### Chapter 61 - Mysterious Shen Boss

Yue Zhennan soon came over. After picking up the Shenlang, instead of going to the factory, he went directly to the Huayue Hotel.

He also explained on the way that he could not run back and forth one by one, so it was already the factory owner who invited the Huayue Hotel to sign the unified sign that needed to sign the wave. Others still need to go to the relevant department to handle the other arrangements. do.

When he was unable to contact Shen Lang, he was waiting at the hotel.

Shen Lang certainly wants to save trouble. After arriving at Huayue Hotel, he came to a conference room.

Inside, I saw the boss waiting for tea. Shen Lang knew that the boss seemed to be surnamed Cai, but he had never seen anyone. There were still several people at the scene.

“Yue Boss is back.” Seeing them coming in, several people came over immediately.

Yue Zhennan also smiled at them: “I will introduce this, this is my truly funded brother Shen Lang. This is Cai Boss, this is the Yang Shuji in the town, this is Director He.”

It seems that it is really through the way of Yao Houpu, in order to let the leaders of the town follow, it is estimated that they also have the work of Cai boss.

Shen Lang shook hands with them and expressed their gratitude.

For the identity of Yue Zhennan, what Yang’s secretary Cai boss is, should be a part of understanding, and maintain awe. It is definitely a big deal for him to let him personally promote it and let the county leaders speak.

Shen Lang did not wear a school uniform this time. In their eyes, this mysterious Shen boss should be a powerful child.

Whether it is because of playing or other reasons, Yang Shuji hopes to make them satisfied, so Yuezhennan or the Shenlang can bring a little new investment to the town.

Boss Bo is a bit embarrassed. If you don't know your own factory, how can you let these boys see it?

Because Shen Lang is not good at dealing with them, the guests who are facing Yao Houpu and other guests have left without direct reason, and now they are just coping.

But this is not enough to be easy-going, falling in their eyes, but thinking that this is a high-pitched habit, and more careful accompanying smiles.

Yue Zhennan had a follow-up help, Zhang Luo had let them sign a trading contract, and Yang Shuji and he were also witnesses. Other programs are not a problem in this county, and they can be easily handled.

"Shen boss, on the handover..." Cai boss asked his question.

Since the factory has already sold, the other party must take over, but he does not believe that these sons will come to take care of themselves, it should be arranged.

Shen Lang nodded, this is the key question: "The plenipotentiary representative of me will be Ms. Han Fengying, and I need to trouble Cai boss to help."

"No problem, no problem, don't know what the Han is in place?" Cai boss asked.

Several of them thought that they had guessed the truth. It is estimated that this son is spending more than six million to buy a factory to manage which beauty to play.

"Ms. Han Fengying is now a factory worker."

When he finished, Cai boss thought about it, and his face was incredible: "You are talking about Korean and Korean big sister?"

The factory is small, everyone is nearby, and many of them are old employees. Of course, he knows that he just did not associate with this.

“That is my mother.”

This is said to make Cai Bo and Yang Shuji even more surprised.

Looking at Shen Lang carefully is not like a joke. Yue Zhennan is also facing his face as usual, only to believe that he has not heard the mistake, but still feels incredible.

Director Yang Shuji is an old civil servant. He will be very aware of the situation. Although they do not know Han Fengying, they also know the boss's expression and know that they are just ordinary workers. How could it be the mother of this mysterious Shen boss who looks like a big one?

“Is there a problem?” Shen Lang glanced at him.

“No, no, no problem at all! I will help Han Dajie to complete the handover, and will arrange other personnel. Later, I will assist Han... Han.”

Boss Bo quickly rushed to take the shock and slap the chest to guarantee. For Han Fengying, he should also be called a name. He just changed his name to Han Dajie. He also felt that it was not suitable. He also called Han Zong.

Yang Shuji's mind was immediately active. Han Fengying was the mother of Shen's boss. He bought a factory for more than six million yuan. He will definitely continue to take care of all kinds in the future! Han Fengying is the town. After that, is there investment in the town?

“Shen boss, you can rest assured that you and Yue boss are doing big things, don't worry about trivial matters. We are serving the people. If there are any problems in the factory, we will take care of them in time!”

Even if Yue Zhennan is promoted, Cai Bo can still be another thing. If he is forced to deal with pressure, there may be various means to make the blind, but now the party secretary in the town made a statement, generally not There will be any problems.

Shen Lang also admire Yue Zhennan a bit. In his capacity, this is not going to pay attention to the township cadres, but the county magistrate is not as good as the current one. Looking for Yao Houpu, this is a greeting to ask, and it is impossible to pay more attention in the future. Not to mention a few years may have been transferred.

The cadres in the town are different. They are truly local, and many specific things are for them.

“There is a copy of Yang Shuji.” Shen Lang expressed his thanks.

At this time, Yue Zhennan smiled and said: “It’s hard work for you today, and I will trouble everyone in the future.”

“Where, we are all serving the people, it should be.”

“Time is not too early, Yao Shuji asked us to have dinner together here, is it better to stay together?” Yue Zhennan smiled and sent out an invitation.

Whether it is Yang Shuji or Cai Boss, of course, they are willing to eat with Yao Shuji, which is an opportunity to close the relationship.

However, Yang Shuji understands that people are polite, this Shen Lang does not know how to behave, but Yue Zhennan is a big one in the city. It is said that Yao Shuji had asked them to eat instead of asking them. Thank you, Yao Shuji for your meal!

It was the dinner of Yao Shuji, but did not ask them. And Yao Shuji is just a phone call to help, if you really stay to eat, you can’t make a bad impression on Yao Shuji.

“Thank you very much, we will not eat dinner, or take the time to go to the relevant departments to finish the follow-up. Bring Yao Shuji well!”

Yang’s attitude made Yue Zhennan very satisfied, that is, the guest set aside, and the party left the conference room.

After arranging people to follow them to other procedures, Yuezhennan took Shenlang to the hotel’s Yuegonglou restaurant room Shenlang was going to go back to school, but Yuezhennan

quickly helped to get the factory. It also includes the help of Yao Houpu, and he can't help but give face.

“Thank you for the Yue Gongzi, I will come here tonight.”

“Is it not my face? I call you a wave brother, you call me Yue Gongzi!” Yue Zhennan exaggerated sigh. “You call me Xiaonan!”

“...” Shen Lang is full of black lines.

“Haha, kidding. The elders called me Zhennan. You don't feel like losing money, you can call me Nange, or Laoyue.” Yue Zhennan gave a few choices, no matter what, it is close to both sides. Relationship.

Shen Lang was helpless. He didn't want to call Nan Ge and Zhen Nan. He decided to call Lao Yue.

“You don't have to rush to pay the bill. Tonight, Yao Houpu is going to invite you to dinner, and there are important things to discuss with you.” Yue Zhennan took a shot of Shen Lang's shoulder and revealed it carefully.

Shen Lang slightly glimpsed, eating is to thank you for understanding, to discuss matters?
