

## **Fortune 456**

Chapter 456: Crossing the Tribulation with Ease, Gaining Another Sixth-Grade Opportunity

"Hmm."

Su Weiwei immediately nodded when she heard this.

Without asking for any reasons, she quickly packed her things.

After all, this place was just a temporary abode for the two of them, without much belonging.

After finishing everything, Su Weiwei entered the internal world of the Exquisite Tower.

Swish!

Jiang Fan also didn't say a word and immediately used the Earth Escape Talisman, diving deep into the ground.

After advancing to the Golden Core Realm, the power of the Earth Escape Talisman clearly increased more than tenfold.

He was like an Earth Demon Beast, able to easily fly through the sky and dive into the earth.

In just a few breaths, he had vanished deep within the earth.

Rumble~~

At this moment, a terrifying tremor came from the earth as a comet-sized fireball flew from the sky, accurately smashing into the Nameless Valley.

The Tier Three Array in the Nameless Valley couldn't withstand even a quarter-hour before shattering.

The entire valley was razed to the ground.

The surrounding mountains were also destroyed, turning into scorched earth.

Cracks appeared on the ground, stretching hundreds of kilometers.

Moreover, this wasn't a direct attack on the Nameless Valley; it was purely the aftermath of the battle.

"Is this the power of a Nascent Soul Great Demon?"

"This is truly the might of the heavens."

Feeling the terrifying waves of destruction, Jiang Fan's face was solemn.

The little bit of complacency that came with advancing to the Golden Core was instantly shattered.

His strength compared to a Nascent Soul Cultivator was worlds apart.

The two were basically not even on the same level of existence.

Just one strike from the opponent could turn him to ashes.

"Thankfully, I ran fast; otherwise, I might have died under the aftermath of such power."

Jiang Fan was filled with relief.

Truth be told, this was purely an undeserved catastrophe for him.

He was fine in the Nameless Valley, who would have thought that two Nascent Soul Great Demons would suddenly appear fighting.

Their battle happened to be near the Nameless Valley.

Just the aftermath of their battle completely destroyed this Golden Core Cave Mansion.

Thud thud thud~~

At this moment, two terrifyingly massive figures appeared in the sky.

Every collision between the two figures created formidable destructive force.

Clusters of fire fell from the sky like meteors.

Every fall caused mountains to collapse, razed to the ground, and the flames scorched over a thousand kilometers.

The demons and beasts in this area fled in panic.

If they didn't flee in time, they would disappear from this world along with the fire.

Huge deep pits also appeared on the ground.

The parties involved in the battle did not consider other living beings at all.

"Indeed, only hiding deep underground can ensure survival."

"If I were flying along the surface, I'm afraid I wouldn't withstand the battle waves of two Nascent Souls."

"I might even be noticed by the Nascent Soul Great Demons."

Hiding deep underground, Jiang Fan's heart was calm.

He could feel the intensity of the battle; it was like a natural disaster descending.

Clearly, if Nascent Soul cultivators unleashed their might without restraint, they could flatten everything within a thousand-mile radius, turning the region into a wasteland.

But he was helpless in the face of such an undeserved disaster.

However, since he was already hidden in a safe place, naturally, he didn't need to worry about his safety anymore.

He just needed to wait quietly for this calamity to pass.

.....

Three more days passed.

The battle between the two Nascent Soul Great Demons finally ended.

Both sides seemed unable to determine the victor.

In the end, they abandoned continuing the fight and quickly left the place.

However, the area where the two Nascent Soul Great Demons fought had been utterly destroyed.

Mountains were razed to the ground.

This place, once filled with hills and treacherous terrain, had now turned into a thousand-kilometer plain.

Boom~~

At this time, a message surged into the depths of Jiang Fan's consciousness: "You realized the danger in time, dove into the depths of the earth, and avoided a Death Tribulation, successfully crossing the tribulation. You gained fifty thousand Luck Points and a Sixth-Grade Opportunity."

Sensing this message, Jiang Fan was delighted; he knew he had successfully survived this calamity.

In the coming time, there likely wouldn't be any life-threatening danger.

Swish!

With this in mind, Jiang Fan immediately emerged from the internal world of the Exquisite Tower, then used the Earth Escape Talisman to swiftly exit the earth.

He was met with a devastated land.

A thousand-mile radius had turned into scorched earth, devoid of any signs of life.

Even the original Tier Three Spirit Vein had been destroyed.

"The Tier Three Spirit Vein is gone?!"

Seeing this scene, Jiang Fan felt quite upset; he initially thought he could stay in this Golden Core Cave Mansion for a long time, as Tier Three Spirit Veins are hard to find.

But now, he had suffered an undeserved disaster.

The original Golden Core Cave Mansion and Tier Three Spirit Vein had been destroyed by the Nascent Soul Great Demons.

Now, he could only go elsewhere to find a new Tier Three Spirit Vein.

But this couldn't be helped; life is full of unsatisfactory things.

He could only take it step by step.

"Well, well, at least I gained so many Luck Points and a Sixth-Grade Opportunity."

"That's not a bad harvest."

"As for the Tier Three Spirit Vein, the Cultivation Realm is vast, and surely a better Golden Core Mansion can be found."

Jiang Fan pondered and clicked on the light spot related to the Sixth-Grade Opportunity, and another message entered his consciousness.
