Chapter 83 - The secret of school flowers (on)

Mo Qi is to understand people, Shen Lang killed his master after all, even if he said that he did not dare to take revenge, will not revenge, Shen Lang will not trust, or there is a heart of destruction. With this imprint that can kill him at any time, he can make Shen Lang feel at ease.

Although Shen Lang said that he is fine, but knowing that he will turn his head and kill him?

Therefore, he took the initiative to say that he did not need to release the imprint of life and death, and he swears to follow, and dare not have the slightest disrespect. Give your life to the other person in exchange for a chance to live.

Seeing Shen Lang watching him not talking, Mo Qi smiled and said: "Please rest assured, I am telling the truth."

Shen Lang indulged for a moment and said slowly: "Go! Maybe when you can do something."

"Thank you, thank you for your approval!" Mo Qi quickly thanked, this shows that he will not want his life.

"I killed your master. If you want revenge, you can always find me. If you really want to do things for me, I will not treat you badly." Shen Lang said, and took out a few small bottles and threw them over.

Mo Qi quickly caught up, excitedly said: "Thank you! Please rest assured, Mo Qi will never dare to have a disrespectful heart, must swear to follow!"

Yuan Cheng does not care whether he is dead or alive, he is already dead, and he can report any hatred. I was only fortunate that I only hoped that I could redeem my life. Now Shen Lang has given him a few bottles of treasures and he is really flattered.

He also knows the price of Yuejia. In the case of providing medicine, it is still a bottle of 50,000.

"Go! Send me back."

When refining the medicine before Shen Lang, I also considered how to deal with Mo Qi.

After all, he is the master of the Yue family, and it disappeared. Even if there is no evidence, the energy of the Yue family can still be found here according to the traces of the vehicle. Even if he doesn't care, he doesn't want to let the Yue family misunderstand it.

If you can't use it for yourself, you can avoid these troubles and you can erase the traces of Yuan Cheng through him. And a lot of people who can run errands, can not find Yuezhennan anything, others do not have this obligation.

Of course, in the end, it is Mo Qi's strength that is too different from him. Seeing that he punched Yuan Cheng with a punch, he did not dare to have dissent.

With this idea, he took the last batch of treasures that he had wanted to give to the rain. Now there is something to gain, and it is also a double harvest, so that he is satisfied with the "reward" of the past.

If you want to conquer people, you still have to be envied.

Mo Qi knows the benefits and value of Baibao Rehabilitation Soup. Shen Lang's shot makes his heart truly settle down. He is willing to reward him with the treasure and he will not want him to live any more. As long as he follows well, there may be benefits.

Sending Shen Lang back to the residence of C County, Mo Qi respectfully exchanged his phone number, WeChat, etc. with Shen Lang, indicating that he has any instructions and can always find him. If necessary, it is also willing to let him stay in the county.

Shen Lang just kept a hand, there is nothing to use him at the moment, or let him continue to return to the Yue family, everything is as usual.

The information of the tomb of the King of the King, let Shen Lang know, he certainly wants to blend.

After a few times, someone came over and asked him to arrange a place to live in the house, so that when someone was absent, someone would break in.

However, this makes Shen Lang a bit embarrassing, because his previous memory in the battle, not some peerless big battle, but also a powerful killing! It is natural to use it to look at the nursing home here. In case the ordinary people come in and kill directly, it is also injurious.

Finally, I thought about it for a long time, only to think of a small magical array, which was learned in his early life. I don't really remember it when I didn't think carefully.

This illusion is much easier to arrange, and the place is ready-made, that is, in the yard. Without him, whether you open the door or come in through the wall, you are caught in a magical array. At that time, I will look at the door in front, but I will never walk. If I walk a few more times, I will faint and faint.

Then Shen Lang informed Yue Zhennan that he had time to take the treasure and return the soup. The new batch came out and the taste was improved.

Although the value is very high, but the effect of this thing is very obvious, so that Yue Jia is very important, he immediately said that he will arrange time as soon as possible, and the funds that should be paid will be in place.

After a trip back and forth, Pingxi missed a lot of time, and after waiting for it, it was already in the middle of the night. There are no classmates here, and Shen Lang seizes the time to absorb the aura of Lingshi.

But this time he set a milder alarm reminder, guaranteed to practice for only five hours, and then sleep for two hours.

The "Phantom Meteor Step" that I just practiced last night was put to great use today, so that Shen Lang also realized that many things can't be cuddling, and I have time to learn a little more.

But this also requires a foundation of vitality, which is why the "yin and yang wave if true" automatically operates, or it depends on the energy of the absorption of Lingshi.

The speed of Shen Lang is also an unimaginable rocket speed for the genius in the comprehension. But he is still not satisfied, because he is the one who has been to the top!

If a doctor reborn with his previous life memories, would he meet the kindergarten's little red flowers and satisfy the first grade? Of course, it will find all the resources to learn by themselves, accelerate and then accelerate, skip the level and then jump.

When the tomb of the King of the Kings was opened half a month later, I wanted to share a piece of the family secrets that kept the secrets. Without strong strength, it would not work. Yuan Cheng is doing a good job of hurting and sacrificing a hundred treasures of sacred soup. Even if Shen Lang is much stronger than Yuan Cheng, it is definitely very troublesome to provoke the public to be besieged.

I have applied for a night out with Mr. Wang and I don't have a self-study in the evening. Shen Lang thinks that the principals are standing on the platform. Teacher Wang should not dare to say anything, so he is not in a hurry.

After eating breakfast outside, took a taxi to the school, this time he remembered, brought a few bottles of treasured soup to the rain.

However, after arriving at the school, I found that there was no chance to go to the rainy school desk. When the countdown sprints, there are too many diligent students. At most, there is no one to eat at the same time. If there is no morning or noon, there are many people working hard in the classroom.

He can only leave a message for the rain, let her go late at noon, there is something to give her.

Upon seeing the waves, Jianghe revealed a lot of gossip to him, saying that several people who had given him a squad in the afternoon had not waited for him on the playground. Last night, I was arguing everywhere, saying that Shen Lang was afraid of them, and did not dare to appear. Even the self-study did not dare to come and hide outside!

Shen Lang was scornful, and for these students, he was too lazy to pay attention. A little bit of concern to him is that the person who used the brush strokes to fight the book, is it the person who fell into the rain?

I didn't go to the appointment last night. What will this person do?

At noon today, I also agreed to leave the classroom after a rainy day, and will they let their reaction escalate again?
