

## First Strong 267

Chapter 267 - 1 sword through the heart

After Shen Lang was hit by his second palm, the man was completely comatose and fell to Yunhu.

Just two of them were in the air of more than 100 meters, fighting for a quick or two seconds, and the bodies of two people were also falling. At this moment, Chu Yuxiong was in the air and could not help but look at his body.

He is unbelievable, it is not only to die, but to throw people away!

A superpower who is still in the virtual world, not to mention the world, is also a hegemon. If it is killed by real masters, it is the gap in the realm, there is nothing to complain about.

If it is an opponent of the same level, it is not so easy to kill anyone, either relying on the formation, the magic weapon, or the like, or it is a sneak attack.

But now, a young man who is younger than his son, a small boy from a remote place, has no height in his realm, but relies on a savage, living and exploding his heart!

It's a shame, it's a shame!

For his own future, Chu Yuxiong has had various plans, most of which are considered as the responsibility of the Chu family. When he breaks through the realm of survival in the future, he must protect the family from the outside, train the successors internally, and then go to higher levels to seek climbing.

This is a very long-term plan, and basically there will be no deviation.

The result is that since last year, because of this accident, the sudden waves, because of the little things that the sister's family Tian Jingwen provoked, it was a small problem that didn't know much on a daily basis, and the result became a big trouble!

Until today, the Chu family encountered the biggest crisis in family history, and even he personally went out, they have encountered such a end!

Whether it is shame or regret, it is only a moment of thought to not get rid of this scourge early.

Now he has no more time, his heart is blown up, even if he is as strong as him, the rest of his life can only be calculated in seconds.

Before he dies, he must do one thing. He must confirm that he has killed the swells. You can't let this scourge have any miracles anymore!

Therefore, he used his last will to gather strength and slammed his hand from top to bottom.

The current Shen Lang, has lost consciousness, and has no resistance at all. His palm is definitely much weaker than usual, but it is still easy to kill the unresisting sinking waves.

In fact, just two palms on his head, he felt that he should have killed Shen Lang, and now it is necessary to add an insurance.

At this time, there was a shimmer from a distant flash to the top of Yunhu. Before the sinking of the lake, before the Chu Xiangxiong was about to squat, the body of Shenlang was caught, and then quickly It's across the lake.

Then it disappeared, disappeared from Yunhu Park, and went to the distance!

Even if he is dying, Chu Yuxiong is also Chu Xiangxiong. His eyes are still clear. The glimmer is actually a person. It uses a high-grade flying magic weapon. After the swell of the wave, Then fly away directly.

This made him desperate, no matter which side of the people, this is to save the Shenlang, this guy once there is a chance to live, for the Chu family, must be a big scourge!

But now he can't support it for a long time. It is almost impossible to catch up with the other's flying magic weapon without the preparation of magic weapon.

At this time, he has been slow to react, feeling that there is a strange approach to the side!

The next moment, without responding, he felt a sword pass behind him and pierced his body completely!

This sword is not only sharp, but with a strong sword, it directly blows his body into a hole!

The actual family members of Chu's contemporary family couldn't stand the last moment and fell directly from the sky into the lake.

Not a sword, desolate.

When Shen Lang asked her to deal with other people in the Chu family, she realized that Shen Lang was going to be alone. Chu did not defy the order. What she could do was to kill the masters of the Chu family as much as possible. Go and help the waves.

In the process, she will still be distracted to pay attention to the situation of Shen Lang.

When Shen Lang was beaten and drowned in the waves of the Yunhu Lake, she was also very worried. When Shen Lang violently attacked Chu Xiangxiong in the air, she was also very angry, with a sword at a faster speed!

There were not a few Chu family members in the late stage of the virtual world. Many of them came back from the scene, and many of them were still in the middle of the virtual world. Under her full exertion, they did not fight back.

But I didn't expect the situation to change abruptly. The sinking waves fell unconsciously from the air. Obviously, the situation is not good.

After the discovery of Desolation, I immediately fled to the rescue in desperation, but the incident suddenly, for a short time, she was too late to arrive, and when Chu Xiangxiong once again waved, she directly took the hand The sword flew out!

She is already flying fast, and then she gets the sword that she is fully accelerating. Of course, she is soon behind Chu Xiangxiong.

What she thought was that Wei Wei saved Zhao and let Chu Xiangxiong return to resist the sword, so that Shen Lang could not encounter that palm.

As for whether she can kill Chu Xiangxiong and save the sinking waves that will fall into the lake, she is not sure, but she must fight for it!

As a result, there was an accident. Chu Yuxiong did not control the sword behind him, or continued to attack the waves! And a shadow that suddenly appeared, and saved the Shenlang at a crucial moment!

When the sword was not pierced by Chu, the desolation only understood that the Shenlang should have been defeated by Chu Xiangxiong, or she could not hit.

But now she doesn't have time to think so much directly chasing the past, when he crossed Chu Shixiong's body, stepped on his head and attacked his head with force, one more Insurance, but also to seize the unsold sword, and then chased out in the direction of the figure left!

This sudden appearance of the character, although with the help of magic weapons to save the Shen Lang from the front of Chu Xiangxiong, but can not be sure of his identity, the bleak can not be assured. Because from the current understanding, Shen Lang has always been a lone person, did not hear of the same door, there is no strong friend.

Desolation is desolate, and Zheng Yumeng is envious of the Chu family. She seeks revenge for the Chu family for the sake of Shen Lang. At this time, compared with killing other people in Chu, it is of course more important to track down the waves.

There are people in the Chu family who are in the Yunhu Park. They just have to take care of themselves. They must be together to besiege and desolation. For the confrontation between Shen Lang and Chu Yuxiong, there is no time to look at it.

Of course, they are also absolutely confident about Chu Xiangxiong, the second master of the Chu family. They did not expect to be killed by Shen Lang.

I just succumbed to attack Chu Yuxiong, only to let their eyes shift. The result is that Chu Xiangxiong was penetrated by a sword and then fell into the lake. The rest is not calm, and there is still a heart to remember. Cool, hurry to save Chu Yuxiong...
