Chapter 303: Easily Crossing the Tribulation, Celestial Thunder Vanquishes Demon Cultivator

Rumble~~~~

Without a word, Zhang Zichao and the twelve Foundation Establishment Demon Cultivators made their move instantly.

They had been impatiently waiting and intended to finish the battle quickly.

Because if they dragged it out, unforeseen complications might arise.

After all, they were Demon Cultivators wanted by the Profound Celestial Sword Sect.

If discovered by the Profound Celestial Sword Sect, they would likely face certain death.

Therefore, their best strategy was to quickly resolve the battle against this group of Foundation Establishment Loose Cultivators, annihilate everyone on Seven Stars Peak, and then plunder all treasures here.

Should they succeed, they'd earn a considerable fortune, enough for them to amass great wealth.

Celestial Demon Enchanting Technique!

In an instant, Zhang Zichao and the others unleashed the unique technique of the Heart Demon Sect — the Celestial Demon Enchanting Technique.

This technique can invoke the Power of Heart Demons, thereby inducing the Heart Demons of enemies, causing them to fall into the Heart Demon Illusion Realm, rendering them unaware and captivated by Heart Demons.

This demonic technique even bypasses many defenses, directly targeting the soul.

Therefore, it is often unavoidable.

Typically, cultivators of the same level don't notice anything before falling for it, immediately meeting their end.

Boom~~

At this moment, eerie and sinister Heart Demon Aura emerged from them, seeming to form a Demon Realm.

An invisible wave of Heart Demon power swept across.

Easily enveloping Jiang Fan and the others.

In an instant, Elder Alchemist Wei Song and others' expressions changed dramatically. They found themselves unable to perform any magic, seemingly dragged into an illusion where reality and fantasy were indistinguishable.

Even their consciousness began to sink, unable to move their bodies.

At this moment, they realized the terrifying aspect of Heart Demon Sect cultivators.

No wonder wherever these Demon Cultivators appeared, entire clans were eradicated, none escaped.

With such Heart Demon Illusion Techniques, countless cultivators were left helpless, unable to resist.

If this continued, they would undoubtedly be easily killed by these Foundation Establishment Demon Cultivators.

"Courting death."

At this moment, Jiang Fan made his move.

Though the Heart Demon power of these Foundation Establishment Demon Cultivators was indeed terrifying, he was protected by the Demon-Vibrating Bell, coupled with his inherently strong soul power, this was nothing more than a gentle breeze to him.

Completely incapable of provoking his Heart Demon.

Let alone causing him to fall into the Heart Demon Illusion Realm.

He immediately activated the Life Talisman deep within his Elixir Field and Sea of Qi — the Celestial Thunder Talisman.

Previously, he had raised the Skill Level of the Celestial Thunder Talisman to Mastery Level, significantly enhancing the power of this talisman.

Now, he could muster twenty-seven Celestial Thunders at once, with tremendous power.

More importantly, the Power of Celestial Thunder was precisely the bane of these Heart Demon Sect cultivators.

By unleashing the Power of Celestial Thunder, it would yield twice the result with half the effort.

Rumble!!!

In an instant, countless powers of Celestial Thunder gathered from the depths of the void, causing the Celestial Thunder Talisman to tremble incessantly, resonating with the heavens and earth.

A massive cloud appeared in the sky, obscuring the heavens and covering the sun.

Purple Celestial Thunders descended from the heavens, locking onto the twelve Foundation Establishment Demon Cultivators.

In mid-air, a destructive aura permeated.

These thunders danced like dragons and serpents.

"How is it possible? How could there be a Thunder Cultivator here?"

Zhang Zichao and the Foundation Establishment Demon Cultivators' faces turned pale, their hairs standing on end.

They naturally understood the terrifying nature of a Thunder Cultivator.

For the power of Celestial Thunder was Supreme Yang and Firm, effectively restraining Heart Demon Sect cultivators.

Often a single strike of Celestial Thunder would obliterate countless Heart Demons.

Usually, they would avoid facing a Thunder Cultivator head-on.

Fortunately, mastering the power of Celestial Thunder isn't easy; even within the Profound Celestial Sword Sect's territory, Thunder Cultivators were rare.

Before attacking Seven Stars Peak, they had investigated the Foundation Establishment Cultivators here, discovering no Thunder Cultivators present.

So they had no reservations.

Who could have expected there to be a terrifying Thunder Cultivator hidden here, able to wield the power of Celestial Thunder?

Rumble!!!

Before the Foundation Establishment Demon Cultivators could react, a total of twenty-seven purple Celestial Thunders descended from the heavens, striking them with incredible speed.

"Ahhh!!!"

The next second, these Foundation Establishment Demon Cultivators couldn't help but let out miserable screams; their Demonic Qi vanished in a flash upon encountering the Celestial Thunder, causing severe damage to their bodies.

Instantly, three weaker Foundation Establishment Demon Cultivators were struck dead.

Their bodies were shattered into countless pieces, like watermelons exploding, in a mess.

The ground was covered with their charred flesh pieces.

Facing the assault of Celestial Thunder power, they stood no chance.

In just a moment's work, they were struck dead.

The remaining nine Foundation Establishment Demon Cultivators didn't fare well either.

Although they managed to withstand the bombardment of the twenty-seven Celestial Thunders with their immense demonic energy, they sustained some injuries, more importantly, their Celestial Demon Enchanting Technique was also broken.

Elder Alchemist Wei Song, Chang Lisheng, Fan Wenli, Yu Kelian, Lian Minglan, and other Foundation Establishment Cultivators instantly awakened, breaking free from the Heart Demon Illusion Realm, witnessing Jiang Fan's overwhelming display of might.

"No way, Fellow Daoist Jiang is a Thunder Cultivator? Truly well-concealed."

"Indeed, never underestimate any Foundation Establishment Cultivator."

"No wonder he's a Thunder Cultivator; in just one encounter, he wiped out three Foundation Establishment Demon Cultivators; truly formidable."

"Even among numerous Thunder Cultivators, Fellow Daoist Jiang is exceptionally powerful."
