Chapter 471: Young Man, Ya Need A Few Shots?

“Ahahaha, I think you guys are aunties!”

“You’re such fragile beings, broken by a single touch!”

As the cartoon figure’s ridicule rang, the two assassins were stunned for a moment but they still kept their patience and did not make a move.

“Idiots, this is a place that even the gods dare not step foot in. You have come looking for your own deaths instead!!!”

The cartoon figure’s voice was sometimes male, sometimes female, sometimes mellow and sometimes loud, and sometimes it would pass through clearly.

“With just 998 dollars, I could let you guys feel so good that you can’t breathe...”

“That’s weird, I feel like shooting something.”

“I have two guns, one is called ‘shoot’...one is called...ah!”

“What’s that thing dripping out?”

The figure kept spouting out annoying insults and Ning Xi smiled from the second floor. Even though the dialogues came from a game, listening to the figure alone continuously felt weird, mmm...very weird...

After the cartoon figure rambled on for a few minutes, one of the assassins could not handle it anymore. The ramblings from the toy were too annoying and caused them not to be able to focus on thinking about the best strategy.

The man initially wanted to signal to the other guy but because the house was plunged into complete darkness, apart from the cartoon figure that emitted a dim light, they were left blind.

“Damn it, I knew I should have brought my night vision glasses!” the man scolded himself silently, holding his right arm out carefully to shoot the cartoon figure.

Bam!

A gun fired and what came after was the painful cry of the man. He did not even have the chance to pull the trigger. The shot had come from the second floor and hit him accurately on his right hand.

“Their cries, how weird!” the cartoon figure continued.

On the second floor, Ning Xi found the night vision glasses. She had to admit that the owner of the house was well equipped indeed. Apart from not having heavier firearms, everything else was complete.

At this moment, the injured man fell to the floor and half his body was immediately exposed in the open. With the night vision glasses, she had no barriers at all.

“Invisibility is the deadliest power!”

With the cartoon figure’s narration, Ning Xi once again fired a shot with flawless precision. She immediately extinguished the life of the man who had been moaning and the cries suddenly stopped.

“And you...young man, ya need a few shots?”

The cartoon figure’s words reached the final assassin’s ears and gave him a chill as though the words were meant just for him.

“Oh, my big knife has long been thirsty...”

The last assassin had a vicious look in his eyes as he raised the gun towards the second floor and shot numerous times. However, without the night vision glasses, he could only fire blindly. Ning Xi was practically unthreatened by him.

“Gun skills ain’t bad, but if you want to hit her, you’d have to wait for the next time!” the cartoon figure taunted.

“You remind me of my family’s best milking cow. I’d like to introduce that cow to you!”

...

“Damn this bloody prank!”

The assassin finally let the anger and fear get the best of him and he lost his rationality as he shot towards the direction of the second floor again.

This time, Ning Xi was already prepared. Just as the assassin was getting into position to make the shot, Ning Xi chose the perfect timing to pull the trigger with her agility and precision.

“Someone as handsome as I am would usually be the main character in other games!”

The final dialogue of the cartoon figure was the curtain call for the black-clothed assassin as he fell to the floor and took his last breath.

Chapter 472: I’m Super Duper Cool

Since she did not know if the assassins had called for backup, she kept the lights turned off. With her night vision glasses on, she walked down the stairs carefully.

She looked through the dead assassins’ belongings to find more information about their identity.

“B rank...” Ning Xi mumbled in surprise. These people were B rank assassins from a group called “The Sins”.

The history of The Sins traced way back to the end of the Middle Ages. It was a universally-known rank of assassins whose existence rose to the peak during the last world war.

Aside from being the forces behind powerful families, some small countries hired top assassins from The Sins as well.

“One exists as The Sin.

The Sin exists to destroy.

The world is full of sin, humiliating worldly desires; how pathetic!

One shall use the power of The Sin to destroy the world.”

These words were known as the holiest Bible of The Sins.

B class assassins belonged to the average category among The Sins, only bested by the A class.

“Haha, the person who hired B class assassins to kill that person...” said Ning Xi as she shook her head. They were all trying to get themselves killed.

The Sins wasn’t some killer organization with a complete system. It was just a list and all the world-class assassins were listed on it. One could look up the rank of the assassin on The Sins before hiring them.

Ning Xi was having doubts about the person who had hired B class assassins to kill that owner of the house.

“Someone as handsome as I am is usually the main character in games!”

The cartoon figurine that had been thrown to the first floor started laughing, baring its teeth and giving a thumbs-up as well.

Ning Xi smiled and picked up the figurine. “You must be my lucky charm, thank you!”

“I’m super duper cool!”

To which Ning Xi replied, “Hmm...I doubt so.”

“It’s time to show you my real skills!”

Ning Xi replied again, “Didn’t you already show me just now?”

“Young man, hurry, there are still treasures yet to be discovered!”

...

In the end, Ning Xi turned off the switch on the cartoon figurine and it finally stopped blabbering.

Right after she had kept the figurine on her, she heard irregular footsteps from outside the house.

Ning Xi quickly hid under the windows and tried to peek outside.

There were a few men waiting outside and were looking inside the house from time to time.

These people weren't assassins from The Sins, their irregular footsteps gave them away.

Suddenly, a phone rang in the pocket of the man who had led the assassins.

Ning Xi swiftly went up to his body and took out his phone.

A text message came in from the sender "Jeffrey", saying: "Did you get it?"

Ning Xi thought for a while, then replied with the man's phone, "Done, but we almost lost our lives this time!"

The phone rang again a while after, "Haha, thanks for your hard work! I'll be adding some extra to your reward. I'll have my people retreat first as they have something else on their hands!"

Chapter 473: You Don't Get My Sense of Humor

Ning Xi turned off the phone and thought that the people outside were the men Jeffrey had been talking about.

Ning Xi left the house to tail them not long after they had left.

Instead of just waiting in the house, she wanted to try to find out who was this Jeffrey who hired B class assassins to kill that person!

Ning Xi equipped herself with her lucky charm and she tailed the group of foreigners stealthily.

They arrived at a villa guarded by a few men in a remote area half an hour later.

"Could this Jeffrey be the villa's owner?" Ning Xi mumbled to herself. If this was their main headquarters, she would be better off staying put for now.

As Ning Xi prepared to leave, she saw a man around 50 years of age getting chased out of the villa and being pushed to the ground.

"You...you bastards, this is my house! You can't do this to me! You just can't!" the middle-aged man roared in agony, his eyes full of hatred.

"Hey, who do you think you are? You might not even see daybreak tomorrow, you idiot!"

"Oh, my dear Lou, it's been rainy these days, how would he even see the sun?!"

"Idiots, it's a joke! You don't get my sense of humor!"

...

"Get out of my house now!" the middle-aged man shouted as he struggled to get up from the ground while pointing at those people.

“You damned old man, get lost!” A young man slapped the middle-aged man’s right cheek heavily. The middle-aged man fell down again.

“Pa!”

“I’m going to trample you to death!”

A few young men started kicking the middle-aged man on the floor while using all kinds of profanity to curse him.

As they were attacking the middle-aged man, Ning Xi had already sneaked into the villa. She then realized that it was just an ordinary villa and not where Jeffrey was.

After searching, she exited the villa from the main door.

“You old man, I’m taking your head off today. Do you actually think that you could get through the night?! Hahaha! The boss told us to snuff your life out!”

“Lou, where’s his dog? Let me do it!”

“Bastard, you watch too many movies! You’re just looking for trouble now!” laughed the young man named Lou.

“Hahaha!”

...

They suddenly saw a lady step out of the villa.

Lou’s men were confused. Who was this woman and why was she in the villa?

“You! Lady! Yes, I’m talking to you, don’t look anywhere else. Look at me!” Lou stopped kicking the middle-aged man and blocked Ning Xi’s path.

Ning Xi stood there expressionless.

“Who are you and why would you be in the villa in the first place?” Lou asked as he assessed Ning Xi and when he saw her adorable face, he smiled maliciously.

“Is this your house?” Ning Xi asked him instead.

“What did you say?!” Lou’s expression changed. No one had ever talked to him in such a tone!

“Lady, I’m Solomon’s new boss, Jeffrey’s brother, Lou. Don’t you know who I am? If you don’t, I can tell you in detail in bed with me tonight!” Lou said fiercely.

Chapter 474: Silly Leader

Ning Xi was a little surprised by the man’s words. So he was Jeffrey’s younger brother...

In the blink of an eye, the woman elbowed his face and he was scowled unhappily.

“What did you say earlier? I didn’t hear it clearly,” Ning Xi asked Lou who was moaning in pain.

“You...you witch, you dare to hit me?!” Lou covered his swollen face and glared at Ning Xi. He then yelled at the people behind him, “Kill her! She’s mine to bed tonight!”

Everyone sprung into action with Lou’s roar, after being momentarily mesmerized by how swiftly Ning Xi’s perfect elbow attack had taken the tough Lou down.

“Lou, so do you want to kill her, or do you want to sleep with her? Can you still sleep with her if she’s dead?” one of the bald men asked in confusion.

“Damn you, Bardy! Get on it now!” Lou yelled angrily.

Bardy and his men surrounded Ning Xi.

“Wait.” Ning Xi shook her head.

“Little Miss, are you trying to beg for forgiveness?” Bardy yelled at her.

Ning Xi went to the side and picked up a few steel bars to give them to the people in front of her.

Ning Xi left them dumbfounded and confused.

“Ok, come at me,” Ning Xi clapped her hands and nodded with satisfaction.

How boring if the opponents were too weak compared to her, much better now!

“Damn it, you’re going to die!”

“You witch, are you looking down on us?!”

Ning Xi was obviously provoking them, especially since they were elite members from the Solomon group. They would not let her get away with this!

Of course, the title of “elite member” was self-appointed.

Under the leadership of the bald man, they started attacking Ning Xi with the steel bars.

“Don’t hit her too hard. I’m still going to sleep with her later and I don’t want her performance to be affected! And don’t hit her face!” Lou yelled at them while looking after the middle-aged man.

Right after he yelled at them, Ning Xi gave Bardy a powerful kick and he fell beside Lou, moaning in agony.

Like lined-up dominoes, they all went down one by one, defeated by Ning Xi. The steel bars were all lying haphazardly on the floor.

“Da...damn it, who is this woman? She’s powerful!” the bald man gasped in fear.

“Shoot her! Bardy, kill her with your gun!” Lou noticed something was wrong and instructed Bardy to take out the threat.

Only Bardy had a gun. Although Lou was Jeffrey’s brother, he still did not have any say in this matter.

Bardy quickly took out his gun and aimed it at Ning Xi.

Ning Xi was calm despite having a gun pointing at her. In her pocket, her hand was already grasped around her gun. She was confident that she could kill the bald man first if he did fire at her.

“Shoot her, Bardy, you idiot!” Lou yelled at him for not firing at her.

The bald man was embarrassed and answered him, “We’re done for...I’ve always been afraid that I might lose the gun in a fight...so I never loaded bullets in them...”

Lou’s men were all dumbfounded by this statement and Ning Xi almost laughed out loud.

Chapter 475: Useless Boss

An unloaded gun?! Lou launched into a tirade and cursed Baldy endlessly.

“Lou, I’m still the leader for our team and I have my pride as leader. How can I expect any respect from my team if you are always scolding me!” Bardy stared at Lou, his mouth curled downwards.

“Screw your pride!” Lou kicked Bardy.

Bardy backed off and fell into a punching stance. Before Lou could react, he threw a punch and hit Lou’s jaw, “I cannot stand you anymore, Lou! Now see for yourself what I can do!”

Seeing Bardy’s counterattack, the middle-aged man quickly got up from the floor and started hitting Lou as well.

The others wanted to help Lou but Ning Xi knocked them out with her a strike of her knife-armed hand.

“Hey, Lou! Check out my combo punches!” Bardy threw his punches swiftly like rain droplets splattering onto Lou’s face.

A while later, Lou’s face was swollen and badly bruised.

“Ha!” Bardy shouted and unleashed his final attack, gesturing like a boxing champion. He held both his hands up high and did a victory dance, pumping both hands up and down while chanting, “Oh, yeah! Oh, yeah!”

Ning Xi snatched his gun away while he was celebrating his victory against Lou.

Bardy looked at Ning Xi and his triumphant look soon faded.

“It’s really not loaded...” Ning Xi laughed awkwardly, finding the bald Bardy very interesting.

“My dear savior! I’m Zeus. Thank you for saving me!” the middle-aged man said in excitement, “I’m the boss of Solomon and I was betrayed by my second-in-command, Jeffrey. If it hadn’t been for you, I wouldn’t live to see tomorrow!”

“Hey, to the most useless boss in history, midnight has just passed. You wouldn’t have lived till today without her,” Bardy told him seriously.

Ning Xi was speechless as she did not expect that she would accidentally save a gang leader...

It was probably because the boss and his henchmen were so useless that she had thought that this unheard gang was just a group of people fooling around. She only found out some time later how big of an influence the Solomon had, and that the middle-aged Zeus in front of her was one of the weakest leaders amongst all of the previous bosses.

However, currently Ning Xi was focused on the safety of a particular person, so she quickly told them, “You guys, bring me to Jeffrey!”

“Jeffrey is ruthless. Going to him now is like looking for your own death!” Bardy shook his head.

Ning Xi shot him a threatening stare and he quickly said, “I think you’ll be fine though. I’ll bring you there!”

Zeus thought for a while and said, “I know of a shortcut that can reach directly into the heart of his base, follow me!”

They reached a manor in the outskirts half an hour later. Apparently, Jeffrey was here.

“That’s weird, no one’s guarding the area. Could it be a trap?” Zeus doubted.

Ning Xi did not give it much thought and she went straight inside the manor.

She was not sure if the person that Jeffrey sent assassins to kill was safe, and where that person was...

Inside the big manor, there were 13 armed muscular men patrolling around.

As Ning Xi was coming up with a plan, an odd sound came from above.

A helicopter appeared on top of the manor.

All the armed men in the manor were on alert.

As she looked from afar, Ning Xi saw a voluptuous woman with brown-colored hair in a tight black suit. The woman used a rope to disembark the helicopter.

Ning Xi was surprised to see the woman as she did not expect that the person she had been waiting for all night long would make her entry in such a grand way.

Chapter 476: You’re So Cute In A Girl’s Outfit!

“Third...” Just as Ning Xi wanted to yell out and start running towards the woman, she saw a few heavily armed men leaving the helicopter as well.

Ning Xi quickly shouted at Bardy and the useless boss Zeus, “Run!”

The moment they reached a safe place, the air was filled with sounds of machine guns rattling and people screaming...

Ning Xi hid in the shadows and sweat poured off her. If she had reacted even a second later, she would have died!

The scene was dead silent 10 minutes later.

Needless to say, Jeffrey and his men were all dead!

Bardy and the useless boss were in deep shock. Had it not been for Ning Xi, they would have been long dead.

After the sound of gun shots had faded, Ning Xi could not help but run towards the woman.

Before she could give her a hug, a strong punch welcomed her.

Ning Xi evaded the deadly punch with a back handspring.

More and more attacks came after the punch, not giving her any time to catch her breath.

Through their exchange of attacks, Ning Xi did not have any chance to counter them. She could only defend and evade the whole time.

The opponent stepped up her game.

She was still just testing Ning Xi earlier but now she wanted to end her life with every strike, attacking her with even fiercer attacks.

Ning Xi was in an awkward position as she wanted to speak a few times but there were no openings at all. If she lost focus even for a brief moment, it would cost her fatal consequences...

After a long while, Ning Xi had reached her physical strength limit and her shoulder was hit by a powerful fist, causing it to flare in pain.

A minute later, the opponent was choking her throat and it felt like her neck was about to break...

At that moment Ning Xi quickly yelled, “Third Senior Sister!”

The opponent released her grip when she heard Ning Xi’s voice.

The woman was being doubtful, “Who are you?”

“Me! It’s me! I’m Xiao Xi!”

“Xiao Xi?” The woman released her instantly.

When Ning Xi finally could catch her breath, she bent over and coughed, “Third Senior Sister, you’re brutal! I haven’t seen you for so long and the first thing you do is try to kill me!”

The woman was surprised by Ning Xi's appearance and her cold expression turned into excitement and joy as she hugged Ning Xi tightly, "Oh my! Xiao Xi! You're really Xiao Xi! I couldn't recognize you in a girl's outfit! Oh, my Xiao Xi, you're so cute in a girl's outfit! How adorable, let me hug you!"

"Cough...Sis, I'm getting suffocated by your boobs! Although it might be the dream of many men...but I don't want to die yet..."

"That's mean, you little kid!" The woman let her and shyly said, "Oops, I mean little girl! I was just thinking who it was that dared to attack me from behind! I didn't expect it to be you!"

Chapter 477: Who's This Little Bunny?

"Third Senior Sister, even if you couldn't recognize me just now, aren't you familiar with my fighting style?" Ning Xi asked.

"The way you evaded me was quite familiar but how would I know you were one of us? I don't recall anyone that sucked so badly!" the woman said as a matter-of-factly.

Ning Xi had nothing to defend herself with, so she whined, "Senior Sister, can't you be a bit more considerate?"

"You cheeky little girl, what's up with you? Even though you sucked back then, you could still hold your ground for quite some time against me, but now you can't even last for a while. Your posture's bad and your knees are weak. You haven't been training in the past year, have you?! If Master knew about this, your leg would have been broken by now!" Feng Xiaoxiao scolded her.

Ning Xi touched her nose and said sadly, "I'm too busy, there's no time..."

A handsome, tall man from Feng Xiaoxiao's team walked over and stared at Ning Xi with interest, "Hey, Xiaoxiao, who's this little bunny?"

Feng Xiaoxiao kicked him, "Get lost! You're the bunny! This is my junior sister. Don't you dare have any funny ideas or I'll break your third leg!"

The man quickly ran away while covering his crotch.

Feng Xiaoxiao gave them a threatening stare and then returned to the conversation with Ning Xi, "So, how has it been going? Is it fun being a celebrity?"

"It's pretty interesting. You can act as a side character next time!" Ning Xi smiled brightly at her.

Feng Xiaoxiao brushed her hair, "You little fella, you always have so little patience. One day, you're doing this and another day you're doing that. When you said that you were going into acting,

I thought you were just being curious and would be back after a few days. Who knew that you'd leave for a whole year..."

"I was afraid that I wouldn't leave you if I saw you!" Ning Xi smiled cheekily.

Feng Xiaoxiao rolled her eyes, then asked her, "Right, I haven't asked you yet but why are you here?"

Ning Xi sighed, "It's a long story, I was waiting for you at your home, but coincidentally there was someone there to assassinate you and I was worried about you. After I settled them, I followed the henchmen and eventually I got here, saw you and you almost killed me..."

Feng Xiaoxiao quickly gave her another tight hug. She asked her while patting her head, "Is there anything urgent that you need me for?"

Ning Xi took her to a quiet corner before she continued, "Third Senior Sister, I need a favor from you, please help me!"

"What is it? I'll surely help you!"

"Senior Sister, can you help me find out more about a person?"

"Find a person? Easy! No matter who it is, I'll get you everything you need about that person."

"Satan."

"Who?!"

"I said, I need information on Satan!"

Feng Xiaoxiao reluctantly broke the promise she just made. "I can't!"

Ning Xi begged her, "Third Senior Sister, please! Only you can help me now!"

Feng Xiaoxiao's expression darkened, "Why do you want to know so much about that person?"

"I just need it!" Ning Xi continued begging.

Feng Xiaoxiao held her temples in frustration, "It's not that I don't want to help you, but I can't do anything about it. If you really want to know, why not ask him personally?"

Chapter 478: I Know You Love Me The Most

"Would I still need your help if I could ask him directly?"

"Then go and ask your First Senior Brother!" Feng Xiaoxiao wanted to push the burden away.

"He would never tell me! Third Senior Sister, please! Help me! I know you love me the most!" Ning Xi begged persistently.

Feng Xiaoxiao could not stand it anymore, “Damn it, where did you learn to act this way? Did your personality change along with your outfit as well? No wonder you insisted on not wearing a girl’s outfit the last time! If those dudes from your organization see this, they’d have eaten you alive!”

“I’m only doing this for you, Third Senior Sister!”

Feng Xiaoxiao was helpless, “Fine, my loss, I’ll help you on this but don’t get your hopes up. You know how secretive this person’s background is. Besides, you need to give me a lead to start with.”

Ning Xi thought for a while and wrote three words on Feng Xiaoxiao’s palm with her finger.

Feng Xiaoxiao’s brows raised, “Lu Tingxiao...the the powerful business overlord in China?”

Ning Xi nodded, “Yes, I want to know if he has any relationship with Satan.”

“Why would the both of them be related? And what’s your relationship to Lu Tingxiao?” Feng Xiaoxiao was doubtful.

Ning Xi carefully phrased her words, “Not much, the company I’m affiliated with now is under the Lu Corporation and he’s my boss!”

“That’s all?” Feng Xiaoxiao squinted her eyes, not believing Ning Xi at all.

A voice came through from afar, “Xiaoxiao! We need to go now! Say goodbye to your little bunny!”

Feng Xiaoxiao looked a little sad, “I’m sorry, my dear, I have to go now!”

Ning Xi was not all that happy as well, “Be careful!”

“Oh, right! There’s another important thing, wait!” As Feng Xiaoxiao entered the plane, she took out her phone and snapped a picture of Ning Xi, “Hahahaha...Little Junior Sister in a girl’s outfit, I’m going to show the seniors!”

Ning Xi was speechless.

It was just a girl’s outfit!

...

Leader Bardy and the useless boss of Solomon Zeus only came out after Feng Xiaoxiao’s bunch had left.

“You...you know that woman?” Bardy had fear written all over his face.

Zeus was really shocked as well and said, “You called her your Third Senior Sister! If I’m not wrong, that woman is one of the A class assassins on The Sin list...”

Mission accomplished. She had no more reason to stay here and she had had enough of what had happened tonight.

She left immediately, ignoring the both of them.

Zeus quickly went up and shouted, “Boss! Boss, where are you going?”

Ning Xi was shocked and almost fell down, “Who are you calling ‘boss’?”

“You, of course!”

“Huh?”

Zeus knelt down on one knee and said in a serious tone, “Thank you for saving me, and killing Jeffrey. Solomon praises the strong ones, only you’re worthy to be Solomon’s new boss!”

Funny how he could say that they praised the strong ones.

Ning Xi let out a yawn, “Sorry, not interested.”

She did not care what Zeus said afterward and she left, waving her hands...

Back at the hotel where she stayed.

Ning Xi lay on the bed after a shower. While she felt tired, she could not sleep at all. Tonight reminded her of guns and blood, and she felt fearful that she might not have left her old ways of living...

Ning Xi brushed her hair and sat up to check the time on her phone. It should be daytime in China now.

She opened her messenger and sent Cabbage Lu a message: [Boss, I got the endorsement for Noble perfume!]

As she wanted to put the phone down, a text message returned almost instantly: [Congratulations!]

Ning Xi felt as if she had returned to the human world after she saw the message.

Another message came through again: [Have you not slept or are you up too early?]

Ning Xi dared not admit that she had not slept for the whole night, so she sent: [I’m just up early, will be going to the studio to discuss some details with the director.]

[When are you coming back?]

Ning Xi reported genuinely: [If things go well, the work will be done in two days and after that, I want to go shopping, so I’ll be back about three days later. Sis Zhizhi had something urgent to do so she’ll leave first the day after tomorrow.]

[Okay, all the best.]

Ning Xi felt a little sleepy after messaging Lu Tingxiao, she dozed off before work started...

Chapter 479: Be More Ideal To Him

At a five star hotel in Los Angeles.

Li Yueling was furious early in the morning and she yelled, “I don’t care anymore. You’re my manager so you should fix this! Are you trying to embarrass me? I’ve already told Xueluo I got the endorsement!”

The manager said helplessly, “Yueling, I’ve been utilizing all my networks and doing all I could since they released the result. Cook isn’t just the director of this advertisement, he is also currently the art director of Noble. The endorsement is totally up to him, there’s nothing I can do!”

“Why don’t you contact Cook directly? It doesn’t matter how much money he wants!”

The manager quickly advised, “Don’t be reckless, Yueling. Do you think I haven’t thought about this? Things are different here. These foreigners don’t care about money, especially an art enthusiast like Cook. I’ve asked his assistant. He’s been completely charmed by Ning Xi; she’s his goddess muse! It’s impossible to change his mind...unless...”

“Unless what?” Li Yueling quickly asked.

“Unless you can be an ideal model compared to Ning Xi in his eyes.”

The manager was telling the truth but she had touched a fresh wound, so Li Yueling exploded, “If I can do it, then what would I still need you for?! Useless! Idiot! You can’t even settle something like this! This is why Ling Zhizhi is always above of you!”

The manager was really unhappy, thinking that she had been below Ling Zhizhi all this time because of Li Yueling’s lack of ability. After investing so much money and resources, she still could not even win a presentable award.

Suddenly the doorbell rang.

The manager opened the door, surprised to see who it was. “Ms. Ning? Why are you here?”

“What? Xueluo is here?” Li Yueling quickly went to the door and was surprised to see Ning Xueluo standing outside. “Xueluo, why are you here? Come in!”

Ning Xueluo sat down on the sofa, then looked at Li Yueling. “I’ve already heard about the Noble endorsement.”

Li Yueling’s expression froze. “I’m sorry, Xueluo, I messed up the opportunity that you gave me...”

Ning Xueluo signaled for Li Yueling to sit beside her and comforted, “Don’t blame yourself, Yueling, it’s not your fault! You didn’t want this to happen!”

Li Yueling looked at her and Xueluo and thought of something. “Xueluo, why don’t you go and talk to Director Cook? You gave up the auditions for me but since things went south, we can’t just let Ning Xi have the advantage! You can surely defeat her with your talent!”

Ning Xueluo said numbly, “It’s not just about talent. Ning Xi loves to use dirty tricks and innocent ladies like us don’t stand a chance against her. It was all my fault. If I had known Ning Xi would join the audition beforehand, I could’ve reminded you to be more careful!”

Actually, Ning Xueluo did not even get through the initial audition and she had lied in order not to embarrass herself. On a side note, she could get Li Yueling on her side by doing her a favor, striking two birds with one stone.

If she went up to Cook now, she would find out about her elimination in the initial phase of the audition.

Chapter 480: Getting Rich Overnight

Li Yueling did not notice anything odd about Ning Xueluo, so she continued to complain, “I knew that she must have used some dirty tricks, I almost thought that I really lost to her! What should I do now Xueluo? I’m too embarrassed to go back!”

Ning Xueluo gave it some thought and said, “Noble has already announced the results and it’s impossible to change that now but we can minimize the spread of the news.

This audition happened in a foreign country so not many people know about it. If we pull some strings, they might not tell the whole world. And it wasn’t just you who are embarrassed. In fact, all of them are far more experienced than Ning Xi and yet they still lost to her!”

Li Yueling had a moment of realization. “You’re right...”

“So just relax, you’re on the same side as them. Coincidentally, History has just opened a headquarters in Los Angeles. We’ll invite all of them over tomorrow and buy them some dresses there. After some bonding and hints, they’d surely understand!”

The manager spoke up as well, “That’s a good idea. History is quite popular among the entertainment circle recently and many celebrities will be proud to own a dress designed by the lead designer David!”

Li Yueling held Ning Xueluo’s arms intimately and flattered, “Of course, Xueluo, you have great taste and you picked that designer to set up a brand for him and make him popular!”

“I was just lucky,” Ning Xueluo said humbly.

...

On the third day since Ning Xi came to Los Angeles.

Noble’s advertisement shoot ended without a hitch and she was going home tomorrow.

Her endorsement fees amounted to three million dollars, 10 times more than what she had received the last time.

It felt awesome to get rich overnight!

Finally, she could buy whatever she wanted.

A not lesser known brand that Ning Xi liked, “Neon”, had been bought over recently and changed their name to “History”. It seemed that its popularity was rising and it had gotten a lot of attention in the entertainment field with many celebrities and socialites loving it.

She felt a little sad that suddenly everyone knew about the treasure that used to be only known by a few, but of course, she felt happy for the brand itself.

As the brand had progressed, more classic designs were made.

She heard that History had opened a shop in Los Angeles and had a lot of pieces that were not available back home, so she wanted to take a look.

Ning Xi felt refreshed stepping into the store.

There were a lot of designs that were not available back home and all of them piqued her interest.

What was regrettable was that the prices were almost tenfold to how much it had cost before.

“Miss, see anything that you like? Try them on! You can only see how it really looks when you try it on yourself!” the salesperson told Ning Xi.

“Mmm, I’ll look around for a while. All of them look gorgeous!”

The salesperson smiled, “Miss, are you from China?”

“Yes.”

“I think that although our brand is popular in Western countries, only a Chinese can bring out the real potential of the designs. After all, it was made by a Chinese designer. You look really pretty and you have a unique aura, most of our garments would suit you very well!”

“I’ve always been a fan of this brand even before it was named History!”
