

First Strong 46

Chapter 46 - Yue 2 less shock

In the case of Yue Zhennan, Shen Lang is not unexpected.

This is a scandal. Bai Shenghua will not take the initiative to say more, but Yue Zhennan wants to inquire, but can still find out on the side.

“This seven-grand, can be regarded as the number one in the whole Pingxi, has been operating in Pingxi for decades, and the power is huge. You not only interrupted his leg, but also let him take the initiative to compensate you five million, you really cow force!”

Yue Zhennan raised his thumb and continued to say: “But he is pressing the news, so many people just know that he has an accident, do not know the specific situation, do you want me to advertise with you?”

Obviously, he also guessed that it was caused by Shen Lang’s shot because he lost money.

“I will vomit blood from Mr. Mo Qi from your home. Do you want to publicize it?” Shen Lang asked a smile.

Yue Zhennan immediately stunned: “Cough, wave brother, you are still low-key, I will not help you publicize. Gold will always shine, it is estimated that less than ten years, you must be famous!”

When he said this, he could not help but secretly feel. Losing him with an extraordinary chest, he will be decisively made after Ahu was injured. Otherwise you will miss the opportunity!

This Shen Lang, giving him another ten years to grow, is bound to be a dragon and a phoenix! Even Yue Jia can’t take it down!

Hearing his praise, Shen Lang is a dull look.

Name Zhenping West? This is not his goal. He must at least set foot on the peak of the world and become the king of the whole earth!

This is too pretentious, and he did not say much.

“Right, compared to Mr. Mo Qi, I can hear that Bai Qiye has a super powerful bodyguard. It seems to be called Ye Fan or something. It is said to be the seven-segment of the extraordinary warrior...”

When he said this, Yue Zhennan stared at Shen Lang and wanted to see something from his face. What he saw was a calm face, no awkwardness.

He smiled a bit: “You are not surprised at Ye Fan. It seems that you will have passed him. He has received a lot of money, can’t watch you hit his employer, and he has lost in your hands!”

“I took him away.”

Shen Lang calmly said this, let the hot towel of Yuezheng Nan is wiped off the table.

“You said... you not only defeated him, but also seriously injured him?”

When he asked this, his voice was a little trembling.

Those who have reached the six-segment and the seven-segment are all self-aware. If they lose, they will admit defeat. If they fight, they will only lose from defeat to fiasco.

He thought that Ye Fan was defeated by Shen Lang, and then he left, but he did not expect to be scrapped!

Is this still arrogant to explain?

Seven paragraphs! To the master of this high-handed seven-segment, the natural power does not work!

He took a deep look at Shen Lang and re-examined the high school student in front of him. Suddenly I don’t know anything about Shen Lang, this guy is too mysterious!

“Lang brother, thank you for your mercy to Mr. Mo Qi!”

Formerly called “Langge”, like “Shen Laodi”, they are all half-joking, in order to get closer to the name of the relationship. Now, this sound is that he really sincerely called “Langge” regardless of his age.

Shen Lang nodded and admitted that he had the strength to seriously hurt Mr. Mo Qi.

Yue Zhennan is not at all skeptical. If Ye Fan is not defeated, he will not let him hurt Bai Qiye. The seven-segment super-armed people have lost, even if they have not been scrapped, they have to abolish the six paragraphs of Mo Qi, there is no suspense!

What’s more, they watched that day, they just hit a punch and vomited blood.

Extraordinary warriors are different from ordinary warriors. The nine paragraphs can be summarized into three parts. One to three paragraphs are also masters of ordinary warriors. Four to six paragraphs have different levels, and seven or more paragraphs are more than one. Big steps.

Yue Zhennan is not clear about the specifics, but I heard that Mo Qi said that it is still possible to upgrade the five sections to the six sections. It is much more difficult to break through the seven sections in the six sections. There is a big step behind it! Otherwise, the nine-segment super-wu people will not be so god-like.

He now feels that it is necessary to re-report the evaluation of Shen Lang with the family elders!

This is the genius that the Yue family can’t eat. He can only pay attention to his good faith before he has yet to take off the dragon!

Perhaps... Behind the ordinary life of Shen Lang, is there a big deal?

Could it be...

Yue Zhen's southern eyes were slightly shocked, and thought of a possibility – the ordinary ordinary wave, may be accepted as a disciple by a comprehension!

“You came to inquire about the gossip? In fact, it is very simple. The people I played in Xiaonanmen Antique Street are the men of Bai Qiye. He thought that I was going to him, so I was looking for someone to kill me, behind me. Just went to the door, and five million is his redemption.”

Shen Lang just captured the expression change of Yue Zhennan, beat Ye Fan, and shocked him, Yue Jia should be jealous.

Yue Jia is the partner he has chosen to use the borrowing power. Of course, don't become an enemy. Like Bai Shenghua, it is because of suspicion and inexplicable grievances.

Therefore, he seems to say gossip. In fact, he simply clarifies the grievances of Bai Shenghua, so that Yue Zhennan can rest assured that he is not trying to ease the forces of the Western parties.

“It turned out! He was a faint...” Yue Zhennan sighed: “But Bai Qiye, he only made five million redemptions, think his life is so worthless?”

Shen Lang shook his head: “He gave a million to Ye Fan to redeem his life, and another five million to redeem his family. I am not extortion, nor innocent, I would have been two million. He insisted on giving five million. I took his leg up and it was three million to keep his leg.”

“There are principles!” Yue Zhennan erected a thumb and smiled: “His life is only one million, but his legs are three million, haha...”

He smiled on the surface, but in fact, there was a huge wave in his heart!

The money given by Bai Qiye actually included the money for Ye Fan's redemption! It seems that Shen Lang not only really ruined Ye Fan, but also killed the heart!

This guy.....

Yue Zhennan feels a while and is afraid More and more fortunately last time in the Yuegong Building here, did not play a lot of temper and anger, Shenlang, otherwise it would be inseparable from the last time C County!

Then he grasped the message that Shen Lang had revealed to him – to rule the leg, was it that the legs were interrupted to the extent of disability, and he was saved by his treatment?

He felt that Shen Lang was more mysterious, and then thought of the effect of the jade bought back for a week, and could not help but return to the theme.

“Lang brother, you said that it is good for me, is there any good thing?” He tempted one sentence.

If Shen Lang can come up with a similar baby, it is not that the ancient tomb can explain it, not his own, that is, the high man behind can make a baby!

“I don’t know the situation at your home, but I can guess a little.”

Shen Lang took out a small bottle: “This bottle of medicine is a treasured soup, and it is very effective. It is very effective. Ordinary people take a lot of income, and if they are extraordinary, they may gain more!”

The bait was thrown out.
