

Fortune 251

Chapter 251: Opportunity Arrives, Harvesting Foundation Establishment Spirit Medicine Golden Jade Ganoderma

Time flies.

Another week has passed.

Lingxi Secret Realm, Nameless Valley.

The time for the Lingxi Secret Realm to close is also getting closer.

Because Jiang Fan stayed in the cave to cultivate, Su Weiwei has always been outside cultivating.

But during this time, all the chaos and battles in the Lingxi Secret Realm have had nothing to do with this place.

Whether it's demon beasts or cultivators, it seems like they all overlooked the Nameless Valley.

Thus, this place has become a safe haven.

This also reassured Su Weiwei a lot.

After all, she knows her husband is advancing to Foundation Establishment inside, and if any enemies come from the outside, it might disrupt her husband's advancement.

But now it looks like everything is going very smoothly.

There aren't any enemies coming from outside the valley, everything is so calm and peaceful.

"By the calculation of time, husband should be exiting soon."

Su Weiwei is also not worried about Jiang Fan's safety.

Due to the Yin Yang Mandarin Duck Talisman, she can sense Jiang Fan's safety, as if they have a telepathic connection.

So she can perceive that Jiang Fan has definitely succeeded in Foundation Establishment.

Moreover, the recent abnormalities also confirm this.

This reassured her a lot.

Boom~~

At this moment, a sudden intense wave of spiritual energy surged inside the cave, accompanied by flashes of lightning and thunder, as if celestial thunder was descending, containing terrifying power.

Endless Heaven and Earth Spiritual Qi gathered inside the cave, forming a Spiritual Energy Vortex.

The next second, a figure walked out from inside, it was none other than Jiang Fan.

At this moment, the aura on Jiang Fan's body was overwhelmingly more powerful than before, at least ten times stronger.

It seemed like with a light step, he crossed hundreds of meters, his speed as fast as thunder.

"Husband."

Seeing Jiang Fan come out of the cave, Su Weiwei was overjoyed.

Although she had already sensed that her husband would definitely succeed in Foundation Establishment, seeing him safe and sound, she was finally completely relieved.

Whiz!

Jiang Fan suddenly appeared in front of Su Weiwei, holding her slender waist, feeling her alluring body, a charming fragrance wafted into his nose, making him eager.

She was just like a ripe peach, tempting to the extreme.

Or like a beautiful jade, making one unable to resist playing with it.

"Has anything happened outside during this time?"

Jiang Fan asked concerned.

"Husband, during this time, the battles outside have been very fierce."

"A large number of loose cultivators and sect cultivators rushed into the Lingxi Secret Realm."

"They crazily scoured the spirit medicine in the Secret Realm World."

"But they also enraged the demon beasts in the Secret Realm World."

"Both sides engaged in a war."

"Due to the demon beasts being too powerful, cultivators suffered heavy casualties."

"But this Nameless Valley of ours has been fine; during this time, no outsiders have come."

"It's also considered a rare safe place."

Su Weiwei talked about the things happening in the Lingxi Secret Realm during this period, she also deployed the Six-winged Poison Bees to patrol the surroundings. If any enemies approached, they would be dealt with in advance.

However, she never found an opportunity to take action.

It seems this Nameless Valley has never been discovered by other cultivators.

"Thank you for guarding the cave for me during this time."

"Being able to smoothly advance in Foundation Establishment this time is all because of you, Weiwei."

Jiang Fan said emotionally.

"Pah, bad guy."

"Just out of retreat and you're already up to no good."

Su Weiwei's face turned rosy, she felt the mischievous hand of the man in front of her.

The temperature between the two rose rapidly, like the rich aroma of wine.

Soon, enchanting sounds came from within the cave.

.....

In a blink of an eye, another three days passed.

Jiang Fan and Su Weiwei were mostly inside the cave experiencing the wonders of the Yin Yang Mandarin Duck Talisman together.

Due to Jiang Fan advancing to the Foundation Establishment Realm, his cultivation increased tenfold.

However, Su Weiwei was only at the Sixth-Layer Qi Cultivation.

So when cultivating together, Su Weiwei received considerable benefits.

No less than taking a top-grade elixir, with extraordinary medicinal power.

She even gained the refining of Primordial Spiritual Power from Jiang Fan's body, making her physique increasingly stronger, with an effect like Washing Marrow and Cutting Meridians.

Of course, Jiang Fan also received numerous benefits.

Since Su Weiwei's cultivation improved, the Taiyin Qi within her body became increasingly enriched.

This greatly accelerated Jiang Fan's efficiency in condensing Primordial Spiritual Power, helping his cultivation improve rapidly.

It can be said that this is exceptionally beneficial cultivation for both parties.

Boom~~

At this time, Jiang Fan's heart stirred, and he opened the virtual panel on his body.
