Chapter 486: Obtaining the Soaring Serpent Nascent Soul Chapter, Great Harvest_3

"A slave? I don't need such things, get going quickly."

Jiang Fan waved his hand, immediately refusing.

After all, he carried many secrets, and if this woman stayed by his side, she might unwittingly reveal them.

Therefore, he couldn't allow her to remain near him.

Upon hearing this, Lu Youyou became anxious, "Senior, I am very useful. When I was with the Lu Family, I was the most gifted alchemist, extremely skilled in alchemy, already a Tier Two Upper Grade Alchemist, able to refine various elixirs for you.

If that's not enough, I have a special constitution—the Tongyu Phoenix Marrow Body, a superior-grade tripod furnace qualification, able to assist you in cultivation and break through bottlenecks."

Tongyu Phoenix Marrow Body?!

Jiang Fan blinked; of course, he had heard of such a special spirit body. It was undoubtedly one of the top spirit bodies in the cultivation realm, capable of nurturing spiritual qi.

And the spiritual qi is reputed to be one of the seven great essence spiritual powers in the cultivation realm, able to help cultivators wash marrow and cut meridians, and refine spiritual power.

Even for Nascent Soul cultivators, it held substantial benefits.

It could be said that a female cultivator with this constitution was definitely one of the best Dao companions.

He was surprised that Lu Youyou possessed such a spirit body and had revealed it voluntarily.

However, even with such a revelation, it wasn't enough for him to keep this woman by his side.

After all, he currently lacked none of these things.

"What."

Lu Youyou was bewildered. She hadn't expected that, even after exposing her Tongyu Phoenix Marrow Body, the man before her would still appear troubled. Was this jerk even a man?

Or perhaps she was too unattractive for him to fancy.

Yet she was the Lu Family's number one beauty, her looks unmatched by any woman.

How could this rascal dare to disdain her? Unbelievable!

"Husband, I think this woman is pitiful."

"Her family destroyed, penniless."

"And she indeed could help us. Perhaps keeping her by your side as a maiden would be better."

At this moment, Su Weiwei spoke, her lovely eyes filled with interest as she looked at Lu Youyou.

"Oh, you want her to stay?"

Upon hearing this, Jiang Fan raised an eyebrow. Since his Dao companion wished for her to stay, it wasn't entirely out of consideration.

"Yes, if we let this girl go, it would truly be too pitiful."

"She might die on this sea by tomorrow."

"After all, for a solitary woman to survive in the cultivation realm is exceedingly difficult."

Su Weiwei spoke with empathy.

She was well aware of the harshness within the cultivation realm.

The law of the jungle; might makes right.

Without sufficient strength, neither men nor women could survive long.

And having a special constitution without power to protect oneself could lead to even faster demise.

"Master need not worry about this woman revealing secrets."

"I can imprint a Linglong Mark on her."

"If she dares betray or divulge any information, merely a thought from Master, and she will vanish."

At this moment, the voice from the Exquisite Tower came through, sensing Jiang Fan's concerns and speaking up to remind him.

Linglong Mark?

Jiang Fan hadn't expected the Exquisite Tower to possess such capability. It seemed his understanding of the tower was still too limited; its abilities were truly profound, and he hadn't fully grasped them yet.

If that were the case, keeping this woman wouldn't be much of an issue.
