

First Strong 40

Chapter 40 - Broken yin

Quickly admit defeat and put forward a life-selling transaction, so that Shen Lang is a bit smug about Bai Shenghua, can achieve today's status, and it is not ordinary people.

Ye Fan, who is next to him, is a shame!

He is not a younger brother who follows Bai Shenghua and is a bodyguard hired at a high price. Since it is the duty of the prince, this is his duty. Failure to do so is to dereliction of duty.

Seeking for mercy and buying life is not only that Bai Shenghua is afraid, but is willing to spend money to solve it. It also reflects the loss of confidence in him!

As a seven-segment superb warrior, he is unable to accept such a result. Just playing, has let him understand that the strength of Shen Lang is not ordinary, but now, it is anxious to attack, killing and rising!

“When I kill him, you don't have to be jealous!”

After this sentence was said, the temperament of Ye Fan's whole person changed. Before that, it was still a little bit of a light enemy. Now it is waiting.

He did not immediately rush to rush, but slowly stepped and moved to the side, although it was impossible to see between Shen Lang and Bai Shenghua, but also formed a triangle.

“Kid, a little talent, but today is too aggressive, and there is a lot of death!”

He released the rumors, and Shen Lang turned his gaze from Bai Shenghua to his face. At this moment, the whole person shot like a spring!

Shen Lang did not move.

Ye Fan's change, he is in the eyes of the six paragraphs of the extraordinary warrior, he has seen it, and the seven paragraphs have just been played. But now it seems that there is still a backhand.

When Ye Fan was shooting, his hands had swiftly swung, not the shots again and again, but they were ready to go, but the palms quickly became red!

It was less than a second to attack the side of Shen Lang with the distance between the two of them. When the fortune of the hand reached the red, it was already covered by the waves.

Shen Lang did not move, but not only put everything in the eyes, but also quickly predicted many subsequent changes in his mind.

When Ye Fan was about to attack his body, his body was just right to dodge to the side and moved again to avoid subsequent attacks.

“Yellow palm. There are four changes in one palm, and you are also an introduction.”

After Ye Fan did not stop, he did not stop, continued to pursue, still did not hit, and still continue. But when I heard the words of Shen Lang, I couldn't help but pause.

“Who are you? How do you recognize the palm of your hand?”

He quickly converges on the horror, but the look is much more solemn.

Just now is just an ordinary shot. Now this sinister palm is his housekeeping skill. The small sin of the sinister palm is the foundation for him to be in the seven-segment extraordinary warrior!

This is not a common skill in the secular martial arts system. Those who can recognize it must have come. I can see at a glance that he has four changes in his hand, and he is quite familiar with the palm of his hand.

In addition to the great lethality of the sinister palm, it also relies on unpredictable ambiguity. One palm can have two changes, four changes, and eight changes. The nickname can be ever-changing, but it can reach one palm. A change is hard.

Therefore, Ye Fan can practice a palm and have four changes after the move, it is already a small, can be just getting started in the mouth! This made him have to be careful.

“Hey! Is this level?” Shen Lang shook his head.

He just didn't have time to start. He wanted to see how strong the seven-segment warriors were, and he was a little surprised to recognize the sullen palms. Because this is a practice that he practiced during the entry period of the year!

Although it was a practice that had been abandoned in the late period of the previous life, it can be seen now, and it is also a bit close. I want to see Ye Fan to show it again.

Ye Fan's face has changed, and people don't buy it at all, and it's not necessarily related to it.

“Let's die!”

He screamed, and the palm of his hand was once again displayed. During the time, all the surrounding waves were filled with hurricanes. The red palm was like two big soldering irons. You don't have to think that the consequences of being photographed must be very serious.

The white sweat on the face of Bai Shenghua on the ground, he even wants to get up now, he can't do it alone.

Although the memory is a long time, it is a familiar skill when I first started. Shen Lang is very clear about each of these changes. I can see that Ye Fan really wants his life this time!

“Incurable!”

Shen Lang's resentment is clear, Ye Fan did not offend him, but Bai Shenghua's bodyguard. If you stop talking and look at the part of the yin palm, he is not accounting for anything.

Now that Ye Fan insists on taking his life, of course, he will not be polite.

When he said this, he took an incredible smashing angle, in a palm of his hand, he would step on the edge of the second and third changes, avoiding being attacked, and slipping. It was behind Ye Fan.

Ye Fan was shocked!

Whether Shen Lang is dodging or retreating, both in his calculations, he did not expect the other party to dare to rush forward. This is like a collision with a knife, but it avoids walking through the crack of the attack.

Is this a coincidence?

If it is the beginning, he believes that this is a big hit, but Shen Lang's understanding of the yin palm makes him understand that it is not luck.

The next moment, no time to return to the palm of his hand, he has kicked a kick to the back, while the body dumped as far as possible to avoid the attack behind him.

It is a pity that he is fighting with Shen Lang. Although this world did not choose to practice yin and palm, the familiar understanding of the yin palm of the previous world is far better than the level of Ye Fan.

Shen Lang slipped behind him, and immediately reached for a finger, accurately poked in his back waist!

“Hey-!”

Ye Fan gave a low drink, the kicking foot behind lost power support without going to the air, the forward leaning body can not continue to escape, the hands are also parked in the air, and then straight He fell to the carpet.

Because Bai Shenghua couldn't get up, he just looked at the two people's hands. Undoubtedly, he also hopes that Ye Fan can kill the huge threat of Shen Lang, but only a few back and forth, he is proud of the super master bodyguard, just like the robot that shuts down and falls stiffly!

“Let's be merciful! I am willing to 500,000, no, one million to redeem him!”

Bai Shenghua is still very rational and calm. Even if he is shocked, he will blurt out and shout out to avoid a worse situation.

Shen Lang knows very well about the yin palm, just the one finger, directly pokes its cover door, Ye Fan's haze palm is destroyed, and can't be practiced in the future!

Hearing Bai Shenghua, he did not continue, and looked back.

“You want to use money to marry me?”

When I heard this, Bai Shenghua was even cold and sweaty. At this moment, Ye Fan, after falling to the ground, struggled to climb up, and then desperately ran out.
