

## Fortune 522

### Chapter 522: Escaping the Black Dragon Sea Region, the Great Calamity Arrives

"The sea region is in turmoil, all beings are but pawns, jumping out of the chessboard, a thread of life."

"Stay in the Zhu Family to cultivate, become embroiled in human race's internal chaos, encounter disaster, life and death uncertain, ominous."

"Leave Zhu Family Island, remain in Black Dragon Sea Region, disasters arise everywhere, no escape possible, ominous."

"Escape the Black Dragon Sea Region through random teleportation via the Gate of the Void, gain a Fifth-Grade Opportunity, seize a thread of life, auspicious."

Instantly, a flood of information poured into the depths of Jiang Fan's consciousness.

"This!"

Jiang Fan sensed the message from the Fortune-Telling Talisman, feeling an intense shock within his heart.

Although he knew that the Black Dragon Sea Region had been chaotic recently, especially with the disappearance of a Divinity Transformation from the Zhao Family, the internal strife within the Zhao

Family, simultaneously causing all the Nascent Soul Clans to become restless, attempting to seize the Zhao Family's position.

Yet he never expected it to be this dire.

According to the Fortune-Telling Talisman's message, if he remained with the Zhu Family, he would inevitably be affected.

After all, the Zhu Family was inherently a Golden Core Clan within the Black Dragon Sea Region, deeply entrenched, so it's impossible for them to leave, hence they will inevitably be caught in the whirlpool of war in the future.

If he continued to stay on Zhu Family Island, he would certainly be unable to avoid the vortex of war.

Even if he left Zhu Family Island to cultivate on other islands within the Black Dragon Sea Region, it would be useless.

Because this war affects the entire Black Dragon Sea Region, affecting every island.

It's fair to say that no place in this sea region is peaceful.

Even if you don't wish to participate in this war, you might be allowed by other families.

No one can remain neutral in such a struggle.

If you're not a friend, then you're an enemy.

So the only chance of survival is to leave the Black Dragon Sea Region, thereby, no matter how much turmoil this place undergoes, it will have little to do with him.

Evidently, this is the power of the Gate of the Void.

It can teleport to any location at will.

If that place faces a huge disaster, one can escape anytime.

One will never be bound by calamities.

"I didn't expect the situation to be this dire, it seems leaving the Black Dragon Sea Region is the only option."

Jiang Fan clenched his fists, though he wished to continue cultivating peacefully in the Black Dragon Sea Region, it seems impossible now, staying here would only lead to being affected by disasters.

Even though he was already a Fourth-Layer Golden Core Cultivator, he still could not influence the situation of the Black Dragon Sea Region.

Currently he can only go with the flow.

Swoosh!

With these thoughts, Jiang Fan's figure flashed and he soon returned to Zhu Family Island.

"Husband."

At this moment, Su Weiwei saw Jiang Fan return, she sensed a completely different aura from him compared to before, undoubtedly this time his cultivation during seclusion had made a significant breakthrough.

She was instantly filled with joy.

After all, every breakthrough in cultivation for a Golden Core Cultivator is not easy.

Lu Youyou also stood beside them, her beautiful eyes curiously observing Jiang Fan.

"We are leaving here, be prepared."

Jiang Fan straightforwardly told Su Weiwei.

"Okay, got it."

"The things I have are already in my storage bag, nothing to pack, we can leave anytime."

Hearing these words, Su Weiwei immediately knew her husband must have sensed some danger, hence wanting to leave Zhu Family Island at the first moment, a decision they've made countless times, she's long accustomed to it.

So she wasn't planning to ask why.

Furthermore, she always considered Zhu Family Island as a temporary residence.

Where to go? To what place?

Beside them, Lu Youyou was full of confusion, thinking staying at Zhu Family Island was great and seemingly without any trouble, why leave so abruptly, what on earth happened.

But clearly it wasn't her place to decide, so she could only follow Jiang Fan and Su Weiwei.

"That's good."

Jiang Fan nodded, he waved his hand and immediately placed Su Weiwei and Lu Youyou inside the Exquisite Tower.

However, he didn't leave immediately, instead informed Zhu Family's many elders, saying he planned to travel the world and wouldn't return for a short period.

Regarding Zhu Family's future, it had little to do with him.

Since he can barely protect himself, naturally he can't shield the Zhu Family much, everything depends on their own fortunes.

Hopefully, when next they meet, they will still be alive.

After doing all this, Jiang Fan returned to his quiet chamber and opened the Gate of the Void.

Boom~~

In an instant, Jiang Fan sensed the five million Spirit Stones on him being devoured by the Gate of the Void, like a gold-eating beast, no amount could satisfy it.

"Devoured so many Spirit Stones? This time, to which place will I be teleported?"

Jiang Fan felt curious.

But since the Fortune-Telling Talisman indicated no problem with this teleportation, there definitely wouldn't be any issues.

Swoosh!

With these thoughts, he didn't hesitate, immediately stepping into the Gate of the Void, soon vanishing entirely from this sea region.

Whatever happens here in the future would have little to do with him.

...

Meanwhile, aboard another Tier Four Spaceship which happened to have Zhu Family's Golden Core Cultivator Zhu Han, he was standing respectfully before a Nascent Soul Cultivator of the Zhao Family.

Because of this Zhao Family's recruitment, he joined their ranks, even gaining favor with a Nascent Soul of the Zhao Family, considered to be rising swiftly and flying high.
