large. The bath towel was loosened directly, and it fell off.

This made her cry, and she reached out to cover her chest.

Shen Lang was speechless for a while, and with her current strength, it should be enough to catch the re-wrapping before falling. The first time I think about it is the instinctual reaction that is inexperienced.

Can you win the above, below?

He can reach out and help her to pull, but one may touch the body, and the other must look at the shot, it is necessary to look at the light!

So at that moment, Shen Lang chose to turn around.

Why is his eyes so good, a piece of white flowers, or a glimpse of his eyes into his mind.

As Shen Lang said, Zheng Yumeng is a female hooligan. Although she really has such a hint of thought, she will not be so bold and active. It was to see Shen Lang, she was jokingly active.

Now I really dropped the bath towel, so she was very embarrassed, and ran to the bathroom.

This makes Shen Lang silent and sigh, lack of experience!

Even if you want to go back to wear clothes, you have to wrap up the bath towel. This ran over, letting his eyes look back and see it again...

Heaven and earth conscience, he is not intentional!

A few minutes later, Zheng Yumeng got dressed and came out.

But Shen Lang found that it was bleak, not Zheng Yumeng, but she was also shy.

“What the \*\*\*\* are you doing?” he said with a sigh of relief.

Desolate but calmly said: “I can detect that she likes you, and that this body is not hurt, or the best time, so that she has no regrets.”

She is very sensible. Although she killed Chu Weiwei tonight, she is also doing her best and adding the enemy. If you are on the Chu Chuxiong, it will be too much, and Chu Mofeng shots...

This answer makes Shen Lang better

When the gas was funny, he asked: “What about you? Now you two share this body. I have Zheng Yumeng sleeping. Didn’t you sleep? You don’t feel awkward?”

“...” I was hesitant about it.

“How? I feel that the body is not yours, or is it just my return?”

Looked at him in the bleak, shook his head, and then uttered a reply that made Shen Lang very speechless.

“No. You know that my \*\*\*\* is a memory of life. I don’t know how many hundred years have passed. You slept me, but I actually eat young grass.”

Shen Lang does not know what to say, he is a little bigger than Zheng Yumeng, the two are suitable peers. Desolation from the previous world, he became a grass, he almost wants to say that he can also be from the past!

“Okay! Don’t mess with me, I really want to get angry, I won’t be polite. When you don’t want to push to Zheng Yumeng, you two will be constantly switching at the same time!”

“...”

Shen Lang “warned” a sentence, then signaled her to rest in bed.

But before he went to bed, his face changed slightly.

coming!

The Chu family will look for it. He is not surprised. They are waiting for them.

However, the Chu family’s shot was beyond his expectations!

Before in the hotel, the Chu family just arranged people from below, but did not clear the hotel, after all, too many people. It was only for the layer of guests where Zheng Yumeng lived, so that they could ambush.

Therefore, Shen Lang expects that after they come over, they will first find the hotel front desk to confirm the room, and may attack from the door and outside. So he left the light below, and the person lurked to the top.

I did not expect that the people of Chu family have just appeared nearby, and the other party has directly shot it!

People from Chujia, don’t say the above confirmation, simply did not come close, and sent the same object directly to the hotel.

This does not know what the object is coming in very fast. If the sinking wave wants to catch or fly it, the person must go out first, even if he is fast, it is too late to stop.

At this moment, he could only pick up the bleak hand quickly, then quickly slammed into the window, opened the curtain and broke the glass, and flew directly to the opposite side.

When people were in the air in the street, there was an explosion behind them. The huge sound waves and shock waves were also a quick shock to him.

The Shenlang reaction was very fast, and with the use of the “Phantom Meteor Step”, almost the same time, it was already on the opposite roof, and there was no injury.

After falling on the roof he quickly looked back.

The hotel where they lived is no longer a room or a floor. The whole building is already in the explosion! Several buildings connected to the side were also ravaged, and the opposite was also shocked, but the most miserable, it is undoubtedly the hotel building.

By this time, it has been confirmed that the Chu family sent it far away, which should have triggered a one-time attack weapon.

Just like the one-time flying items that Chu Yunfei used to escape, this thing should also be made by the master of the real-life class. In fact, it is the props that sealed his attack. Now it is detonated, which is equivalent to one time. The shot of the strong!

Shen Lang still underestimated their hot, in order to hurt him, do not hesitate to let the whole building and everyone inside to bury!

“Go kill him!”

Shen Lang’s knowledge was locked, and the direct Yuanshen sent it to the bleak. At the same time, the unborn sword was taken out and handed to the bleak hand.

And he himself has already entered the opposite explosion!
