Chapter 205: Advancement to Eighth-Layer Qi Cultivation, Fortune-Telling Talisman

Boom~~

At this moment, Jiang Fan activated the Mixed Element Talisman Scripture, and his whole body seemed to form a Spiritual Energy Vortex.

The vast Heaven and Earth Spiritual Qi surged around and immersed into his body.

This was like the last straw that broke the camel's back.

The immense Primordial Spiritual Power within instantly broke through the eighth meridian, like water flowing naturally.

It was completely effortless.

Eighth-Layer Qi Cultivation.

At this moment, Jiang Fan finally advanced to the Eighth-Layer Qi Cultivation Realm, with eight meridians connected within him. A large amount of Primordial Spiritual Power wandered through each meridian.

This was like the flow of rivers, with vast torrents rushing with mighty force.

A powerful force was nurtured from deep within his body, seemingly containing boundless power.

"Is this the Eighth-Layer Qi Cultivation?!"

"Indeed, it is completely different from before, the cultivation has improved greatly."

"Getting closer and closer to Foundation Establishment."

Jiang Fan clenched his fists, sensing the condition of his body.

Compared to before, the Primordial Spiritual Power within him had increased by at least half.

Moreover, each meridian in his body had been broadened, able to accommodate more Spiritual Power.

Additionally, the strength of his Spiritual Sense had also increased a lot.

It could be said that the power on his body had been comprehensively enhanced.

More importantly, the Primordial Talisman deep within his Elixir Field and Sea of Qi had also increased considerably in size, now capable of engraving the eighth Life Talisman.

"There are many choices for the eighth Life Talisman."

"But I have long had a suitable talisman in mind, which is the Fortune-Telling Talisman."

Jiang Fan's eyes glinted.

The so-called Fortune-Telling Talisman is a Top-grade Talisman. .

Of course, since it is a Top-grade Talisman, its effect is not as powerful as imagined.

Even if used, it can only slightly sense fortunes and misfortunes.

Moreover, there are distance limitations.

For ordinary cultivators, the Fortune-Telling Talisman is like a useless talisman.

Expensive, yet not very effective.

But he is different, as he possesses the Life Chart of Great Blessings Equal to Heaven, inherently a special constitution.

If the Fortune-Telling Talisman is added, it would be like adding wings to a tiger.

Perhaps it will produce a different chemical reaction.

Precisely because of this, he wanted the Fortune-Telling Talisman to become his eighth Life Talisman.

Rumble~~~

Thinking of this, Jiang Fan did not hesitate to spend another 2000 Luck Points, entering a state of enlightenment, as the Primordial Talisman deep within his Elixir Field and Sea of Qi kept rotating.

One by one, the spiritual power patterns of the Fortune-Telling Talisman began to engrave on the sphere.

Who knows how much time has passed, the surface of the Primordial Talisman immediately displayed the patterns of the Fortune-Telling Talisman.

Dong!

In an instant, Jiang Fan sensed his body shake, as an invisible power of destiny immersed into the Fortune-Telling Talisman, causing the talisman to emit golden light.

An invisible force released from this talisman, seemingly taking his soul into the river of fate, seeing the strands of mist of destiny.

As if at this moment, he could already predict fortunes and misfortunes.

"Tomorrow is not the day to travel far, stay home to cultivate, small fortune."

At this time, Jiang Fan sensed a message enter deep within his sea of consciousness.

As if he could predict his fortune for tomorrow.

This also made him grasp the future even more thoroughly.

"The Fortune-Telling Talisman is indeed extremely compatible with me."

"Even typical cultivators won't achieve such effects even with the Fortune-Telling Talisman."

Jiang Fan felt joy in his heart.

He understood why such an effect occurred.

Because the force driving the Fortune-Telling Talisman is not merely Spiritual Power, but the destiny of the cultivator.

Ordinary cultivators inherently have little destiny, so the effects of the Fortune-Telling Talisman wouldn't be significant.

But he, possessing the Life Chart of Great Blessings Equal to Heaven, can endlessly devour the destiny of the world.

This also made the destiny on him continuously abundant and increasingly vast.

This is precisely why the effect of the Fortune-Telling Talisman is superb, unmatched by other cultivators. (w)ebn ov.e l\ . co.m

It's as if it was his innate Life Talisman.

Furthermore, previously avoiding disasters and crossing calamitous times was based on instincts.

But now it's different.

Through the power of the Fortune-Telling Talisman, he could preemptively prevent potential dangers.

Can avoid disasters in advance and know the opportunities.

One passive, one active, entirely different effects.

Undoubtedly, this will definitely elevate his survival probability to astounding levels.

No longer needing to worry like before, fearing an unexpected calamity.

Thinking of this, he felt a surge of emotion, immediately opening the Virtual Panel on himself.
