Chapter 1101: She's My Future Wife

Awkward...

He would not have been treated this badly if Lu Tingxiao had not gotten a girlfriend so soon.

He still had a friend in him before and could still use Lu Tingxiao as his shield! But not anymore!

He really had to speed up his game to get closer to Ziyao...

As he was about to go and look for Guan Ziyao, a guy suddenly dragged him aside and asked excitedly, "Master Mok, is that girl in the corner your friend? What's her name? Where's she from?"

"What do you want?" Mo Lingtian glanced at him suspiciously.

This guy was an infamous Casanova in Imperial and changed girlfriends as often as he changed his clothes. Worst of all, he loved to mess with other people's girlfriends.

Wang Shengzhe raised his eyebrows. "Of course, I'm interested! You know I like that type of chick!"

Mo Lingtian sipped some wine to contain his annoyance. "You don't have to know who she is. All I'll say is don't mess with trouble."

Wang Shengzhe exclaimed, "Hey, don't jinx me! It's normal for a guy to be attracted to such a beautiful lady!"

Mo Lingtian said without any expression, "She's taken."

"So what? There's no girl in Imperial that I wouldn't dare to flirt with!" Wang Shengzhe then courageously walked towards Ning Xi's direction.

Somewhere nearby, Guan Ziyao was talking to Lu Tingxiao. She wore a black Chanel gown in her usual simple and elegant style, but her expression looked tired.

Guan Ziyao looked at the man in front of her and spoke slowly, "Tingxiao, I'm sorry for what happened last time. I lost control of my emotions. I should've said something before I left.

"I understand what you're trying to say. You're the most compatible man I've ever met and I once thought that we could spend the rest of our lives together. But there is still a long way to go and too many things are simply unpredictable... It's regrettable but I respect your decision."

Guan Ziyao then smiled with poise. "So, we're still friends right?"

Without a doubt, this was the best way for her to move forward right now. She had forced herself not to look for him during this period of time. She thought that if she stepped back, Lu Tingxiao would not reject her this time.

Lu Tingxiao glanced at her, then said with his usual cold expression, "I'm sorry, to avoid any further misunderstandings with my girlfriend, we really shouldn't contact each other anymore."

Guan Ziyao's face froze. She did not expect Lu Tingxiao's reply. His words had completely disregarded her!

Guan Ziyao looked hurt and her voice trembled, "Tingxiao...we've known each other for about 20 years, I understand that you have someone you love, but I already declared that I will leave you. Are you going to give up our friendship for a woman you haven't known for very long?"

"She's not just a woman I haven't known for long. She's my future wife." Lu Tingxiao then coldly looked at her with a warning glare and Guan Ziyao felt a chill run down her spine...

Chapter 1102: You're Really Good At Joking

After Lu Tingxiao finished his conversation with Guan Ziyao, his eyes moved to Ning Xi and he noticed that Wang Shengzhe sat opposite her.

The man's cold expression changed slightly. He excused himself from Guan Ziyao and headed towards Ning Xi...

...

The Mo family's little garden was really pretty with had a pleasant view. The corner Ning Xi was sitting in had vines around it with flowers sprouting from it. Beside her was a pond reflecting the full moon.

What was more beautiful than the view was the person under it.

Yet, the person was only focused on Lu Tingxiao and Guan Ziyao.

What were they talking about? It was taking really long! Damn it!

Many young men or parents like Mo Jianzhang, who intended to look for a girl for their sons, all noticed Ning Xi. However, before they could make a move, they all saw the infamous flirt walking towards her.

As they saw Wang Shengzhe in hunting mode, they hoped that this innocent-looking little girl would not be fooled by him!

He actually came from a pretty prestigious family in Imperial. Although he was capable, he always indulged himself with lustful deeds.

As Ning Xi was wondering what Lu Tingxiao and Guan Ziyao were talking about, a man had suddenly walked up to her. "Hi there, is there anyone sitting here?"

The man wore a fitting English three-piece suit, looking rather retro and cool. His looks were above average, but his lustful eyes were a huge turn-off to Ning Xi.

Nevertheless, no matter what the man did, it did not concern her, so Ning Xi kept on looking at Lu Tingxiao. Without looking at the man, she replied, “Yes.”

Wang Shengzhe was a little taken aback but quickly smiled, “You’re really good at joking, I’ve been watching you for a while. You seem to be here alone.”

Ning Xi was speechless at his nerve to ask something he already knew.

Wang Shengzhe noticed that Ning Xi was not reacting to him but that got even more excited. His eyes were like a radar, scanning every inch of Ning Xi.

Wang Shengzhe was way more knowledgeable than women in girly stuff and he soon found a topic to approach her about. “Is your dress from Spirit?”

Ning Xi reacted a little when she heard the brand name. “Yes, why?”

Wang Shengzhe got his chance and he beamed proudly before continuing with the topic, “This is just a normal ready-made dress, isn’t it?”

“Correct.” Ning Xi nodded and was waiting to see what he would say next.

“I’m guessing you weren’t able to get a custom-made piece? I heard that Spirit’s list of custom-made dresses has a waiting line of 6 months now. It’s really difficult to get one but I know someone on the inside. If you’d like, I can help you!” Wang Shengzhe tried to make himself appeal to Ning Xi.

Ning Xi smiled benevolently. “No way! I didn’t do anything to deserve that!”

Wang Shengzhe’s pride swelled when he felt that he had a chance. “You’re too humble, Miss. For a beauty like you, simply existing is hard work!”

He then scanned the girl’s gentle eyes, her neat nose, cherry-like lips, and the gentle swell of her hips...

Chapter 1103: Surname

The girl’s outfit was quite reserved as the dress was longer than her knee and the collar was high around her neck as well, but she was emitting an aura that made him excited.

What a real hottie!

Wang Shengzhe decided that he had to get this girl for himself, entirely forgetting Mo Lingtian’s warning to him.

“Oh, I don’t know your name yet. How should I address you? My surname’s Wang, I’m Wang Shengzhe,” Wang Shengzhe asked as he inched closer to Ning Xi.

Wang Shengzhe thought his flirting skills were top-notch, but Ning Xi rolled her eyes so hard that she could practically see her brain.

What was this!? He was the best flirt in Imperial?

With this sort of standard?

“I...” She looked at the devil who was slowly ambling towards her.

After a long, happy chat with his childhood friend, finally , he was coming over!

Wang Shengzhe was really attracted to how Ning Xi gazed in a different direction when speaking to him. How seductive!

At the same time, Ning Xi smiled and answered Wang Shengzhe, “I go by the surname Ning now, but it’s going to be Lu in the future.”

Lu Tingxiao had an aggressive expression on his face but after he heard her, his eyes turned gentle. Lu...

What a great reply! As expected of his wife!

“Oh? Which Lu?” Wang Shengzhe asked.

“Lu Tingxiao,” Ning Xi replied.

Ning Xi was staring at Lu Tingxiao for quite some time. Wang Shengzhe understood her and grinned coldly. “Heh, Miss Ning, you’re really greedy, aren’t you?”

“Why not? I’ve decided that I’ll not marry anyone apart from Lu Tingxiao!”

Wang Shengzhe almost laughed out loud. “Every girl in Imperial wants to become Mrs. Lu. Do you think you can really do it? Why don’t you...have a more realistic goal?”

As he spoke, he tried to extend his hand towards Ning Xi...

Suddenly, Lu Tingxiao came in between the two of them.

“Hey! CEO Lu, you...” Wang Shengzhe was a little surprised as he thought that Lu Tingxiao was here to talk to him.

However, the man did not even look at him, he focused on the girl opposite him with a gentle gaze and a doting tone, “We’ll go back together later.”

Ning Xi nodded with a big smile. “Okay!”

This short conversation was impactful enough to give Wang Shengzhe a good fright.

This...the both of them...what was happening...?

Could it be...?

“Well...CEO Lu, you...I...” As Wang Shengzhe realized what their relationship was, his soul almost left him. He just stared at the man blindly.

Lu Tingxiao glanced at him murderously, then left without saying a word.

Although it was just a short glance, Wang Shengzhe felt like he had experienced a brief moment of death...

After Lu Tingxiao left, Wang Shengzhe looked at Ning Xi. “Y-you...and Lu Tingxiao...”

Chapter 1104: Lu Tingxiao’s Woman

Ning Xi smiled coyly. “It’s exactly as you think it is.”

Wang Shengzhe was speechless.

Wang Shengzhe quickly went to Mo Lingtian. “Damn you, Mo Lingtian! Why didn’t you tell me that that girl is Lu Tingxiao’s woman?”

“Didn’t I tell you earlier?” Mo Lingtian saw that the man was panting and sweating like he had been chased by a beast.

“When?!” Wang Shengzhe almost broke down.

“I told you to not mess with trouble. Think! Just how many people could give you trouble in Imperial? You’d know after some careful deduction,” said Mo Lingtian as a matter-of-factly.

Wang Shengzhe freaked out. “Oh no! What should I do?! I actually flirted with Lu Tingxiao’s woman! Should I buy something for her as an apology? She seems to like Spirit’s clothes. Should I buy her a few?”

Mo Lingtian stared at him like he was an idiot. “That girl is the owner of Spirit!”

Wang Shengzhe was once again speechless.

From an outsider’s point of view, they had seen Wang Shengzhe flirting with the girl and then, Lu Tingxiao walked over. As it was a corner, everyone could only see Lu Tingxiao’s back as he blocked Ning Xi, so everyone thought Lu Tingxiao had said something to Wang Shengzhe. The supposed Casanova ran away like that corner of the room was haunted...

What exactly did Lu Tingxiao say to him?

Still, there were also people who understood what had happened.

“Hahaha... Wang Shengzhe is really looking for trouble! He even flirted with Lu Tingxiao’s woman!” Ling Fei roared.

Most people did not know what had happened because only a few people who were close to Lu Tingxiao knew the girl’s identity.

Zhao Haisheng held his wife close. “But you can’t blame Wang Shengzhe. Who would’ve thought a girl here would turn out to be Lu Tingxiao’s girlfriend!?”

“Speaking of which, do Lu Tingxiao and Miss Ning plan to keep their relationship hidden?” Ling Fei asked.

“I heard that because of Miss Ning’s career, they can’t publicize their relationship!” Zhao Haisheng said.

Ling Fei looked at the girl’s direction. “I actually think this girl is pretty nice. If any other female celebrity were to hook up with Lu Tingxiao, she would surely announce it to the whole world. Do you know Su Yimo from Glory World Entertainment? She’s totally unrelated to Lu Tingxiao, but she always calls herself Mrs. Lu or Lu Tingxiao’s true love... But in truth? Lu Tingxiao probably doesn’t even know who she is!”

“That’s true! Although we’ve just met twice, she’s pretty nice and quite special, always scaring us with her stunts, hahaha...”

...

At a quiet corner in the garden, Guan Rui was holding a wine glass, looking absent-mindedly in the direction of the pond.

Guan Ziyao looked nervous. “Father...are you sure that this method...is really okay?”

Guan Rui sipped some wine. “There’re a lot of government officials among the guests today. There’s even a personnel from the law department and Judge Liang is also here... If she killed someone here, even Lu Tingxiao can’t help her! While he might be able to spare her from death, do you think a murderer could ever enter the Lu family?”

Chapter 1105: Something’s Wrong, Smells Fishy

Guan Ziyao frowned and looked at the woman in white talking to Ning Xi. “There’s no issue on Lirong’s side? If she doesn’t die...”

“She will surely die!” Guan Rui’s eyes flashed with the intention to kill.

If she did not die, he had already arranged for his own people to take care of it at the hospital. Nothing would go wrong.

It was her first time getting involved in matters related to a person’s life. Guan Ziyao’s fingers were shaking with nervousness but she quickly calmed down. She was just trying to stop the woman from continuing to fool Lu Tingxiao. What she was doing was not wrong...

Her plans had failed so many times. There could not be any more accidents this time. Extreme situations require extreme measures.

This time, she would make sure there was no turning back for Ning Xi!

She forgot all about her worries the moment she was reminded of Lu Tingxiao’s coldness towards her.

Guan Rui patted his daughter’s shoulder firmly. “Go and prepare yourself! It’s our turn to show up soon! Call your Uncle and Aunt Lu too! Let them see Ning Xi kill someone for themselves. Now, that would be interesting...”

“Yes, Father!”

...

After Wang Shengzhe was terrified away by the devil, Ning Xi was finally alone. She picked up some fish food and was stood by the pond, tossing the pellets in.

A big school of red koi fish rushed over, fighting for the food.

Ning Xi suddenly thought of the glutton Lu Jingli, so she snapped a picture of the fishes and sent it to him.

As she was feeding the fishes happily, there was the sound of footsteps behind her suddenly.

Ning Xi thought that it was another guy trying to flirt with her. As she raised her head, she saw a strange and frail girl in a long, white dress.

The girl had makeup on but it could not hide her pale and weak state. Ning Xi analyzed her longer, wanting to ascertain that she did not know her. She was not sure why the girl was there, so she waited quietly to see what she wanted to do.

The girl looked at Ning Xi like she was trash and she smiled coldly. “So, you’re Ning Xi? Your face is thicker than the Great Wall! A cheap girl like you trying to get into the Lu family?”

Ning Xi raised her eyebrows.

Although this girl looked weak, her mouth was anything but.

However, I’m sure that I don’t know this girl... What’s happening?

Something’s wrong... It smells fishy...

As Ning Xi was guessing the girl’s intentions, the girl started uttering more and more ridiculous words, “Do you think you can hide the fact that you’re just a village girl by dressing like a model? You’re just a low-life. Who do you think you are?! You motherless thing!”

With that last sentence, Ning Xi squinted her eyes and emitted a lethal aura.

The girl became more motivated when she saw Ning Xi’s reaction, so she kept on provoking her.

“Who doesn’t know how complicated the entertainment industry is? You’re just another filthy slut! Stop acting innocent! You witch!”

The girl in the white dress did not expect Ning Xi to be able to suppress herself this well and not get angry at her yet. She then splashed the glass of red wine she was holding onto Ning Xi.

Ning Xi’s face and hair were all dripping with wine. Her clothes were all drenched as well. She looked like a mess and her eyes were filled with darkness...

Chapter 1106: Go Along With The Plan

The girl in white dress looked gleeful. Now, she would finally attack her!

The girl became more aggressive, pushing Ning Xi by her shoulders. “You witch! How dare you glare at me?!”

And yet...

The girl did not expect what happened next. She had just lightly pushed Ning Xi but Ning Xi’s body was like a stray kite that weighed nothing. She fell into the pond!

How...how did this happen!?

It should be Ning Xi who pushed her into the pond! How did the roles get reversed!?

What made it worse was that the moment Ning Xi was “pushed” into the pond, Guan Ziyao came over while clinging onto Yan Ruyi’s arm. Lu Chongshan and Mo Lingtian’s parents were together with them as well, chatting as they strolled over.

At the exact same moment, Ning Xi fell into the pond with a loud splash.

All of them saw it.

Some of the servants nearby saw someone falling into the water, so they yelled, “Argh! Someone fell into the water! Someone fell into the water!”

“A lady fell into the water!”

“Quickly save her!”

...

Yan Ruyi and Lu Chongshan were shocked.

What happened?!

The person who had fallen into the water just now looked like Ning Xi.

“Someone! Anyone good at swimming? Please save her!” Mo Jianzhang quickly pleaded for help.

Suddenly, someone jumped into the pond.

“Ah! CEO Lu went in!” A servant yelled, “Be careful, CEO Lu!”

“Tingxiao!” Yan Ruyi’s face turned pale.

Lu Chongshan’s expression changed slightly. “Don’t worry, Tingxiao is a good swimmer!”

Mo Jianzhang did not expect something like this to happen. “This pond is pretty deep and there’re some big rocks under the water. It’s dangerous!”

“I’ll go too!” Mo Lingtian was about to dive into the pond but a few servants stopped him. “Master, it’s dangerous. The security guards are here!”

Guan Ziyao did not expect the person to fall into the pond not to be the arranged person, so she was dumbfounded. Guan Rui looked furious as well as he glared at the girl in white dress.

The girl was in shock. She trembled when she felt Guan Rui's dagger stare on her.

At the same time, under the pond, Lu Tingxiao felt a hand brush against his, so he quickly dragged the girl towards him.

As he was about to bring her up, the girl stopped him, tracing on his palm with her finger:
[Cooperate with me]

Others might not know it but Lu Tingxiao was sure that with Ning Xi's ability, a weak girl would never be able to push her into the pond and no one would pick this day to hurt Ning Xi.

There was only one possibility. Ning Xi had fallen into the pond herself.

Although he guessed it before he dove in, he was still shocked and had jumped into the pond to get her, afraid of any accidents that might happen.

Now, the girl had finally informed him about her stunt!

Lu Tingxiao angrily pinched the girl's waist and her eyes flew wide open as if she was complaining, "Hey! I almost can't hold my breath in, no thanks to your pinch!"

Chapter 1107: This Isn't Over!

After she shot him a look and reciprocated by biting on Lu Tingxiao's lip, she continued to use her finger to write on his palm: [Pengci [1]]

Ning Xi did not understand the reason why that woman in the white dress had incessantly provoked her like a maniac at first. The moment she had splashed the glass of wine at her, she had almost retaliated physically.

Thankfully, she reacted at the key moment and decided to make a move first by turning the tables!

Pfft! You want to trick me with that bad acting of yours? I'll trick you right back!

Lu Tingxiao comprehended Ning Xi's thoughts. There were obviously many other ways to solve this problem but this girl had to always make it so...exciting.

This time, it had even happened right before his eyes. He did not know what to say anymore...

When he was opposite the pond, even though he had to continue entertaining all the guests that came up to him with small talk, he always left a sliver of his attention on Ning Xi.

Ning Xi was feeding the fishes at first, then a girl in a white dress started speaking to her with her back against him. Then, the next scene had happened before he could react...

Actually, Ning Xi knew that she could have moved away when she realized the other person's intentions, but that would be to their advantage. She really wanted to, at least, bite them back, so she did!

This was not over!

Just as Lu Tingxiao and Ning Xi were being lovey-dovey down there, the people on the lakeshore had gone crazy.

“My God, my God! What to do?! Why hasn’t Tingxiao come up yet!?”

“Don’t worry! Security is here!”

...

Guan Ziyao was getting impatient at this point. She immediately shot a look at the woman in the white dress. If this woman was caught and had the gall to reveal her, they would be done for. Even if she did not, they would not be able to get themselves off the hook.

Because Cao Lirong was a distant relative of the Guans. She could only turn up for this banquet because she had especially asked Mo Lingtian for an extra invitation.

At first, she thought that this could give them a position to catch Ning Xi. Who would have known that it became such a huge issue that could be used against them instead!?

After the woman in the white dress received Guan Ziyao’s stern look, she turned as white as a sheet and was thinking about sneaking off while everyone was still in chaos. However, just as she was prepared to sneak off, she was noticed and caught by Zhao Haisheng. “Hey, you! Where’re you running away to?! How dare you run off after pushing someone over?!”

“I didn’t! I didn’t push her!” Cao Lirong shrieked.

Ling Fei caught her by the wrist too. “Everyone saw you. How dare you act dumb?!”

As she was denounced loudly by Zhao Haisheng and his wife, everyone else started to turn their attention to her too.

Mo Jianzhang immediately called for the crowd to hold the woman down and not let her escape.

Guan Ziyao had no choice but to force herself to say, “Uncle Mo, Cao Lirong is my sister. What happened earlier is a misunderstanding!”

Mo Jianzhang had seen for himself earlier that this girl had pushed the person in, so he looked solemn and said firmly, “No matter what happens, we must wait until the person is rescued before further discussion! This lady cannot leave yet!”

In a corner, an indistinct coldness flashed across Mo Lingtian’s eyes when he saw Guan Ziyao’s nervous expression.

The security team entered the water one after another and used their super strong flashlights to search for those who had gone into the water...

Right at that moment, Lu Tingxiao finally came up to the shore and in his arms, he carried Ning Xi who was heaving her last gasps.

Chapter 1108: Cooperate With The Wife’s Performance

When Yan Ruyi saw the woman in Lu Tingxiao’s arms, it was as she had predicted. It was really Ning Xi! No wonder her son had jumped in so quickly!

But why would Ning Xi and Guan Ziyao's relatives argue and have a fight to the point that the former was pushed into the water?

"Move!" Lu Tingxiao ordered the guests who blocked his way. With the girl in his embrace, he walked quickly towards the door...

...

An hour later, in one of Imperial's high-class private hospitals, which was under the Lu Corporation, to cooperate with his wife's performance, Lu Tingxiao had called up the hospital beforehand, so Ning Xi had been immediately wheeled into the emergency ward.

In the corridor, all the elders, Lu Chongshan, Yan Ruyi, Guan Rui, and Mo Jianzhang were present. Apart from that, Guan Ziyao and Mo Lingtian were there too.

On the bench in the corner sat the girl who had pushed Ning Xi over earlier, shivering coldly.

Not too far away, the sound of footsteps approached them. A few of the uniformed public security personnel walked over and greeted Mo Jianzhang, "Minister Mo!"

Mo Jianzhang quickly exchanged some polite greetings with them.

When Guan Rui saw that Mo Jianzhang had actually called the police over, he immediately looked serious. "Minister Mo, it's just a squabble between the young ones. Do we have to trouble our friends from the police station for such a petty quarrel?"

Guan Ziyao echoed, "Today is Uncle Mo's birthday. It might not look good to cause such a commotion. We can just privately resolve this matter. Later, I'll have Rong Rong apologize to Ning Xi!"

Guan Ziyao looked to Mo Lingtian for help. He seemed absent-minded since the incident but when he noticed Guan Ziyao's silent cry for help to say a few words to back her up, he frowned and looked at the red light of the emergency ward worriedly, not bothering to say anything in the end.

Lu Chongshan contemplated for a moment before saying, "Old Mo, let's not make this a huge matter. If the child is alright, we can just do this privately!"

Guan Rui immediately echoed after Lu Chongshan, "She's just a drowned rat and should be fine. This small matter really doesn't need such large forces."

He indirectly implied that Mo Jianzhang was blowing a small issue out of proportion.

Little did they realize that if the person lying in the emergency ward had been Cao Lirong as a result of being pushed over by Ning Xi, he would have caused an enormous ruckus and Ning Xi would not be able to get away. He had even planned to drag Cao Lirong's unreasonable relatives to come over for a fight...

When Mo Jianzhang heard his two friends' advice, he started to be swayed...

However, at that moment, the door of the emergency ward was suddenly pushed open and a nurse rushed out from inside. "Which one of you is the patient's family? The patient's heart has suddenly stopped. We need a signature for the notice of her critical condition!"

The moment the nurse called out for the signature, the entire corridor fell into a dead silence.

Guan Ziyao and Guan Rui looked at each other in horror. It had just been a case of near-drowning and Lu Tingxiao had immediately jumped in to save her. How could it be this severe!?

“I am.” Lu Tingxiao, who had kept silent all the while, stood up to take the document from the nurse and sign his name.

Then, Lu Tingxiao’s extremely chilly eyes swept across Guan Rui and Guan Ziyao. In a cool voice, he said, “Intentional murder! Does this look petty to you?”

When they saw that the acknowledgment document had been signed and the fact that this girl was Lu Tingxiao’s girlfriend, Mo Jianzhang knew that he could not take this lightly, so he did not hesitate further and immediately told the policeman in front of him, “Xiao Chen, take her away.”

Chapter 1109: Carrying A Little Bun

Then, one of them walked over and cuffed Cao Lirong’s hands.

Cao Lirong immediately looked in alarm towards Guan Rui and Guan Ziyao. “Ziyao, Uncle Guan! Save me...I didn’t push her! She fell over herself! I really didn’t push her!”

Nevertheless, the few people who were in the corridor, including Guan Ziyao and Guan Rui, had all seen her push Ning Xi in herself. How could they believe her words?

Yan Ruyi frowned unhappily. How could the Guan family have such an evil relative?

Even though she had not always been very fond of Ning Xi, she had not gone the point of wanting her to die. Now, the person who had pushed Ning Xi into the pond was someone from the Guan family, so she could not help but overthink with endless what-ifs.

Guan Rui had wanted to say more, but Mo Jianzhang immediately apologized, “I’m sorry, Bro Rui. This matter has seriously gone overboard. The victim’s life is still hanging precariously and there were so many guests in my home earlier including important people from the government. To have such a thing happening under other people’s watchful eyes, I must give everyone a proper explanation.”

Guan Rui stood there stiffly. He could not even say anything else. These words should have been his, yet it had now become all the reasons for landing the blame on him...

“Uncle Guan, save me! Uncle Guan! I really didn’t push her!” The girl in white dress screamed as she was taken away by the police.

Guan Rui stood in the same spot with a darkened expression. The more he thought about it, the more he felt it was weird. What had happened? Their plan was clearly flawless. How did the person who fall into the water become Ning Xi in the end? Could it be that when Cao Lirong was executing the plan, she had missed and accidentally pushed her over? She could not achieve anything but had ruined things instead!

“Rong Rong has no hatred for Ning Xi. How could she have planned to murder her?! This doesn’t even make sense!” Guan Ziyao quickly exclaimed.

“It really doesn’t make sense, so she must have been instructed to do so by someone. I believe the police will find out the real culprit soon.” With just that single sentence, Lu Tingxiao had immediately pointed the arrow at the Guans.

Guan Ziyao did not think that she would have fallen into the trap as all color was drained from her face.

If Cao Lirong had really ratted them out, it would all be over...

Even if their initial plan was not intentional murder but to frame Ning Xi, if they were found out, it would not make much of a difference...

The emergency ward light stayed on. In the corridor, everyone had different thoughts racing through their minds.

The phone in Lu Tingxiao’s pocket vibrated. A message had been sent over: [Baby, to make it look real, you must act sadder! I’ll teach you! Imagine how you’d feel if your wife died!]

When he read Ning Xi’s message, Lu Tingxiao’s face was immediately as black as the bottom of a pot. This girl! Why did she casually throw such words around?

Lu Tingxiao’s acting was already not bad but with this message from Ning Xi, he looked even more terrible. The expression on his face was definitely not too far from having a dead wife...

Guan Ziyao had a glimmer of suspicion that something was amiss, but once she saw Lu Tingxiao’s expression, she thought it was not quite possible.

They never would have thought that while they tried to frame Ning Xi, they had been tricked by her instead. In fact, Lu Tingxiao had cooperated with his performance from the start till the end to help her trap someone else...

Although this time, Ning Xi decided to screw them over all the way, she never would have thought that she did miss out on one crucial thing.

The elevator doors opened.

At the end of the corridor, someone was running towards the emergency ward. In their arms was a little bun.

Chapter 1110: Mommy! I Want Mommy!

“What’s happening?! How’s Sister-in-law? She was just attending a banquet. How did she fall into the water?” Lu Jingli carried Little Treasure and panted as he asked loudly.

When Yan Ruyi saw that Lu Jingli had brought Little Treasure over as well, her expression changed instantly. “Why’re you here? And you even brought Little Treasure to such a place!”

Lu Chongshan asserted, "This is nonsense! Quickly take Little Treasure home! The hospital is filled with bad vibes and viruses!"

Lu Jingli wiped off the sweat from his brow. "I was just taking care of the child obediently at home. But I suddenly received the news that Sister-in-law had been pushed into the water, so I rushed over. Little Treasure heard my call and said that he had to come with me. I didn't have a choice! I could only bring him with me!"

As he said this, Little Treasure's eyes stayed fixated in the direction of the emergency ward. He started to struggle violently in Lu Jingli's arms, shouting unintelligibly in a raspy voice.

Lu Jingli could only put down the little guy.

The moment Little Treasure was put on the ground, he sprinted towards the emergency ward.

As he stared at the huge, white doors that were shut tight and at the striking red light above his head, the little bun's face turned pale and his little body shook hard. Then, he suddenly started to shout piercingly, "Ah!!! Ah!!! Ah!!!"

As he shouted, he pounded hard on the operating theatre doors.

This child's emotional actions frightened everyone. Yan Ruyi quickly ran over and hugged her dear grandchild in her arms, trying to soothe him, "Little Treasure, don't worry! It's okay! The doctor is inside! Your Auntie Xiao Xi will come out soon! Don't be scared!"

Lu Chongshan quickly consoled him too, "Little Treasure, don't be scared, Grandfather is here. I'll definitely have doctors heal your Auntie Xiao Xi! Let's go home first, okay? You'll disturb the doctors at work here."

However, Little Treasure could not hear the voices around him anymore, sinking deeper into his own bubble. He continued to lose control yet, he did not stop even when his voice was hoarse. He shouted and used his little hands to hammer on the door with all his strength. His eyes were filled with fear and worry. Everyone could not help but be moved...

Mo Jianzhang was already blaming himself profusely. Ning Xi had met with trouble at his place, after all, so he had to bear the blame.

Mo Lingtian's body shook as he almost could not stand upright anymore...

The second time, this was the second time...

He had given that woman's invitation to Guan Ziyao! He was the one who had extended it to her!

"How could this be!? Sister-in-law was still sending me messages earlier about cute koi fishes! How could she suddenly be dying so soon?" Lu Jingli's shoulders shook as he almost started sobbing with Little Treasure too.

The situation was chaotic...

As Lu Tingxiao's watched this uncontrollable scene from the side, he felt a headache coming. He never would have thought that Lu Jingli would bring Little Treasure over.

The soundproofing of the emergency ward was so good that Ning Xi did not know what was happening outside at all.

However, Ning Xi would never let Little Treasure be sad for a single second even if she had to stop her plan midway...

Lu Tingxiao thought about it and was prepared to carry his son elsewhere, then secretly tell him the truth...

It was all they could do.

Lu Tingxiao decided to do so, then walked over to his son. "Little Treasure, calm down. Listen to me, your..."
