

## Fortune 528

### Chapter 528: Seeking Fortune and Avoiding Evil Again, Great Opportunity Arrives

"I see."

"But I wonder what the higher layers of the Exquisite Tower are like."

Jiang Fan curiously asked.

He hadn't realized that the power of the Ancient Treasure Exquisite Tower was so mysterious, so unfathomable.

This ancient treasure must have had a formidable reputation in the Ancient Era.

"The Third Layer's world is the Ice Realm, filled with boundless coldness. Any demon that enters the Ice Realm will instantly be frozen, robbed of life force by the endless coldness."

"The Fourth Layer's world is the Water Realm, filled with endless waters of forgetfulness. Any creature entering this world will have their soul's memories devoured, eventually becoming a pure soul."

"The Fifth Layer's world is the Wood Realm, where countless Devouring Woods grow. These woods can penetrate the bodies of demons, absorbing their life force. If these demons possess an Undying Body, even better; they can be continuously devoured for their Origin Energy, which is transported to the First Layer as nourishment."

"The Sixth Layer's world is the Thunder Realm, filled with the endless Sea of Thunder, containing the terrifying Power of Tribulation Thunder. Many demons entering it will inevitably face the punishment of tens of thousands of thunders piercing their hearts."

"The Seventh Layer is the Realm of Eternity. Once inside, the soul will fall into an endless Illusion Realm, where one second inside equates to a century outside. It is specifically used to deal with those demons that are hard to kill or eliminate. Since such demons are hard to kill, difficult to devour and digest, they can only be temporarily imprisoned."

The Exquisite Tower briefly explained the remaining seven-layer worlds.

Clearly, each of its seven-layer worlds contains unimaginable power, beyond imagination.

This is unmistakably a Sect Treasure.

The significance of this is truly immense.

"Interesting."

Jiang Fan rubbed his chin.

He understood a little about how to use the Exquisite Tower.

This Magical Treasure can instantly transport enemies into its inner worlds, utilizing the treasure tower's power to suppress them.

Once inside the tower's world, the enemy could never escape.

Essentially, this is a sealing and defense-type Magical Treasure.

Unlike the Great Sun Buddha Mirror and the Demon-Vibrating Bell, which are attack-type treasures.

The methods of use are entirely different.

"Master, there's one more thing you need to know."

"After recovering part of my injuries, I've discovered that Lu Youyou has a second soul."

"And this soul appears extremely ancient; no one knows how many years it has existed."

At this time, the Exquisite Tower spoke gravely.

"What do you mean? Lu Youyou has a second soul?"

"Could this soul intend to seize Lu Youyou?"

Jiang Fan squinted his eyes.

He had long felt that something was off about Lu Youyou; even though she was from a Nascent Soul Clan, her alchemy skills were indeed too advanced, mastering Tier Three Alchemist techniques at just the Foundation Establishment Level, utterly unbelievable.

But now, it seems there is an ancient soul aiding her.

"No, this soul is very peculiar; it seems to have merged with Lu Youyou's soul, and become a dual soul."

"This is an incredibly rare soul state."

"Thus, Lu Youyou can still maintain her self identity, not seized by the other."

"Due to the dual souls' nature, I initially didn't detect this ancient soul."

The Exquisite Tower was extremely amazed, having only heard of such a soul state but never seen one.

"Does this ancient soul pose any threat to us?"

Jiang Fan asked, concerned only about this point.

"There is absolutely no threat."

"My Linglong Mark has silently integrated into her soul."

"If she ever dares to harm us, one thought would render her body and spirit annihilated."

"And with the Linglong Mark, I could even hear her innermost voice."

The Exquisite Tower spoke gravely.

After all, dealing with a mere soul, no matter how ancient, is indeed a very simple matter.

"Interesting, what on earth is this ancient soul?"

Jiang Fan rubbed his chin.

He did not intend to confront Lu Youyou directly, instead pretending as if he knew nothing about her secret.

Perhaps doing so might even bring additional benefits.

He had plenty of time to uncover the secrets within her; there was no rush.

At this moment, Lu Youyou was cultivating in her room, unaware that her secrets had long been exposed.

.....

In the blink of an eye, another year had passed.

For a Golden Core Cultivator, a year is but a fleeting moment.

Since arriving at Ten Thousand Talisman City on the Eastern Continent, Jiang Fan, Su Weiwei, and Lu Youyou have lived quite peacefully.

Especially with the help of the local Golden Core Cultivator, Yuan Hongming, the three easily integrated into Ten Thousand Talisman City.

After all, it is a City of Independent Cultivators.

It is common for other loose cultivators to come to Ten Thousand Talisman City for cultivation; it's a normal occurrence.

Usually, it doesn't attract the attention of other cultivators.

"After spending a year, I have finally cultivated the Cloud Dream Tracing Talisman, Dragon Vein House Charm, and Soul Restriction Talisman to the Perfection Level. Though it consumed many Luck Points, it was worth it."

At this moment, in a quiet room, Jiang Fan sat cross-legged on the floor.

He sensed the Primordial Golden Core deep in his Elixir Field and Sea of Qi, noticing that each Talisman pattern was stronger than before, with the skill level of his Life Talisman increasing continuously.
