Chapter 425: Internal Conflict in the Great Sun Sword Sect, Disaster Breaks Out!

In the blink of an eye, another half a year has passed.

Without a doubt, Jiang Fan and Su Weiwei have also become thoroughly accustomed to life on the Purple Spirit Mountain.

Since the Ten Thousand Beasts Mountain Range previously experienced a war, during this period the Golden Core Sect has also settled the disputes, ushering in a long-awaited peaceful period for the Ten Thousand Beasts Mountain Range.

Even if conflicts arise, both sides handle them discreetly.

Thus, hardly any cultivators dare come to Purple Spirit Mountain to cause trouble.

Not even the Foundation Establishment cultivators of the Great Sun Sword Sect have come.

This has allowed Jiang Fan and Su Weiwei to breathe a sigh of relief, as neither of them is particularly skilled at socializing.

Since the others do not wish to engage with them, they are content to peacefully coexist, living together in harmony.

At this moment, within the internal space of the Exquisite Tower.

"After half a year of hard cultivation, I have finally cultivated the Withered Wood Spring Charm to Perfection Level."

Jiang Fan felt quite satisfied.

His heart moved, and he immediately activated the Withered Wood Spring Charm.

It was as if he had been cultivating for hundreds of years, swallowing the Qi of Creation between heaven and earth, and quickly condensing it into special droplets of Growth Spiritual Liquid.

Whoosh~~~

In an instant, a large amount of Spiritual Liquid turned into raindrops, falling from the sky, landing on the Jade Bamboo Spirit Rice in front.

Immediately, these Jade Bamboo Spirit Rice plants began to grow, full and ripe, releasing a rich Spiritual Qi.

Originally, they required a ten-year growth cycle, but under the power of the Perfection Level Withered Wood Spring Charm, they only needed one year to fully mature.

Thus, the power of the Perfection Level Withered Wood Spring Charm is evident.

Of course, this talisman is not just used for accelerating the growth of spiritual plants.

It can also heal the injuries of cultivators.

Even in a state of severe injury, activating this talisman would rapidly heal the person's wounds.

"From now on, there's no need to purchase spirit rice from the market."

"The spirit rice grown in the Exquisite Tower alone is enough for consumption."

Jiang Fan clenched his fists, feeling overjoyed.

Basically, he only needs to use the power of the Withered Wood Spring Charm periodically to accelerate the growth of spiritual plants.

The growth time for a large amount of Spirit Medicine would be shortened.

And this is only the Foundation Establishment Level Withered Wood Spring Charm.

If he could advance to the Golden Core, or even the Nascent Soul, the power of this talisman would certainly increase greatly.

"It's not just the Withered Wood Spring Charm; the Pure Yang Exorcism Talisman has also been cultivated to Perfection Level."

Jiang Fan's heart moved, and he activated the Pure Yang Exorcism Talisman.

Boom~~

At that moment, the Pure Yang Power in heaven and earth gathered, quickly condensing into a massive sun.

Compared to before, the Pure Yang Power gathered by the Pure Yang Exorcism Talisman was like a stream.

But now, it's like a great river, its power incomparable to before.

If Demon Cultivators and Evil Cults encountered this Pure Yang Power, they would be instantly evaporated, melted, and turned to ashes.

The Perfection Level Pure Yang Exorcism Talisman could even severely wound Tier Three Demon Cultivators.

After all, this power strongly restrains Demonic Qi and Evil Cults.

However, when dealing with Righteous Cultivators, the Pure Yang Exorcism Talisman doesn't have much destructive force.

This is a type-specific talisman.

"No, the Pure Yang Exorcism Talisman might counteract Heart Demons."

"With this Life Talisman, the difficulty of advancing to the third level of the Golden Core might be slightly reduced."

Jiang Fan perceived that when he activated the Pure Yang Exorcism Talisman, a Pure Yang Power enveloped his entire body, making him feel fearless and courageous under its shroud.

No evil or sinister force could invade his soul and mind.

He believed this talisman also had the power to protect the soul and resist the invasion of Heart Demons.

"It seems spending a significant amount of Destiny to elevate the proficiency of these two Life Talismans to Perfection Level was an extremely correct decision." Jiang Fan felt very satisfied.

He had spent as much as forty thousand Destiny to enhance the proficiency of his Life Talismans.

However, considering his current situation, this amount of Destiny was no big deal, and he could afford it.

Thinking of this, he moved his heart and opened the Virtual Panel on his body.

[Realm: Ninth-Layer Foundation Establishment (70%)]

[Profession: Tier Two High-grade Rune Master (90%)]

Without a doubt, compared to before, the various abilities on his body had significantly improved.

The progress in cultivation had also reached 70% of the level.

It's estimated that if he cultivates diligently for a while longer, he can reach the Foundation Establishment Perfection realm.

The reason for such rapid progress is naturally due to the assistance of the Three Yang Qi Nourishing Spiritual Liquid.

Without the Three Yang Qi Nourishing Spiritual Liquid, he would probably need to cultivate for even longer.

As for the Golden Core Spirit Medicine Dragon Beard Vermilion Fruit, he hasn't taken it yet.

Because he wants to successfully cultivate the Dragon Beard Vermilion Fruit.

Once successful, he could obtain a Dragon Beard Red Fruit Tree.

Then he might receive a steady supply of Dragon Beard Vermilion Fruits.

But for now, it's still in the cultivation stage.
