Chapter 269: Promotion to Second-Layer Foundation Establishment, Daoist Yunlai Returns_2

If you want to buy Foundation Establishment-level resources, you'll need to leave Yunlai City and head to another more stable and safe Immortal City.

"Go to another Immortal City?"

"But where can I go?"

Jiang Fan was a bit troubled.

After all, the Ten Thousand Beasts Mountain Range is only this big, and the number of Golden Core Immortal Cities is very scarce.

Currently, the Ten Thousand Beasts Mountain Range still belongs to newly developed areas.

Places suitable for human cultivators to reside and practice are not many.

Most areas are actually territories of demon beasts.

If he wants to find a better Immortal City, he probably has to leave the Ten Thousand Beasts Mountain Range.

"Forget it, forget it, let's not dwell on these minor matters for now."

"The most important thing is cultivation, my own cultivation."

"If my cultivation is strong enough, then the world is vast, where can't I go?"

"Next is to engrave the second talisman after Foundation Establishment Realm."

Jiang Fan fell into contemplation.

In fact, he already had the answer deep within his heart.

For him right now, attack methods with the Celestial Thunder Talisman and the Cyan Lotus Earth Fire Talisman are already more than enough.

So he wants more auxiliary methods.

Like the talisman he used last time — the Enchantment Talisman.

By using this talisman, it can confuse the enemy's mind and make them unknowingly leak information.

It can even be used as a soul attack method to cause the enemy to become dazed.

One might say, when it comes to such soul techniques, the more the better.

Moreover, mastering numerous soul-type talismans also aids in the growth of his soul power.

The two complement each other.

Boom~~

Thinking of this, Jiang Fan had no hesitation and immediately consumed a full five thousand Luck Points.

At this moment, he was in a state of epiphany.

Deep within the Elixir Field and Sea of Qi, the Primordial Talisman slowly rotated.

The Primordial Spiritual Power within his body began to condense into the patterns of the Enchantment Talisman on the surface of the Primordial Talisman.

After all, this is a soul-type talisman, and the talisman patterns are extremely complex.

Any slight error might lead to failure, or even backlash.

But with the assistance of Luck Points, he entered the state of Unity of Heaven and Man, making no mistakes.

No one knows how much time passed.

The patterns of the Enchantment Talisman appeared on the Primordial Talisman.

Enchantment Talisman, complete!

In an instant, Jiang Fan sensed he had completely mastered the Enchantment Talisman, and this talisman became one of his Life Talismans, as natural as an instinct.

Just by lightly activating this talisman, he could immediately release the enchanting power, causing enemies to enter a hypnotic state, unaware of what had happened to them.

Enemies may unknowingly reveal their greatest secrets.

However, currently, it's merely at entry level.

Hence, dealing with cultivators with lower cultivation than himself is quite easy.

If facing cultivators of the same realm, the effectiveness might not be as good.

"An Enchantment Talisman, from a certain perspective, can be considered a form of hypnosis capability."

"If I can cultivate it to perfection level, wouldn't I be able to hypnotize anyone as I wish?"

Jiang Fan blinked.

He suddenly recalled many Japanese artistic action films from his past life, where quite a few male protagonists possessed hypnosis abilities, allowing them to do as they wished.

Unexpectedly, he now possessed a similar ability.

If he wanted, couldn't he use this ability to hypnotize countless beautiful female warriors in the martial world?!

Cough cough, that would be a bit of a waste of talent.

He is, after all, a Foundation Establishment cultivator.

Even if his strength were exposed, it wouldn't be out of the question to have three thousand concubines.

Countless female cultivators would be willing to become concubines, why resort to such means?

Boom~

At this moment, Jiang Fan's heart stirred, and he opened the virtual panel on his body.

Clearly, compared to before, his abilities had improved to varying degrees.

All the hard work day and night for these three months had finally paid off.

Whoosh!

After slightly consolidating his cultivation, Jiang Fan walked out of the meditation chamber.

"Husband."

"Your cultivation seems to have broken through again."

Su Weiwei saw Jiang Fan walk out of the meditation chamber, sensing that his aura was significantly stronger than before, undeniably having achieved another breakthrough in cultivation.

Of course, she had also been working hard during this time.

Aside from diligently practicing dual cultivation with Jiang Fan, she had obtained a substantial amount of Spiritual Liquid, advancing her cultivation to the Seventh-Layer Qi Cultivation, becoming a late-stage Qi Cultivator.

Clearly, she could not compare to her husband.

But compared to other Loose Cultivators, the speed was unfathomably faster.

Not to mention, Jiang Fan had previously obtained a Foundation Establishment Pill.

If she could reach Qi Cultivation Perfection, then achieving Foundation Establishment shouldn't be an issue.

"Indeed, I've had some breakthroughs."

"I've already advanced to the Second-Layer Foundation Establishment."

Jiang Fan said modestly.

What?!

Upon hearing this, Su Weiwei widened her beautiful eyes, looking at Jiang Fan with admiration.

She had heard that Foundation Establishment cultivation was extremely difficult.

Sometimes, it could take decades to break through a single level.

But now, her husband had reached the Second-Layer Foundation Establishment in just a few months.

Even Celestial Spirit Root cultivators might only reach such a speed.

Her husband truly was a prodigy.

"Haha, it's all thanks to taking pills."

"If it weren't for me, this kid would still be at the First-Layer Foundation Establishment."

The Ten Thousand Transformations Pill Furnace grumbled within Jiang Fan's body.

But it only communicated this to Jiang Fan's Spiritual Sense, not letting the sound out.

This was part of its little scheme.

It's said that the crying baby gets the milk.

If it didn't make a fuss, this kid might forget its contributions.

Boom~~

At this moment, just as Jiang Fan was about to say something, Yunlai City suddenly trembled, a violent wave quickly spread throughout the city, buzzing and humming.

"What's happening?"

Jiang Fan and Su Weiwei exchanged a glance, immediately sensing that something was wrong; could it be that an enemy was attacking Yunlai City?!

But there had already been a Golden Core Zhenren attacking before, there couldn't be a second time, right?!

For a moment, the two's expressions turned solemn.

Soon, Jiang Fan quickly found out the news, learning what the tremor was all about.

"Haha, the City Lord has returned."

"The City Lord did not perish in the Nascent Soul Cave Mansion."

Many Loose Cultivators cried tears of joy, spreading this news.

The sudden tremor wasn't from an enemy attack, but from the return of Daoist Yunlai.

It seemed that Daoist Yunlai had hurriedly and swiftly returned to Yunlai City.

"No way, is this true or false? Wasn't it said he was trapped in the Nascent Soul Cave Mansion, with a slim chance of survival? How did he suddenly return?"

Someone felt very puzzled.

"It's said the Tier Four Array in that Nascent Soul Cave Mansion was outdated and didn't have its former power, and there happened to be several Golden Core Zhenren who were very proficient in formations.

Although they indeed were trapped in the array, after some twists and turns and paying a significant price, Daoist Yunlai and others managed to escape from the cave mansion."

"That's great; with the City Lord's return, Yunlai City is completely safe. Let me see if Daoist Fei Lian dares to come and cause trouble again."

"Hehe, as far as I know, even if Daoist Yunlai left alive, he probably suffered considerable injuries, not sure if he can recover."

"Yes, if he falls from severe injuries, Yunlai City's situation remains very dangerous."

"But anyway, in the short term, Yunlai City is certainly safe."

Many Loose Cultivators buzzed with discussion.

This astonishing news quickly spread throughout Yunlai City.

It served as a stabilizing force, bringing peace of mind to countless Loose Cultivators.

Boom~~

At this moment, the Fortune-Telling Talisman deep in Jiang Fan's Elixir Field and Sea of Qi began to tremble.

A message entered the depths of his sea of consciousness: "Foundation Establishment achieved; when next at the crossroads of fate, progress boldly, or face demise midway, it all lies within your own heart."
