

First Strong 295

Chapter 295 - Domineering is coming!

Biyunfeng is located in the most prefecture of the suburbs of Yunzhou. Because of the inconvenient transportation along the road, there is no investment development, or the rugged mountain road. Generally, there are no tourists, and it is not a choice for citizens to climb the mountain.

There are not many wild animals, and few people take medicine and firewood for a living. Therefore, there are only a few outdoor challenges that Biyunfeng will climb.

This is what the locals of Yunzhou know about Biyunfeng.

But in fact, the development of Biyunfeng is controlled by the Chu family!

With the deep cultivation and layout of the Chu family in Yunzhou, basically the general direction is in accordance with their meaning.

Biyunfeng is developed, of course, it still has tourism value. It may not be easy to recover the cost. But in the long run, it is also a cost-effective transaction. The strength of Dachu Group can be fully supported and can also be supported by the government. .

Why didn't you go to develop, from the package to the road, etc., deliberately not to get it? It is the Chu family who wants to keep such a dangerous peak!

Without tourists, it is difficult for ordinary people to go up, which is equivalent to becoming the back garden of the Chu family. Whether it is retreating or training people, it is unmatched by artificial construction.

When Shen Lang said the location of "the top of Yunzhou", they immediately decided to place the place here.

This is a place they are familiar with, and they can grasp the whereabouts of Shen Lang in advance.

On the day of New Year's Eve, every household in the final purchase of new year's goods, prepared for the New Year's Eve this evening. Not to mention the peaks of Biyun, it is the peaks around the area, and no one.

But today is different. The Chu family has already arranged people on various mountain roads that have entered Chu Yunfei. Some high-points with high vision, such as high trees and mountains, are also overlooked.

These people are not the children of the Chu family. They can only be regarded as working for the Chu family. Some of them are security guards and thugs. Their task is to find the trail of Shen Lang in advance.

As for whether they will be killed by Shen Lang, the Chu family does not care.

In addition to these people, there are still practitioners who have come from other places. They basically arrived yesterday. They arrived here from the hotel in the city early in the morning, ready to board the Biyun Peak and occupy a favorable position. Don't miss this century war.

They came along the way, did not have any obstruction, and did not see the people familiar with Chu, until they climbed the top of Biyun Peak, they saw a Chu family, not many important people, the reception work is to arrange everyone waiting The seat to avoid confusion.

"Why are there no people from the Chu family coming over? There are no comprehensions on the road. They are all ordinary people."

"Crap! There are masters of Chu Mofeng, do you need other Chu family?"

"That is, if there is no wind in Chu, there are no more Chu families, and it makes no sense."

"And don't forget, will the Shen Lang appear, or an unknown number!"

"Yes! I know that he is not a measure of the tiger's departure from the mountains? If you take the Chuzhen people away, it would be troublesome to slaughter the Chu family."

“So I guess the real Chu family are hiding, and only after the good news of Master Chu will appear.”

“Where is it hidden? Since Shen Lang can kill even Chu Chuanxiong, can you dig it deeper? Now, apart from the master of Chu Mofeng, there should be no one in the Chu family who can compete with him.”

“This is Yunzhou! The place where people have been working for generations, how can they be prepared? If you go to the hotel, can you have time to search for it?”

Everyone whispered a whispering discussion while watching the time, waiting for the arrival of the Japanese-Chinese time.

But they are also very helpless, just like the location, the time is a bit fuzzy. “New Year’s Eve

“In the middle of the day? Or when the sun is in the middle?”

If it is in the middle of the day, it is within the range of deviation from eleven o’clock to more than twelve o’clock.

When the sun is in the middle, it is not necessarily twelve o’clock in the winter.

The temperature in the mountains is relatively low, but their hearts are hot, just waiting a little impatient.

It’s hard to get to eleven o’clock. Everyone is still looking forward to the time of Shen Lang, but they found that in addition to these young, even a group of older self-cultivating elders came!

If you have your own family and elders, you will say hello in the past, and you will be cautious if you don’t have any ones.

“Wow! That is... is that the Tianshan Ice Palace?”

“Is the palace of the ice palace? I heard that the ice palace is a beautiful woman. It seems that it is really floating, but it is a veil.”

“Is that...Xie Dao’s Xie Dao?”

“It seems to be! God, if it is him, then it is a master of the real world!”

“Is the ice palace master should also be a true master?”

“Grass! This time the value is back, and those who have not come, let them regret it!”

When everyone found more and more big people, even if they were cautious, they were full of excitement.

Usually they didn’t have the chance to see such a big man, but now they are gathered together. It is like a martial arts conference. All young people think that today’s events will become legends after many years.

Now, see if Shen Lang will come. As long as he comes, even if he is cooked, or even died, it will become a good story!

As early as 12 noon, an old man who seemed to be about 60 or so appeared on the summit, and it made people quiet. Others who did not respond were also quiet.

The 60-year-old man of the Chinese character face is the Chu Mo style, and there is no such thing as an old god, just like an ordinary old man. But his eyes swept over, and the one or two hundred people gathered in the mountains felt a glimpse of his heart, as if he was directly confronted with him.

“I have a little scandal in Chu’s family, so that everyone can laugh. Today someone is going to kill me here, and it can attract so many people’s onlookers. I can have a face!”

This is obviously ironic, no one dares to agree.

Chu Mofeng glanced at it again. “The thief has repeatedly slandered me Chu. Today, in front of all the old and new friends, the account is clearly publicized! The person who is the speaker can contact him to see if he dares to come. !”

Everyone is very embarrassed, they also want to summon Shen Lang in the group, but there is no base station on the peak of Biyun, there is no signal at all.

“I also clarify I thank the family and this thief also have grudges, but I thanked Dao Ling for coming over today, only to witness the Chu brother. We are not distracted to join forces or wheels, Chu brother does not need. Of course, I also want to see how the thief who killed my two grandchildren died!”

Xie Dao Ling did not need to come out, a faint statement, one or two hundred people at the summit clearly heard.

Twelve o'clock!

Everyone probed the mountain, excited and a little anxious, for fear of being a pigeon.

At this time, it was discovered that Chu Mofeng and Xie Dao Ling both looked up at the sky!

Everyone is looking up, is it to see if there is a “day in the middle”?

“Look!” Someone immediately exclaimed.

Then everyone saw that a figure slowly grew bigger and someone was falling from the sky!

Under the breath of everyone's breath, the sinking waves descended from the sky, and the domineering came to the top of Biyunfeng!
