Chapter 521: Cyan Dragon Armor Wood Talisman, Power of the Cyan Dragon_3

He landed on the ground and activated the Cyan Dragon Armor Wood Talisman within his body.

Boom~~

Immediately, this talisman lit up, mobilizing the immense scent of wood between heaven and earth.

Jiang Fan's entire body was instantly enveloped by a massive cyan spiritual power, forming giant cyan armor with a Cyan Dragon coiled around it, completely wrapping it up, exuding powerful dragon might.

This was evidently the defensive method of the Cyan Dragon Wooden Armor Talisman, which could form Cyan Dragon Armor to envelop the whole body, possessing a certain degree of defensive strength, and capable of resisting the invasion of surrounding poison, toxins, and curses.

In terms of defensive power, it might not compare to the Profound Turtle Talisman, but in terms of defending against curses, venom, and other negative forces, the Profound Turtle Talisman couldn't compare to the Cyan Dragon Armor.

"This talisman isn't just for defense only."

"In terms of attack, this talisman's power is also quite formidable."

Jiang Fan's heart stirred.

He infused the Primordial Spiritual Power within him into the Cyan Dragon Armor Wood Talisman, causing the surrounding Wood Spiritual Power to condense together, seemingly transforming into tough vines resembling the scales of the Cyan Dragon.

A total of nine Cyan Dragon vines blasted out, resembling spears.

With a thud, a distant mountain was instantly pierced through, and these Cyan Dragon vines wound their way around it like a snake, wrapping up the entire mountain.

Should this force strike other cultivators, it could easily entangle those cultivators and demon beasts, leaving them with no chance to escape and nowhere to hide.

Even attacks from enemies against the Cyan Dragon vines would be to no avail.

Because the vines formed by the Cyan Dragon Armor Wood Talisman are extremely tough and can regenerate continuously, ordinary forces find it hard to sever them.

"Not bad."

Jiang Fan was very satisfied with the power of this talisman, and it was currently just at the Entry Level.

If the skill level were to further improve, the power would certainly gain a considerable boost.

And this is only the first talisman of the Four Symbols Spirit Talisman.

If the remaining three talismans could all be successfully inscribed, they would unite into four, unleashing unimaginable destructive power.

This is the true power of the Four Symbols Spirit Talisman.

Thinking of this, he gave a thought, opened the virtual panel on himself.

Undoubtedly, compared to before, his stats had all seen a huge improvement.

However, during this period, he was busy breaking through to the Fourth-Layer Golden Core, so the skill level of the Life Talismans on him didn't increase much.

But it didn't matter, as his cultivation was of greater importance.

For a cultivator, cultivation is the foundation.

Boom~~

At this moment, the Fortune-Telling Talisman in Jiang Fan's Elixir Field and Sea of Qi began to tremble.

A message instantly embedded itself deep in his soul sea.
