

## Forgive My Ex-husband Chapter 315

At the moment when Melinda's eyes fell on Jerry, Jonas smelt something wrong. With an excuse, he wiped the corner of her mouth, and whispered in her ear, "What's wrong?"

What Melinda was doing now really scared Jonas.

It was not a good time to talk about this now. Melinda just smiled at Jonas, indicating that they could talk about it later.

The dinner was a little boring. Looking at Melinda, Queena was worried. When they finished eating, Queena said directly to Melinda, "Mellie, go out for a walk with me later."

The moment Melinda heard of going out for a walk, she thought of the horrible experience of this period, and she began to fear. She resisted these things from the bottom of her heart.

Jonas noticed that there was something wrong with Melinda, and said to Queena, "You have to prepare for going out. My wife is so beautiful, and she has to dress up a little ugly, so she can't be watched by others."

As soon as he finished saying that, he pulled Melinda towards the bedroom of the two people, where she told everything that had happened these days in detail to Jonas.

Feeling angry and pitiful, Jonas held Melinda in his arms and sighed helplessly.

"You should have told me these things earlier."

Jonas didn't expect that Emily would have the nerve to provoke Melinda after she almost died. Thinking of that Melinda was angry with him because of Emily last time, Jonas felt that it was not worth it.

"I didn't think too much at that time. However, such thing would happen wherever I went these days. Jon, are those people suffering because of me?"

Melinda felt sad for those people. Since she was kind and self-condemned, Jonas felt sorry for her.

"It's not your fault. These are just accidents. Our baby will be fine. Don't worry," comforted Jonas. In fact, he was also scared.

If these methods were used on Melinda and the baby, Jonas thought he would really go crazy.

"How about Mommy?" Melinda asked anxiously. Queena had done enough. There was really no need to bother her.

"Do you dare not go out?"

At this moment, Jonas finally understood why Melinda didn't dare to go out and why she was so afraid. When he said this, it made him feel a little sorry.

"Yes."

In front of Jonas, Melinda didn't need to pretend, and she frankly acknowledged her fear.

I will help you solve all these," said Jonas, telling Melinda to wait for him in the room, and he was going of his clothes in a hurry, and frowned, making Jonas want to put the best things
