Chapter 503: Escape from the Black Dragon Secret Realm, Obtain Python Dragon Vajra Pill

Boom~~

But at this moment, the Demon-Vibrating Bell, which had been resting on Jiang Fan's body, suddenly began to move.

Only to see a layer of dark gold barrier expand from it, this was the Demon-Swaying Barrier, enveloping every corner of Jiang Fan's body without leaving any dead spots, like an ancient giant bell.

At this instant, three black beams collided with the Demon-Vibrating Bell Barrier.

Immediately, they emitted a sizzling sound, unable to break through the barrier power of the Demon-Vibrating Bell.

In the end, they were dissipated by the power of the Demon-Vibrating Bell.

Unwillingly, they disappeared into this world.

"Bloodline Curse, this is the Bloodline Curse!"

The Primordial Talisman Pen couldn't help but exclaim upon seeing this scene, seemingly quite shocked.

"Bloodline Curse? What's that?"

Jiang Fan asked curiously.

"The so-called Bloodline Curse is a unique curse power that comes from the bloodline."

"It usually appears in some powerful bloodline families."

"During the Ancient Era, bloodline families were everywhere. They inherited powerful bloodlines from birth, possessing strong cultivation talents, but they were also easily targeted by Demonic Cultivators."

"If anyone dared to kill the descendants of these families, the Bloodline Curse would erupt, adhering to the murderer like persistent bone rot."

"In this way, the cultivators of the family could easily track down the enemy to exact revenge."

"I never thought that in this era, there would still be such powerful bloodline families."

The Primordial Talisman Pen marveled at the might of the Divinity Transformation Zhao Family.

It's truly deserving of being a Divinity Transformation Clan, really extraordinary.

Even in the Ancient Era, the Zhao Family was a formidable Noble Family, let alone in the current era.

Due to the existence of the Bloodline Curse, few cultivators dare to offend the Zhao Family.

Otherwise, they would surely be hunted down by the Zhao Family with no place to escape on heaven or earth.

"So, without the Demon-Vibrating Bell's resistance, I'm afraid I would be entangled by this Bloodline Curse."

Jiang Fan's expression was very grave. He didn't expect that killing a Zhao Family cultivator would bring such a big trouble. Fortunately, he had numerous treasures, including defensive supreme treasures like the Demon-Vibrating Bell and the Exquisite Tower.

Resisting many curses in the world.

Otherwise, he would have truly fallen into the trap.

At least after being cursed, he could not continue to stay in the Black Dragon Sea Region.

This shows the dominance of the Divinity Transformation Zhao Family, holding absolute leadership in this sea region.

As long as the Zhao Family's Divinity Transformation hasn't fallen, the Zhao Family's status cannot be shaken.

"Indeed, that's the case."

"Generally speaking, such Bloodline Curses have almost no power that can resist them."

"Who would have thought the Demon-Vibrating Bell could easily dispel it, truly impressive."

The Primordial Talisman Pen also admired the power of the Demon-Vibrating Bell, as it could do what it couldn't. After all, it belonged to a Heaven-Reaching Spiritual Treasure of attack type, not a defensive type.

"It's nothing, a mere curse doesn't count for anything."

The Demon-Vibrating Bell spoke very smugly.

"Master, if that's the case, aren't those Zhao Family cultivators vengeful types?"

"After Master took out these three Zhao Family Golden Core, maybe Nascent Souls backing the Zhao Family will come looking."

At this moment, the Ten Thousand Transformations Pill Furnace immediately reminded.

It was so cautious because it had followed Daoist Wan Hua for too long. That guy's luck was horrendously bad; every time he got a chance, he would be chased, fighting the juniors only to be hit by the seniors, endless enemies.

Almost everywhere, Daoist Wan Hua had enemies, and he could only escape to survive.

Therefore, it had experience with similar things, believing that the Zhao Family would not easily give up tracing the killer, and might come hunting, leading to huge trouble.

"Zhao Family's Nascent Souls?"

Upon hearing this, Jiang Fan's eyes showed a cold gleam. He sensed a mild warning from the Fortune-Telling Talisman deep within his Elixir Field and Sea of Qi, evidently proving the Ten Thousand Transformations Pill Furnace's concern was not baseless.

Nearby in this area, there might be Zhao Family's Nascent Soul.

Now that he killed three Zhao Family Golden Core, the opponent might personally come.

If he continues to stay here, it would surely be a path to death.

"Originally wanted to stay in the Black Dragon Secret Realm for another month to cultivate, but seems I must leave."

Jiang Fan was quite helpless.

But he felt relying on the Earth Escape Talisman was impossible to escape Nascent Soul cultivator's pursuit.

Of course, it's not completely impossible, but it's not a certainty either.

The only way to completely escape Nascent Soul Cultivator's pursuit is to use the power of the Gate of the Void to flee the Black Dragon Secret Realm. This way, no matter how powerful Zhao Family's Nascent Soul is, it cannot track him.

Whoosh!

Thinking of this, Jiang Fan didn't hesitate, immediately taking storage bags from the bodies of three Zhao Family Golden Core and the Space Ring he just obtained, stowing them into the internal space of the Exquisite Tower.

He then swiftly opened the Gate of the Void.

In the next moment, his figure completely disappeared from this area, leaving the Black Dragon Secret Realm.

As if he had never appeared in this place.

...

Shortly after Jiang Fan left the Black Dragon Secret Realm, three or four Zhao Family Nascent Souls arrived in an instant.

They sensed the death of the three Zhao Family Golden Core, immediately furious, pursuing relentlessly.

"Damn it, Zhao Hui and the others are dead, burnt by a blaze leaving not even ashes."
