Chapter 191: Yin Yang Mandarin Duck Talisman, Emergence of the Nascent Soul Cave Mansion

"Next comes the engraving of the seventh Life Talisman."

"There's nothing much to say."

"It must be the Yin Yang Mandarin Duck Talisman."

Jiang Fan clenched his fists.

This was the Life Talisman he had planned for a long time.

But it was also inevitable because Su Weiwei's Taiyin Virgin Body was simply too powerful.

Even though he had ascended to the realm of Seventh-Layer Qi Cultivation, he still couldn't resist her special physique.

If this continues, he might be bullied by Su Weiwei, and his husbandly authority might deteriorate in the future.

More importantly, once this Life Talisman is formed, during dual cultivation, it will greatly benefit both parties; his cultivation enhancement equates to Su Weiwei's cultivation enhancement.

This is the top dual cultivation technique in the world, truly full of mysteries.

Thus, it is destined to be the seventh Life Talisman on him.

Rumble~~

Thinking of this, Jiang Fan didn't hesitate and quickly used his Luck Points.

Instantly, a mysterious energy burrowed into the depths of his Sea of Consciousness.

This immediately put him in a state of enlightenment.

He sat cross-legged on the ground, sensing the Primordial Talisman deep within his Elixir Field and Sea of Qi.

Strands of primordial spiritual power began to engrave on it, leaving traces of talisman patterns.

Undoubtedly, the Yin Yang Mandarin Duck Talisman is extremely complex.

Even a Foundation Establishment Cultivator might not successfully engrave it within their body.

But with the aid of Luck Points, for Jiang Fan, it was simply effortless.

Within just an hour, the patterns of the Yin Yang Mandarin Duck Talisman appeared on the surface of the Primordial Talisman.

"It's done."

Jiang Fan's eyes showed a hint of shocking brilliance; he had only five thousand Luck Points left, clearly having spent over two thousand Luck Points to successfully engrave the Yin Yang Mandarin Duck Talisman.

But all of this was worth it.

He perceived that on the surface of the Primordial Talisman sphere appeared a special talisman, showing both Yang and Yin symbols.

And this talisman could be separated.

During dual cultivation, the Yang symbol would remain within his body, while the Yin symbol would merge into his Dao Companion's body.

In this way, these two types of talismans would meld together, with Yin and Yang converging.

Ultimately, both parties would reach the realm of Yin Yang integration with hearts linked.

At that time, not only can it enhance both parties' cultivation, but it can also enhance their relationship, becoming inseparable.

Whoosh!

Thinking of this, Jiang Fan's heart stirred, and he opened his Virtual Panel.

Evidently, compared to before, Jiang Fan's various abilities have improved significantly.

This made him feel very satisfied.

He believed that if he continued to draw talismans, he was not far from becoming a Top-grade Talisman Master.

Half an hour passed.

Jiang Fan completely stabilized his cultivation at the Seventh-Layer Qi Cultivation, and then left the Cultivation Room.

At this time, he also saw Su Weiwei, who had just finished her cultivation.

At this moment, Su Weiwei was wearing a purple silk night gown, showcasing her perfect curves, exquisite and alluring, with every movement containing infinite charm and allure, becoming more and more enchanting.

"Husband."

Su Weiwei also saw Jiang Fan and chuckled softly.

The two were a long-married couple, no need for many words.

.....

In the blink of an eye, it was the next morning.

Undoubtedly, Jiang Fan and Su Weiwei had spent an exceptionally wonderful night.

Especially with the help of the Yin Yang Mandarin Duck Talisman, they felt the integration of Yin and Yang, the blending of dragon and tiger.

This feeling was incredibly wondrous.

"Husband, the spiritual power within my body has increased a lot."

"Unexpectedly, just one night could match the previous one or two weeks of intense cultivation."

"Even the effect of consuming middle-grade elixirs is no more than this."

"Is this really the effect of the Yin Yang Mandarin Duck Talisman?"

At this moment, Su Weiwei was pleasantly surprised.

Clearly, she noticed a significant increase in spiritual power in the depths of her Elixir Field and Sea of Qi.

She was getting closer and closer to the Fourth-Layer Qi Cultivation.

If based on her previous cultivation speed, at least two weeks would be needed to increase so much spiritual power.

One can imagine how immense the effect of the Yin Yang Mandarin Duck Talisman is.

"Indeed, this is the effect of the Yin Yang Mandarin Duck Talisman."

"Even I didn't expect the effect to be so immense."

"The Taiyin Qi within you seems to be able to rapidly advance my Soaring Snake Technique."

Jiang Fan also noticed this point.

Strands of Taiyin Qi flowed from Su Weiwei's body into his own.

Originally, the progress of cultivating the Qi Cultivation Chapter of the Soaring Snake Technique was extremely slow.

It required a long time to engrave the Soaring Serpent Rune onto a muscle.

But now, assisted by Taiyin Qi, the engraving speed seemed to have increased manifold.

This also increased the muscle strength within his body significantly.

Of course, this force not only enhanced his physique.

It also boosted his cultivation.

However, since Su Weiwei's cultivation was relatively weak, the help for him wasn't particularly significant.
