

THE FIRST STRONG

Chapter 3 - Shen Lang's counterattack

Lin Yun and Li Rong, two of them, Dong Wenbin's follow-up younger brothers, they have always cooperated with each other. The three people bullied one's play code. I don't know how many times. When Dong Wenbin spoke, they immediately grabbed the waves with both hands.

Dong Wenbin is also carrying a sneer, directly slaps the fan to the face of Shen Lang!

He is a school tyrant, and many people usually see them walking around. If it is the first time to be bullied, it is human nature to dare to fight back.

But now this Shen Lang is being bullied by him and I don't know how many times. For three years, I also know weak chickens that do not work in all aspects of body, character, study, and family conditions.

Weak chickens must have the awareness of weak chickens, beating to stand up, and now dare to talk back, this is not a rebellion, but a challenge to him!

This slap in his strength is very large, do not mind leaving a fingerprint on the face of Shen Lang, anyway, go home, even if the teacher found out, he can be said that he was beaten at home.

Shen Lang just did not rush to struggle, not because the body is too weak to break free, but did not care about Lin Yun and Li Rong, he put the goal on Dong Wenbin.

At this moment, Dong Wenbin's slap in the face, Shen Lang did not endure any more, kicked out directly and fiercely!

Lin Yun and Li Rong both seized the arms of Shen Lang, which is equivalent to controlling people. It has always been done. I didn't expect Shen Lang to dare to kick out, but I didn't expect this kick to be very accurate!

In front of Shen Lang, Dong Wenbin's unexpected kick came over and kicked his crotch directly. He suddenly felt the unspeakable pain, the incomparable egg pain, and he just fanned to Shen Lang's face. The hand, he hangs down weakly, then rubs his hands, can't make a sound in his mouth, bends and jumps a few times.

"Bing brother!" Lin Yun and Li Rong could not help but scream.

They have bullied so many people, at most they are struggling, or clamoring to complain to the school, they have never been able to counterattack success in their three hands. After all, bullying is also a pick-up. Like tall boys who play basketball and play sports, they are all buddies.

They don't know how many times they have been bullied. Every time this guy is swallowing, it's like this!

Too unusual, let the two of them still hold the arms of Shen Lang, and they did not react.

Shen Lang's second kick kicked out!

Because the egg hurts so much that Dong Wenbin bends in front of him, this foot does not need flexibility, and there is no difficulty to directly kick in the face of Dong Wenbin!

"what—"

Dong Wenbin, who had just had a dull voice, was kicked in the face and shouted, and the man fell on the floor.

Lin Yun and the two are even more dumbfounded. Is this still a weak chicken?

And Shen Lang did not wait for them to come back to God, to explore, the third foot kicked out!

Dong Wenbin fell to the ground and fell to the ground. This height was kicked in the head without any difficulty!

“He’s it! Look for death!”

“Dare to fight Bing! Laozi killed you!”

There were only a few seconds before and after, and the change in contrast made them both stunned. At this moment, they reacted and shouted to fight the waves.

But soon they saw Dong Wenbin falling straight back on the ground, sitting down on his back and lying on the ground, and there was no movement, no screams.

This made them both panic, and they couldn’t care about playing the waves. They quickly went over Dong Wenbin’s side to check his situation.

Shen Lang sneered a little, with his past experience, let alone ordinary people, is to kill a master, it will not be much harder than pinching an ant.

Now limited to the physical level, it can play very limited, but with his combat experience, Dong Wenbin kicked the past three feet, which is also a trivial matter, completely in the calculation.

“Bing brother! Bin brother!”

Their two voices have been very flustered.

“You are finished! You hit, kill...!”

“If Bin Brother has something, Dong Bo will kill your family!”

The former Shen Lang was also afraid of them because they were very strong. But in the end, they are just high school students. There aren’t many

fight, and the extent to which people are stunned. Together with Dong Wenbin's boss, they are the backbone of the heart. Now they are stunned and let them panic. .

The two of them were flustered and shouted, and they were afraid that they would be tired.

But looking up and seeing the past, I found that Shen Lang not only did not run away, but even a big foot came over!

They were kneeling in front of Dong Wenbin, and Shen Lang went up to the two consecutive feet and kicked the faces of both of them directly.

Dong Wenbin will be kicked, which is the effect of Shen Lang's calculated three-legged. Otherwise, with his current body, he can't kick his head, nor can he kick people.

Lin Yun and Li Rong are both in a normal state. Even if they can kick in, they can't stun.

However, because of Dong Wenbin's situation, they have already made them both mindless, and then watching Shen Lang is a little scared. Those who are weaker, once they fight for their lives, are also very scary.

After each kick, both of them sat down and climbed up.

"What are you doing?"

"You don't come over!"

Two people were a little scared and looked at Shen Lang~ ~ This made it feel a bit wrong today.

Shen Lang glanced at them coldly and did not chase them in the past.

Instead, he looked at Dong Wenbin on the ground and then slammed his foot to the ground and slammed it down!

“what—“

Dong Wenbin woke up from the coma and made a loud scream, and the whole person squatted a few times.

Lin Yun two people are dumbfounded again, just what they saw is... Shen Lang directly hit the back of Bin Ge's hand!

By! Who is the wicked! Who is the schoolmaster?

Who is bullying this person!

They are all students. They have bullied so many people, and they are not so embarrassed.

In fact, when they used to fight the waves, they had to suffer for several days. They just hit the body and couldn't see them in their clothes, so there was no intuitive impression. Now it's the eyes that look at the ankles on the palms and fingers, and the impact is big.

“You, you... you are bold! Ah... you are sick!”

Dong Wenbin found that Shen Lang looked up and could not help but tremble and screamed out, and then felt the pain of his fingers. At this moment, he has been suffering from a lot of pains.

He never thought that he would have such a day. In this world, only his father had beaten him. Others, grandparents and grandmothers, were treasures.

In the school is also used to, in addition to the younger brother, other people are familiar with him, and because of his father's relationship, even if his behavior school has heard, it is a blind eye.

Today, he was beaten by a weak chicken waste that he bullied and did not know how many times, which made him unimaginable!

“You are dead! Day! Kill me this bastard!” Dong Wenbin screamed at Lin Yun Li Rong.
