

First Strong 59

Chapter 59 - Improved formula

With the rich experience of Shen Lang's past life, of course, I can see at a glance what Ye Shiguang is entangled, and immediately added a weight to him.

"If you raise money, you still need to wait. If you have Lingshi, I can give it to others first. Now I can go back to practice. When you improve your strength, can you not earn a spiritual stone?"

This makes Ye Shiguang's eyes shine immediately!

Yes, if you break through the realm of the Yuan Dynasty, not to mention the importance of the family, you can earn more and more benefits than the "Nine-stage Super-Warrior" by relying on the identity of "the self-cultivator", including Lingshi. of.

Otherwise, if the age is getting bigger and bigger and cannot be broken, this Lingshi may also be taken back to the more promising younger children!

"Okay, I am willing."

Ye Shiguang took out his stone and placed it on the table.

The five of them were provided by the family. He was only responsible for bringing the transaction, so the five did not care much.

But this one is his own. If he looks at the transaction, he will not be there. He is still very sad.

Shen Lang nodded. In the past, he took over the forty bottles that he had just installed.

"This batch goes on... I will see you next time, maybe it will be a monk in the Yuanjing, but don't bully the younger brother!" Shen Lang tweeted.

Next time is the return to the monk!

The words of Shen Lang have caused Ye Shiguang's heart to smash. Just very sad, but see all the potions in front of them, think of this effect. He has become excited and can't wait to go back to practice right away.

Successful trading, Shen Lang is also very satisfied.

Shen Lang wants to say that if there is no breakthrough in the Yuan Dynasty, you are welcome to buy Lingshi to buy medicine. However, if I was not happy with Ye Shiguang, I would change my opinion.

"If your friends and relatives need it, whether it is Lingshi or cash, I will not raise the price. Yes, Ye Fan, if you are willing to stick to this treasure, it is still very possible. Restored."

"what did you say?"

In front of Shen Lang, Ye Shiguang did not react, just want to introduce the guests. But the latter sentence is to surprise and excite him.

Originally, he would find Shen Lang, which is for Ye Fan's business. It is because the Yinzhong palm and the Yangshuo palm can make up for the defects of the cover door, and this is suppressed. It is also unclear how the strength of the self-cultivator behind Shen Lang is not. Dare to move.

They checked over, and Ye Fan was not only injured and broken, but his strength was also greatly damaged. He recovered to the level of the first and second super-armed people. For a genius child who is seven years old, it is not only a personal blow, but the family is also very resentful.

If you can recover, of course it is too good!

"How much medicine do you need? Can you provide a part? After all, you have scrapped him, and you can turn it into a jade. The pain he eats is a tribulation..."

When he hadn't finished talking, Shen Lang sneered and interrupted: "Do you want to face? He wants to kill me. If I don't study fine, I will die. Don't forget, I don't dare to kill him. He can live. It is the employer Bai Shenghua who gave him a million yuan in time to pay for his life!"

Ye Shiguang screamed, this kid is addicted to money! If he wants to pay for it, he will turn his face.

“I will go back to discuss, if I can convince his father, I will come back to buy with you. But I am afraid that his father can not accept...”

“Threaten me?” Shen Lang looked at him deeply: “People respect me, I respect people. People make me... but don’t blame me for slaughtering! Last time Bai Shenghua pleaded for me, there will be no redemption next time. The opportunity!”

Ye Shiguang’s heart is a sigh, Shen Lang is a swear word, not a thing, but that gaze directly makes his back cool! A teenager in the district, but it seems that there have been thousands of killings to say, that murderous can not be installed!

“Harmony is expensive, peace is expensive...” Ye Shiguang smiled and eased.

No matter what the killings of this wave, the cover of the palm of the hand is very clear, it is enough to make Ye Jia jealous! Even if you give a complete exercise, it will not be able to make up for a moment.

Besides, I wonder if this practice is written, is there any left hand? Even if it is not, it is also a complete understanding of the yin palm, enough to make Ye family suffer.

To take a step back, even if you can destroy this sinking wave, is there no one behind him?

A high school student who suddenly rises, can understand the complete practice of the sinister palm?

Can you smelt such a potent soup?

Can you be so fearless?

He secretly made up his mind, and he still tried to persuade him. If he could solve it with money, he would not have serious consequences.

With forty bottles of treasures and gods and secrets, Ye Shiguang did not feel in a hurry and quickly left.

There is a person left behind, and he is not in a hurry to continue the refining.

Ye Shiguang's reaction just gave him some inspiration.

The treasure is still difficult to drink, he can stand it, but others are not necessarily. Dilution or swallowing, it will still make people feel that this thing is good.

In other words, since it is sold as a commodity, it has to take care of the taste of the public. All beverage companies, food companies, have already explored the taste "truth" – sugar.

Adding more sugar, sweetness will reduce the difficulty of other tastes, and it is relatively more acceptable.

He immediately searched with his mobile phone. The average drink is 5 to 10 percent sugar. The fifth is a lighter taste. If it is more than ten, it is very sweet. Some people like it, and some people will feel horrible.

But this is a drink, basically water and sugar and other flavoring additives. Like the unbearable level of the treasure, it is estimated that 20% of the sugar may not be able to continue.

The capacity of the bottle is effective, about 50 grams. If the sugar is 20%, the soup will only be 80%. This is a bit of a cut.

But soon Shen Lang figured out, whether it is the Yue family to use or give away, this is not something ordinary people can enjoy, this dilution, there is nothing to them. Besides, there is something that would have been a bite. If it is too difficult to drink, spit it out, it will not stop.

This temporary "improved formula" has nothing to do with the efficacy, is to improve the taste, Shen Lang directly searched the county where to sell local honey, take the time to go directly to buy.

Compared to white granulated sugar, honey tastes better and has a higher sweetness. But he also limited the degree by about 20 percent. If the sweetness is not enough, then you have to find another way.

So he ordered another package of aspartame on the Internet. This is the sweetness of the sugar substitute. The sugar substitutes like saccharin and xylitol are several times sweeter than white sugar, and aspartame reaches hundreds of times!

Sugar-free cola can maintain the same sweetness, that is, replace the sugar with aspartame. Normal a can of cola has more than 30 grams of sugar, the heat is very high, and with aspartame as long as a few grams, the sugar content can be neglected.

Although this taste is not as good as sugar, but the victory is small, Shen Lang bought it, if honey is not enough, just add a little.

After finishing this, he did not return to school tonight, and took out six Lingshi.

For Ye Shiguang, this stage is more suitable for the treasure, but for Shenlang, it is more suitable for Lingshi!
