

Forgive My Ex-husband Chapter 393

However, Melinda was too tired to do that. As far as Jonas could see, Melinda was coaxing the child, and before the child fell asleep, she fell asleep. And she woke up in a panic and continued to coax the child.

He felt sorry for her, but there was nothing he could do. He wanted to help Melinda in the casting group, but he knew nothing about the script.

Taking care of the child, Jonas wanted to have a try, but the child was like his natural enemy. The baby cried all the time when he held him, which made Melinda suspect that if Jonas bullied the child in a place she couldn't see.

The official Weibo began to release the news of the crew from time to time, and even distributed a lot of behind-the-scenes under Melinda's order. Looking at the progress of the crew, Melinda suddenly had a new idea.

In order to make this TV play a form of shooting and showing, the crew had to follow a certain time line, which would be more tired, but they could receive more comments and improve it.

After asking for everyone's opinions and getting everyone's approval, Melinda found the staff to start the production. This decision was sudden and shocked the people outside.

But they were still looking forward to it. After all, this kind of play was a test for all the people. Once the play couldn't be updated, or there were many negative comments, it would be a great impact.

Generally speaking, this decision would not be made in the new play, but that was what Melinda had done.

No matter what Melinda did, Jonas would support her, so he asked his products to start advertising for her series.

In this way, the play became popular again, and many people who didn't care about it at all were intrigued.

Melinda asked several main characters to shoot a promotional video. Because the play was in this form, the actors didn't have time to publicize in every city.

But it still couldn't affect the popularity of the play. When the first episode was broadcast, the audience rating had reached a new high.

The plot was so dramatic and eye-catching. One was Felix, who was famous a few days ago, and the other was Jessica, who was a famous singer.

This kind of combination was not expected, but the two people in the play had a strong loving sense. Many people immediately commented after watching it. This couple was so sweet.

What Melinda did made the play famous. Many video applications even competed for the exclusive broadcast right when it was broadcast.

When it was broadcast, Melinda only cooperated with TV stations, and the video applications couldn't update at the same time. Now many people began to contact her to get the final copyright.
