Chapter 280 - Elder attitude

This time waiting a little longer, almost half an hour passed.

There is no anxiety in Shen Lang. I appreciate the scenery here and feel the aura here.

The Jianzong disciple who was watching him kept the alert of the enemy, but he was a little sweaty.

Finally, the praise appeared again.

“Shenlang friends, just rude. The elders in the door have been identified, this is indeed the token of our swords, welcome to come to visit!” He did not come to greet, is to do the invitation to clean up.

The front is across the Tianchi, but the person who can find it here is not an ordinary person. He is not worried about the rushing waves.

At this point, Shen Lang does not need to borrow the holy armor and fly directly to the past.

The rock was just a stop. After that, the singer led him to walk inside.

From the outside world, the rock goes in again, there is a pool of water in the Tianchi, and then the rock of the tall snow peak.

Shen Lang has been here, it is very clear that the situation here, naturally followed them and walked over.

Like the Ice Palace, this is also a blessing of a magical array outside, hiding the real entrance.

After a few steps, it is another sky!

It is not the Tianchi, but the complete rock, and it has been extended.

The entrance to the Ice Palace is the mountain wall, and it is a large cavern that is cut in the mountainside. But this Tianshan Jianzong, it is necessary to have more atmosphere.

The rock used to be a shackle of a line of heaven. When you walked inside, it was suddenly open. It was warmer than the outside, and it was still a grassy valley!

This valley is not hidden in that snow peak, but the snow peak itself has such a valley and cracks, but it is hidden by the magic circle. In the outside world, the whole is a big snow peak.

As for the climate temperature in the valley, it is natural that the Tianshan Jianzong is artificially adjusted for the disciples to live in.

Both of them praised the expression of Shen Lang. Seeing him, whether he is going to the illusion or seeing this completely different valley, he is not surprised at all. He is also secretly surprised. He believes that he should have been about Jianzong. The old man has been passed down.

The young disciple was guarding the portal. He just sent them to the mouth of the valley and then returned. He was accompanied by Shen Lang and continued to go inside.

The foundation of the Tianshan Jianzong is much stronger than the Ice Palace, not only in the atmosphere of the environment, but also in the internal layout.

This valley is not a rough cavern, nor a simple stone building, but a lot of beautiful pavilions, all kinds of buildings are very delicate. It is not even worse than the residence of the royal family or the royal garden.

Naturally, this is not a person's repair, but a generation of people gradually perfected, but in the depths of this Tianshan, there is such a good place, visible heart, visible ability.

Sheng Yang led Shen Lang into a building that wrote "Jiange" and came to the third floor above.

After entering here, Shen Lang also kept a low profile, so as not to be misunderstood.

In one of the rooms on the third floor, someone has waited, and praised it with a soft voice.

“Elders, it is such a small friend.” And said to Shen Lang: “Shenlang Xiaoyou, this is the descendant of this high-off elder, Gao Hanqiu.”

The old man inside was originally closed with his eyes closed. When he finished speaking, he opened his eyes.

Said, turned around and left.

Shen Lang is also a hand-to-hand ceremony, no shackles and the like. “Being under the waves, I have seen high elders.”

Gao Li was also staring at him, then turned his hand and put the token in his hand. He asked directly: “Where did you come from?”

“This is the teacher’s door...”

“lie!”

Shen Lang has not yet said the story, Gao Li has already screamed: “This is not the token of the sword, but the personal token of the cold autumn public, it is a commemoration, there is no delivery!”

Shen Lang shrugged: “What is the difference for me? I said it at the beginning, it is old with the cold autumn.”

“Where did you come from? Where did you come to Jianzong? What is the plot?” Gao Li was a little dissatisfied with Shen Lang’s attitude. When he spoke, he had already come with a strong pressure.

Feeling this inexplicable pressure, let Shen Lang understand very well that this high-dead is the elder of the Tianshan Jianzong, the strength must be very strong, it is estimated that at least it is true.

“I have a sentence I guess they are afraid to report it to you? I also said that it is not only old and cold, but the autumn sword of the cold autumn, or the gift of my seniors!”

In the face of the pressure, Shen Lang remained unsettled and even humbled, and even sat down in front of him.

“presumptuous!”

When Gao said this, he did not move anything, but there was a force out of thin air that directly pushed Shen Lang out of the door.

The wave that has not fully recovered has just felt the great pressure. I know that the other side is still under the horse and there is no real attack.

However, he still kept calm: “Don’t worry, I just want to prove that I am a deceased rather than an enemy, so I have to be more detailed. It is not to discredit your ancestors, nor to hold a token to ask for Qiu Shuijian.”

“What kind of person are you? What is the purpose of coming to my sword?”

When Gao Li talked again, he put the token on the coffee table in front of him. Still no action, and pulled the back to the coffee table in front of the air.

“The high elders are angry, I think I know who this kid is, and I know his intentions!”

A voice came from downstairs. When it was first, it was downstairs. When it came to the back, people had already come outside.

He was first to the high, and then walked in.

“Climb this kid is not a climate Little things are not handled well, both to bother me, but also to disturb the Zongzhu.” Gao Liqi slightly eased a little, but still remained indifferent.

From his sentence, Shen Lang immediately got a lot of information.

One is the person who just came in, the lord of the Tianshan Jianzong! Another is that the high separation is either high in the seniority or high in strength. The main one is to respect him. He is also taken for granted!

“Oh, praise is also cautious... Is this the cold autumn public’s token? If you haven’t seen it, it’s rare to be able to detect the report to you.”

Although it was curious, but without the consent of Gao Li, he just stared at the token on the coffee table and looked at it a few times, but did not pick it up.

“Do you know who he is?” Gao Li just vomited a sentence, and did not really blame, after all, can see the tokens on the ancestors, he is also a little excited.

With his realm, with his age, there are not many things that can make him excited...

“You should understand what I know?” The lord of Tianshan Jianzong smiled and looked at Shen Lang.
