Chapter 87 - Lord of the Yue family

After Shen Lang had finished eating and didn't go back to the classroom to work hard, his time for class was enough. It was not worth paying more, so he returned to the dormitory for lunch break after dinner.

Except for some of the fate of the students, the average student does not have such a luxurious nap, and can't help but take a nap in the classroom.

Shen Lang looked at the group news, and sure enough, the things of the boys have been rumored.

However, after being rescued, they all rushed back to the dormitory to wash. For the reason why they got into the trash can, they did not say a word. Because all the grades are very good, so let some students who can't learn, gloating and saying that they are too stressed can not stand.

Shen Lang just took a look at the information and did not participate in the discussion. I can't talk to them about hate, just like flies, you wave them away.

He used the time of the lunch break, still excuses to sleep, continue to practice.

Dong Wenbin's affairs, Shen Lang and Luo Yu's anecdote, are only for everyone to adjust, high school students, or the final sprint of their heart, they do not even have a long time to burn the trash can.

Shen Lang maintained this for a few days. Yue Zhennan did not personally come to take the treasure and return the soup, and did not worry about letting others transport it. When Shen Lang is free, he has also practiced several times to ensure that there are more than one hundred bottles delivered.

When he returned home on Saturday, he also brought some home. The reason is the last time, but I don't say it. He said that he also drank a little, and his spirit was much better. I contacted the person and bought some good tastes. I also kept some of them and let them eat slowly.

The Shennan couple thought it was the herbal tea of Chinese medicine. They thought that it was too expensive to go there. Maybe a bottle of up to a dozen yuan. Compared with millions of factories, hundreds of pieces are nothing, and the son is in a heart. Promised to take it.

The results announced this week, Shen Lang is still in the third. Let there be some secret criticism, and feel that if he does not rush to the first, he will fail.

However, Shen Lang said that it is the week before the top 20, the second week to the top ten, the third week to the top three, but only the third week ahead of schedule. Still third, it is also within his goal.

However, now Shen Lang has been bearish, and will not spend a lot of time to sprint first in order to sigh in front of everyone, after all, the rain is really learning! And at the end of the year, reading the books and doing the questions are not what he can compare.

Now he also knows that this genius of falling rain is a relationship of repair. In terms of energy, memory, etc., it is far better than ordinary people, and I don't know how long it is before he starts running.

Yuezhen South was confirmed on Wednesday, in addition to the time ahead and Shen Lang, of course, as before, directly arrange the car to pick him up at the school gate, or go to the Yue Yue Hotel Yue Palace Building to eat, the county only has this to let him see Get your eyes on it.

Shen Lang did not polite with him. He should not only eat, but should talk about it and wash his marrow for him. As long as the treasure is still a \*\*\*\* soup, you can eat it and go back to the place to take it.

When Huayue arrived, Yue Zhennan was still waiting at the door of the lobby. When he led Shen Lang to the moon palace building, he first talked to Shen Lang. This time he was not alone, and there were other elders.

But it is not Yue Qiang Yue Sheng, but his father Yue Gang!

Although Yue Zhennan did not brag about his father's identity, but from his view of Yao Houpu as the second son, Yue Gang is definitely a real person in the Yue family, maybe it is now the master of the family.

This makes Shen Lang pay more attention to it. It can be guessed that the purpose of Yue Ganglai is for Yue Zhennan.

If Yuezheng South is young, it may still be fooled. But that piece of jade and treasure is still a \*\*\*\* soup, that is verified. And Yue Sheng and Yue Qiang have also seen Shen Lang, which can give Yue Gang confidence. But it matters a lot, he still has to come to know it in person.

At the door of the private room, someone was already watching. When they saw them coming over, they opened the door one step ahead and reported it inside. When the two walked over, they opened the door and let them in.

Shen Lang entered the private room and saw two people inside. One of them is about 50 years old and looks like Yue Qiang Yue Sheng. He is mentally awkward and has a sharp eye. Just sitting there, there is also a stronger momentum than Yue Qiang Yue Sheng.

The other person is familiar – Mr. Mo Qi.

“Dad, this is Shen Lang, this is my father.”

Yue Gang did not directly reveal anything, but still looked at the waves. When Yue Zhennan introduced them to them, Mo Qi had already stood up and gave a slight tribute to Shen Lang.

This respectful attitude makes both father and son a little bit strange.

They did not know the two encounters of Mo Qi behind the search for Shen Lang. They only knew that the first time they met, the Shen Lang had the upper hand. But Mo Qi is not convinced and not reconciled, saying that he is not ready, underestimate the intention.

“Long time Yang Yang, really is a hero out of the boy!” Yue Gang smiled and stood up, shaking hands with Shen Lang.

After a few words from the greetings, he told Yue Zhennan to inform the waiter to start serving.

Not waiting for Yuezheng South to get up, Mo Qi is a step ahead. “I will go!”

“Mr. Mo Qi, let Zhennan go, how can you help you drive?” Yue Gang said.

Obviously, as a super-sector of the six paragraphs, Mr. Mo Qi is still very respected in Yuejia. Yue Gang brought him, not for the bodyguards, or for the next Mawei, but one more enough to accompany the guests.

“No trouble, in front of Mr. Shen, where is my seat, it is my pleasure to run errands.” Mo Qi went out and said.

This in turn makes Yue Gang and his son exchange a look are both surprised and incredible.

Mo Qicai is in his thirties, and he is already a six-segment superb warrior. There is also a master of comprehension behind him. Breaking through seven or eight segments in the next few years is not a problem. Nine segments are even called comprehensions. It is possible.

This kind of identity and future makes him get the weight of Yuejia, and he is quite a bit mad at himself. Most people are dissatisfied. But just now they all noticed that Mo Qi did not say anything, but really showed respect for Shen Lang!

However, Yue Gang did not show anything, and continued to greet guests.

The time of Yue Gang is of course very valuable, and the time for Shen Lang to leave school is fixed. Yue Zhennan has been here many times. So everything was arranged. At this point, the dishes were ready. After Mo Qi went to the notice, they immediately went on.

At the time of eating, Mo Qi put down his posture and rushed to do the work of drinking wine with Yue Zhennan. He also actively toasted Yue Gang Shen Lang.

After eating a round of wine, watching Yue Gang to say something right, Mo Qi immediately found an excuse to go out, leaving them three in the private room.
