

Folly 105

Chapter 105: Teaching Wang Gousheng a Lesson (Part 1)

Wang Gousheng hadn't come to his senses yet when Mu Shuangshuang slapped him in the face.

Slap!

Wang Gousheng was stunned. In his entire life, he had never been hit by anyone. How dare this brat do it?

"You wretched girl... dare to hit me, I..."

"It's you I'm hitting, you bastard!"

Mu Shuangshuang jumped up and slapped again, making Wang Gousheng see stars, his mouth even twisted.

"You lousy kid, daring to bully Little Zhi, today I'm going to show you what happens when you mess with the wrong person."

Mu Shuangshuang got angry just thinking about the handprint on Little Zhi's face.

She stood up, walked over to one of the kids she had knocked down, took off his shoe, and returned to Wang Gousheng.

Stuffing the stinky shoe into Wang Gousheng's mouth, Mu Shuangshuang resumed slapping him, the crackling sound of slaps resuming.

The "slap slap" had a more consistent rhythm than the music from the square dance, the children beside were already scared stiff.

Wang Gousheng still couldn't believe it; the one hitting him was the most useless girl in the village.

In fact, the "useless girl" in his eyes had changed a lot, she was cleaner and no longer walked timidly.

But everyone had conventionally thought Mu Shuangshuang was a pushover who dared not resist.

"Boo hoo..." Wang Gousheng cried, his tears and snot flowing, looking absolutely miserable!

It was unclear how long the shoe Mu Shuangshuang used hadn't been changed, the stench overwhelmed Wang Gousheng's nose.

Wang Gousheng was on the verge of vomiting from the stink, but his face burned in pain.

Wang Gousheng's body trembled and struggled continuously.

"Dad, save me, it hurts... hurry up and kill this wretched girl."

"Calling your mom won't help! Today as your sister, I'm going to teach you how to be a human!"

Mu Shuangshuang increased the force in her hands, and after several rounds of beatings, Wang Gousheng howled even more ferociously.

"I was wrong... I was wrong... I won't bully Little Zhi ever again!"

Wang Gousheng cried miserably, yet Mu Shuangshuang showed no signs of letting him go. Only after his face was swollen did she stop.

"Tell me, where is Little Zhi's money pouch?" Mu Shuangshuang glared fiercely at Wang Gousheng, implying she'd skin him if he didn't answer.

"I... I don't know..." Wang Gousheng replied.

"Still daring to lie, today you're dead meat!"

Mu Shuangshuang flipped him over, about to smack Wang Gousheng's butt, when he let out a heart-piercing scream.

"It wasn't me who took it, ask Er Ling, he took it..."

Mu Shuangshuang gave a hard slap on Wang Gousheng's butt anyway, unsatisfied, she continued several more times until Wang Gousheng didn't dare to cry out loud, only then did she turn around.

"Who is Er Ling? Bring me Little Zhi's money pouch."

The children, frightened by Mu Shuangshuang, immediately pointed to one of them without thinking.

"Er Ling is him, it's his fault, nothing to do with us!"

Mu Shuangshuang saw it was the one whose shoe she had removed, but Er Ling was much smarter than Wang Gousheng.

He stood up trembling, then pointed to the river. "In the river... went..."

"Go fetch it, if you can't find it, I'll make your butt bloom."

Without thinking, Er Ling plunged into the river, searching for a long time without finding Little Zhi's money pouch.

"It was clearly here..."

Er Ling kept searching and calling out, but the money pouch was nowhere to be seen.

Mu Shuangshuang lost her patience, her plans had been disrupted by these little rascals.

The village had probably erupted by now, and even if she pretended to be injured, she missed her opportunity.

Finding a stick on the ground, Mu Shuangshuang smacked Er Ling's butt harshly a few times in the river, causing him to dance, sending water splashing high.

She detested bullies the most, this time she had to make an exception, the third branch had been looked down on, Mu Shuangshuang was clear on that, but she never expected they'd dare harm a child.

Unforgivable!

Lu Yuanfeng walked over holding Little Zhi, the village kids all feared Lu Yuanfeng a bit because he was the only one who dared to hunt on the mountain.

"Shuangshuang, how can I help you?"

Lu Yuanfeng didn't ask anything, he just asked how to assist her, this made Mu Shuangshuang very touched.

She puffs her chest out, trying her best to appear imposing.

Actually, both her and Lu Yuanfeng were quite disheveled at that moment, their clothes already stained with blood, and their faces dirty.

"Strip Gousheng and tie him to a tree."

Mu Shuangshuang knew all too well what these kids were thinking, she'd punish them now, but they'd only suffer some flesh pain.

In less than three days, they'd think of sinister ways to deal with her again. Only by shaming them would they not dare to mess with her again later.

Following Shuangshuang's instructions, Lu Yuanfeng stripped off Wang Gousheng's clothes and tied him to a tree.

Several children were lined up by Mu Shuangshuang, her stick swinging with a swoosh.

"Today you're going to count for me, after counting to two thousand you can go home, otherwise you'll keep watching Gousheng with no clothes on."

Stripping a boy's clothes and making a bunch of kids watch, only Mu Shuangshuang could do something like this.

Lu Yuanfeng unconsciously blocked Shuangshuang's view with his body.

Because Shuangshuang was even younger than Gousheng, she shouldn't see such things.

Mu Shuangshuang didn't think much of it, after the job was done, she urged Lu Yuanfeng to quickly return and continue with the plan.

Little Zhi had stopped crying by then, during the clothes-stripping of Gousheng, she had Little Zhi go to the side, afraid she'd be scared by what she shouldn't see.

Little Zhi still felt down, she hugged Mu Shuangshuang's leg, pitifully asking.

"Sister, is the money pouch lost forever?"

"It's fine, sister will make you a new one, let's go back first, no matter what happens later, just focus on crying."

Mu Shuangshuang pretending to be seriously injured might not work anymore, but at least she should fake a light injury, holding the third branch accountable with a silver note.

This way, Old Mrs. Mu would know that the third branch currently owed a debt, and they'd have to repay it first, and she could take advantage of this excuse to save her earnings.

Meanwhile, the news about Lu Yuanfeng hunting a wild boar and saving Mu Shuangshuang had spread in the village.

Many people stopped working and gathered around Old Mu Family and Lu Yuanfeng's house.

When Lu Yuanfeng carried Mu Shuangshuang to the Old Mu Family's house, Old Mrs. Mu had been scolding for a long time.

It was mostly about how she's a liability and daring to get hurt, today they'd let her die and won't treat her.

"Mu Family! Shuangshuang was bitten by a wild boar, it's urgent, she's lost a lot of blood..."

In the eyes of everyone, Mu Shuangshuang's clothes all blood-stained, indeed looked severely injured.

"Throw her out, throw her out of here, we Old Mu Family won't have such a granddaughter." Old Mrs. Mu didn't even think twice before saying.

"Mu Family, what did Shuangshuang do wrong for you to treat her like this?"
