

First Strong 38

Chapter 38 - You do not deserve!

The man just opened the door and Shen Lang can now go straight into it.

But after I just entered, I heard a voice coming out from inside.

“You really came.”

This is Bai Shenghua Bai Qiye?

As for guessing that he is coming over, Shen Lang is not surprised. The two men made an accident to kill him. Although he was waiting for the opportunity to wait for the rabbit, when he went out and successfully got on the bus, perhaps the truck driver reported to the behind-the-scenes boss.

Although they have all been hung up, Bai Shenghua can understand it in reverse. If it succeeds, it will inevitably report to him in the first time. If there is no news until now, it should be a failure.

Shen Lang looked at the sound and quickly observed the situation inside the villa mansion.

In the living room, two people sat on the sofa and had tea. One of them was in his fifties, dressed in a Tang suit, and his hair was meticulously combed. He also played a string of bracelets in his hand.

On the sofa next to it, another man in his thirties was sitting.

Although there are not many extraordinary warriors who have been contacted by Shen Lang, there are still some discoveries from Ahu and Mo Qi. It is obvious that this person is also an extraordinary warrior, and definitely not comparable to Ahu, it should be no worse than Mo Qi!

Judging from the seat and momentum of the two people, the one in his fifties is obviously Bai Shenghua, and the other super-armed person should be his bodyguard.

“You really came to me!” Bai Shenghua’s hand is still calmly holding a string of hands, eyes are also staring at the waves.

Shen Lang walked over to them step by step, even if he was confident, he was extra careful. His current strength is still limited, and he will not be able to turn over in the gutter.

Bai Shenghua expected him to come, did not hide, in addition to the one just went out to see, did not arrange more people to protect the equipment. The one left by the scene is a master worthy of his trust and trust!

Shen Lang did not speak, and the people had already reached their front, less than three meters apart, and separated by a coffee table.

“If you come here, let’s have a cup of tea first?”

Bai Shenghua showed his calmness and momentum, and Kung Fu tea set is ready-made. Now, while talking, I rinsed the cup with boiling water and then poured three cups of tea again.

He used a clip to wash the cup with one hand, and the tea was also rotated in three cups, and then he drank a cup and drank it.

In addition, the man did not speak, but also took a cup of tea to drink.

This set down, from the process to the attitude, the surface tea is not poisonous, the cup has not done anything.

However, Shen Lang did not mean to drink tea.

“You should not dare, don’t want?” Bai Shenghua asked again.

Shen Lang said the first sentence after he came in: “You don’t deserve it!”

This said, let Bai Shenghua create a gentle atmosphere, and it will disappear.

You do not deserve!

Bai Shenghua couldn't help but smile. It was the kind of anger and laughter. In Pingxi, how many people dare to talk to him like this?

A few people who are qualified to say this to him, who else will say this?

He put his hand on the wrist and gently applauded.

"Sure enough, the newborn calf is not afraid of tigers. I have not seen such a courageous generation for a long time. You are so interesting, I am not willing to kill you."

Shen Lang looked at him coldly, Bai Qiye really was a sly character, even if the two people arranged in front failed, still want to kill him!

"But I want to kill you!"

"I expected it." Bai Shenghua continued to take a sip of tea: "I have let you in. I haven't set up your sap, nor have you been ambushing to kill you. You can also give me some trouble!"

After talking about it, the expression of his face was dignified.

"I want to know which **** is asking you to come and do me!"

When he said this, there was a murder in his tone! Unlike the previous appearance of a kind and kind, it made a big momentum!

"You are ruined by suspiciousness." Shen Lang said coldly.

"Suspicious?" Bai Shenghua laughed again: "I doubt that I have lived to the present. If it is not suspicious, I will die 20 years ago, or I don't know how many times I have died."

When Shen Lang didn't talk, the ear was listening carefully.

Bai Shenghua said that he did not ambush, but he also admitted that he was a suspicious person. Suspicious people will not have absolute confidence in who, even if there is a master sitting in front of the town, it may be arranged separately!

“Let’s talk! I have been very low-key in these years. I haven’t made any ugly things in my own life. I have done a good job in everything. I really don’t understand who is going to engage me. Besides... Someone wants to step on me! ”

He is really suspicious!

When Shen Lang did not give him an answer, he had already set an answer himself. Perhaps even the candidates have already had it. What is needed is to verify.

Looking at his poor appearance, Shen Lang shook his head and told the truth: “Before today, I have not heard of you, I don’t know any of your opponents. I came to the door, not because of who, because you want to kill I am first!”

Bai Shenghua certainly does not believe this.

He asked himself to be the number one person in Pingxi. Everyone knows both black and white. The boy in front of him is not an ordinary person. The school uniform is definitely a disguise. Then how can he not know him at all?

“I went to the antique street for a whim. I missed the same thing, and the boss wanted to pay the bill. Is the boss your boss? He helped the boss to black me and bully my countryman. He started first, they have many people. I am just a small punishment, I don’t even know who you are, how can I know his relationship with you?”

This is the most talked about by Shen Langjin. This is also a confession. Let Bai Shenghua not be a fool.

“Interesting. I don’t know the relationship between Lao Dai and me. Because of a small dispute, you have tossed out seven or eight people. It’s awkward! It’s just my relationship... I believe you?”

Bai Shenghua took a ridiculous counter-question and did not believe this explanation.

Shen Lang shook his head: "I don't need you to believe, nor explain what you are saying. It is clear that you are dead!"

"Great tone!" The man who was slowly sipping tea next to him finally put the cup down and couldn't help but speak. "Young people have a little bit of skill, they don't know where the sun rises from!"

Shen Lang has already heard clearly, there is no movement in the stairs, rooms and other places. He said that he said it is clear, now is the time to start!

He stepped forward quickly, then kicked his foot to the front coffee table!

A large mahogany coffee table, immediately curled up from his side, to be over to Bai Shenghua over the past!

The man next to see Shen Lang started, immediately shot quickly, reached out and pressed on the coffee table, hard pressed the coffee table back.

Shen Lang has just been a temptation. He has already kicked a kick in the temptation of this extraordinary warrior when he shot the other side.

When the coffee table fell to the carpet and his voice rang, his feet kicked. The coffee table slammed forward and the ordinary warrior was not directly affected. The white Shenghua, who was facing him, was slammed into it. The coffee table hits the calf!
