

First Strong 49

Chapter 49 - Only one chance

Shen Lang shook his head helplessly.

It is understandable that the last fight, Mo Qi dissatisfied. After all, he enjoyed the excellent treatment in Yuejia, and the result was face-to-face, which directly affected his image.

This time I know that Yue Zhennan came over, but certainly not coming together, and did not let Yue Zhennan know.

I want to come to Yuezhengnan, even if I know a little bit of Bai Shenghua's business, take care of his face and don't marry him!

"You will regret this."

"I regret that I didn't insist on playing with you in the right place!"

The strength of the person next to him, Mo Qi feels a bit unclear, knowing that he is not the master of Shen Lang, and he is not willing to get involved, he is greatly relieved.

"After today, I am afraid that you have no face to stay in the Yue family." Shen Lang wakes up again.

There was no grievance on both sides. On the same day, Mo Qi was in the forefront of Yue Sheng. It was the duty, just like Ye Fan. If there is room, he does not want to ruin people.

Hearing the Yue family, let Mo Qi's face look ugly, no matter who is next to him, this is equivalent to deliberately revealing his shortness before the person!

"I will go all out this time!"

Ye Fan's master has retired and left room for them to fight. At this moment, Mo Qi finished, and immediately slammed his feet, the whole person quickly leaped and flew directly to Shen Lang!

Last time in the hotel room, he did not have the space to display, and felt that he was underestimated when he was struggling with Shen Lang. Now he is playing his best.

A few meters away from the volley, it is like a falcon with a good attitude. Not only is the posture very handsome, but it also implies multiple backhands. It will not be passive because people are in the air.

Compared with the challenge of Mo Qi, Shen Lang is more concerned about Master Ye Fan, who is watching the battle.

Bai Shenghua said that he is a comprehension person, and nowadays, the comprehension is not only a layer of identity, but also a kind of honorary name that has been practiced to a certain realm.

The first comprehension person encountered, Shen Lang also wants to understand the strength of today's comprehension world through him.

However, Ye Fan's master should want to see him show his haze, want to see how many changes he has made, and whether there are defects in the door.

In this world, Shen Lang did not cultivate the palm of his hand at all. At this time, he wanted to show him, and he relied on his past experience to barely put up a posture. There would be no power.

Besides, why should he give him a demonstration?

I don't want Mo Qi to delay too much time. Seeing that there is more cooperation with Yuejia in the future, Shen Lang does not want to reinvent Mo Qi, but he must let him know how to advance and retreat!

When Mo Qi flew over, Shen Lang's body also moved. He jumped from the embankment to the inside of the bank for a few steps, and then volleyed!

Mo Qi's body is right and wrong, but the target is offset to the side, not only to make him reactive, but also become the target of attack!

However, for this, he is obviously prepared, and the man is actually a turning point in the air, and the first step to the volley of the swells of the waves smashed a palm.

Ready to go all out, it really is better than the last time.

But in the eyes of Shen Lang, it is no different.

The swell of the air leaping in the air, before he reached the palm of his hand, has already kicked his chest first!

For being kicked, Mo Qi still responded well. The hand that had been hollowed out was immediately turned into an eagle claw and directly locked to the kicked foot. Even if you take a kick, you won't let the other person be better.

It is a pity that his hand is half a foot away from the legs of Shen Lang, and he feels that the strength of the body is far better than the estimate!

After being kicked by Shen Lang, he had a body that had fallen down, and quickly flew out. The eagle claws were still buckled, but not only failed, but also no strength.

In his surprise, a blood that couldn't help but spurted out!

The last time was a shock that was hard and hard, and this time it was directly kicked in the chest. Even if the feet were under the feet, it was much heavier than the last injury, and the blood was sprayed more.

Without waiting for the blood to be sprayed, his body had fallen and fell directly into the river, a little muddy river, pouring directly into his mouth.

Shen Lang did not look at Mo Qi in the river, his eyes looked at Ye Fan's master with a sly look.

Ye Fan's master is slightly frowning at this moment. He can see the strength of Mo Qi. Since Shen Lang can abolish Ye Fan, there is no doubt that he will defeat Mo Qi. But I didn't expect it to be so easy. I didn't show any effort at all. I just got it.

“I didn’t see it as a lively event, do you have to avenge your apprentice yourself?”

The words of Shen Lang are already a bit provocative.

Since the other party came to the door, it is natural to avenge Ye Fan, taking into account the origin of the yin palm. He doesn’t think so much, he wants to verify what level this comprehension is.

Ye Fan’s master frowned again. He did not expect Shen Lang to dare to challenge himself after knowing his identity!

It is understandable that the newborn calf is not afraid of the tiger, but it is very confident that it is likely to be a big deal.

“What is your master?”

“You don’t need to know.” Shen Lang shrugged: “Even if I lose, I won’t find Master.”

Ye Fan’s master couldn’t help but squat up. Looking at the situation of Shen Lang, he was very confident in himself. If his master really understands the complete haze, then he will not take the initiative to find it. Once he is seriously injured, his master will not care!

When the two of them confronted the cold field, there was a few Mo Qi in the water and they began to swim back to the shore. While coughing and vomiting the river, it also carries blood stains, and the whole person is very embarrassed.

He was kicked into the river by a kick and vomited blood directly. This time, there is no excuse for not getting ready. I have already understood the gap between the two sides and have no face to stay on the scene. After vomiting some river water, he quickly left.

“The yin palm... Is there a sun palm?”

It was already cold for a while, and Master Ye Fan did not mean to do it, and he was not willing to ask.

Look at this, I can't beat it Shen Lang is a bit boring. Just started with Mo Qi, it is not fun, but he suddenly thought of a possibility.

Ye Fan's master, if it is a self-cultivator, should have more resources. The deal with Yuejia is to get money resources, and on his side, there should be resources that cannot be bought by money.

Shen Lang this world will not go to practice the Yin slap, the complete martial arts is also a memory, but to Ye Fan's master, is a priceless treasure!

“What price can you pay?”

“What?” Master Ye Fan snorted, and the jump was a bit big.

“Exchange. If you have something that will satisfy me, I will pass on the secrets of the complete practice of the yin palm. I don't guarantee how many changes you can make, but you can keep the door defects.”

Shen Lang's serious words made Master Ye Fan's heart beat faster. Undoubtedly, the secret of the martial arts can not be rumored, and this young boy is too young to dare to attack the teacher.

There may be only one chance!
