

## Forgive My Ex-husband Chapter 257

It was a unique restaurant, which with beautiful scenery.

The building was similar with the building in south of the Yangtze River.

In addition, the room was specially opened for taking photos, which were full of different scenes and special clothes. Melinda followed Jonas to go there and saw many things.

"It's so beautiful here." Melinda praised from the bottom of her heart. The quiet atmosphere made people forget trouble. The consumption here was relatively high, so this kind of peace would not be disturbed.

"Do you like it?"

Jonas was recommended this restaurant by a friend before he brought Melinda here. He didn't expect that she would love this place so much.

"Yes, let's go to take some pictures later."

Melinda nodded her head firmly and looked at Jonas with anticipation. Since Jonas didn't like to take photos, he always wore a poker face.

However, she liked taking pictures. She liked to use the photos to record every happy moment.

As expected, Jonas frowned and then nodded awkwardly.

In the photos taken here, a lot of guests could see them. Therefore, Jonas felt as if he had become a panda while being photographed there.

Different scenes and clothes could be worn on different occasions. But he was a strong minded man to resist the temptation of clothes. As a result, Melinda didn't continue to force him.

The store was very attentive, and there were special photographers for them to take pictures. Melinda pulled Jonas to take a lot of photos as much as they could. At this time, all the worries in their hearts were thrown far away.

"Why is your expression and action the same as a statue?" She turned around and winked playfully at Jonas.

"It's all your daddy's fault. Mommy didn't mean to get angry." Said Melinda as he looked at her, who instantly covered her belly with hands and squatted down.

He followed, squatted down, and held her in his arms. He placed his hand on her lower abdomen, so close to her ear. The hot air spread over her ear when he spoke, making her face instantly blush.

"I'm sorry, honey. I was wrong."

His voice was a little hoarse, but full of tenderness. Hearing the word "dear", she almost fell down. She felt lucky that she was squatting.

The photographer quickly took several photos.

After such a fuss, Melinda was not so tensed at last, as Jonas also comforted her during the meal.

Since he had a lot of work to do in the company, it was rare for him to have stayed with Melinda for such a long time. As a result, Jonas turned off his mobile phone. He didn't expect that William and other secretaries called Melinda directly.

"I'm really fine." She was a little guilty since Jonas was very busy at work every day. She didn't help him, and
