Chapter 90 - Punch

When I heard Yue Gang's words, Yue Zhennan was surprised because it was still too young, and these secrets did not tell him.

Shen Lang is a bit crying and laughing, dare to sell this information to Yuan Cheng, is the Yue family! It seems that it is possible to catch up with Yuan Cheng, perhaps because of Mo Qi's sake.

However, this is a side proof of Yue Gang's words, which made him pay more attention to it. It seems that the Yue family still has a foundation. It is no wonder that I have just said that there is a meritorious method in the family. This is not an occasional, winning, or ancestral one. It is no wonder that the Yue family is strong in Pingxi. Maybe you can identify jade and treasures, but also rely on their own people!

"Your grandfather, is my...too?...he is an old man, is..." Yue Zhennan wants to ask, but in surprise, he did not organize the language.

Yue Gang nodded a little heavily: "Nature is trapped in the event, no one can live in it for sixty years. Specifically, because time has not caught up, or because of man-made, it is still unclear. ""

"Man-made?" Yue Zhennan was surprised again.

Shen Lang added a sentence in a timely manner: "In addition to Yue Jia, there are other people who know this secret and enter the Tomb of the King, so your great-grandfather may have been harmed."

"Yes!" Yue Gang nodded in agreement, which also made him more certain that Shen Lang is fully aware of the situation. Then there is nothing to hide, and there is an exchange between each other.

"My grandfather had a direct impact on the foundation of the Yue family after the accident. In order to prevent others from taking the opportunity to destroy it, the Yue family took the initiative to make a lot of concessions and retreat in a low-key and conservative manner. It was a provocation and a forbearance. And let me say that we will not participate in the opportunity of the tomb of the king of the king..."

Speaking of this, Yue Gang still has a feeling of humiliation.

He was not born sixty years ago, but he gradually retreated after he was born, and he has been accompanying the long-term process of adolescents. After several decades, the Yue family transformed from a family of comprehension and transformed into a secular family, which allowed the opponents to be vigilant and suppressed.

When Yue Zhennan was born, he felt that Yuejia is a wealthy family. In the eyes of others, he is a young master and a son who is born with a golden key. Yue Gang, who has undergone a transition period, will have a sense of stigma that is degraded.

The sudden loss of the family's mainstay shook the foundation, and the children did not grow up smoothly. Then the external suppression and external scruples made them a whole generation or even two generations. When Yue Zhennan was born, I wanted to see if I could continue.

It is a pity that Yue Zhennan's talent is not good either, so compared with the personal obsession of Yue Zhennan, the older generation of Yuejia has a greater obsession, and this will decisively come up with three spiritual stones.

After understanding this source, Shen Lang also believed that Yue Jia would really support Yue Zhennan's cultivation. It should be hoped that it would rise again through the efforts of two or three generations.

"Oh, don't say these repressed pasts. If Zhennan can become a self-cultivator, not only our wish, but also a continuation of the family. So for Mr., we are very grateful."

Yue Gang's current thank you is from the heart of the lungs, there is no feeling of a guest.

"This time, we are no longer involved, and we are not able to participate. Since Mr. Shen knows this, I want to come and participate. We are now my own people. I am willing to tell the secrets of our Yue family. Tell me what you can do!"

"Thank you." Shen Lang is not polite.

Yue Gang's mind is very obvious. Every time the opening of the Tomb of the King is a chance for several family sects, it is also the time when the various families fight. The Yue family is suffering

from a big loss, and now it is incapable of revenge, and there is no real evidence of who can avenge.

That information is provided to Shen Lang. If Shen Lang and the strong man behind him can stand out from the crowd and press on other families, it is also a disguise to the Yue family.

So behind, he told the secrets of the Yue family from generation to generation. This also surprised Yue Zhennan. After all, even he did not hear about it before. He had to know the core of the family. He didn't expect his father to meet with Shen Lang for the first time.

Although everyone has no promises or anything, but after this secret is said, there is no doubt that the relationship between Shen Lang and Yue Jia is closer, which is what Yue Gang hopes.

The most important thing to do is to accidentally join another important opportunity, and then it is simple. Yue Zhennan followed Shen Lang back, loaded a hundred bottles of Baibao Reiki, and then went back to Pingxi with Yue Gang.

After you have prepared more medicines and some things you need to use tomorrow, come back again.

After they left, Shen Lang began to recall his thoughts. For the case of Yue Zhennan, the general comprehensions are helpless, and only the deep-rooted sects have solutions. But in general, it will not be solved, because it involves cost issues, it is more convenient to find a talent directly.

But there are exceptions. For example, there are some disciples who have good comprehension, strong perseverance, and a good mentality. It is just that physical conditions are not good. This is what the teacher will pay attention to. In the current words, this is the "software" is very good, it is worthwhile to upgrade the "hardware" at a cost. After all, the problem of good hardware and software is not great.

Different methods of comprehending the martial art are different, but the essence is the external force to help get through, it is also very similar.

After Shen Lang recalled the method, he began to prepare. With his current strength, relying on his own strength to help Yuezhen South get through, can also be done but not worth it, too expensive.

His plan is to use his guidance, and then absorb the energy of the drug to complete the process of easy to wash the marrow.

In the process of refining the medicine, he did not want Yuezhennan to look at it, so he picked up the medicine according to the formula and began to practice it overnight. Unlike the Baibao Rehabilitation Soup, this time it takes a lot of weight, so he also prepared to not rest for one night.

When the refining drugs are on fire, Shen Lang continues to practice.

I didn't go to self-study this week, let him have more time, let him practice no less than ten hours every night, so high-intensity cultivation, coupled with the rapid absorption of "Yin and Yang Bo Ruozhen" It is the absorption of the aura contained in the two Lingshi! Become two waste rocks!

Shen Lang got six Lingshi, sent one to the rain, and refining two, leaving three. Tonight, I got three more Yue family, so that he is not afraid of no resources.

At this moment, holding three directly in one hand, urging the "Yin and Yang wave if true", while absorbing the energy of six Lingshi!

He is preparing to hit the second episode of "Yin and Yang Bo Ruozhen" tonight!
