Chapter 543: Easily Crossing the Tribulation, Gaining a Fifth-Grade Opportunity

"If we want to reach Nine Directions Mountain by midnight, we'd better leave Ten Thousand Talisman City immediately."

Jiang Fan squinted his eyes.

Having stayed in Ten Thousand Talisman City for a while, he naturally knew quite a bit about the surrounding geography.

What they called Nine Directions Mountain was a mountain located over a thousand kilometers southeast of Ten Thousand Talisman City.

At his current speed, it wouldn't take too long to get there.

However, since the disaster was imminent, there was no need for him to stay in Ten Thousand Talisman City any longer.

It's best to run as far as possible.

As for where his next destination should be, he could think about it after completely avoiding this catastrophe.

There was also that Inner Sect Disciple Yang Yu from Celestial Secret Mansion; for now, he didn't want to bother about what his intentions were. He would consider it after escaping this great disaster.

"Husband."

"Senior."

At this moment, Su Weiwei and Lu Youyou both returned from outside.

Seeing Jiang Fan's figure, they were overjoyed.

After all, Jiang Fan had stayed in Secret Realm No. 5 for a whole year previously and only returned now.

"Mm, you're back just in time. We're leaving Ten Thousand Talisman City."

Jiang Fan smiled slightly and said to the two women.

Leaving Ten Thousand Talisman City?

Hearing this, Su Weiwei and Lu Youyou blinked their beautiful eyes. Although they felt the decision was sudden, since it was this man's decision, they had no objections.

Whoosh!

In an instant, Jiang Fan waved his large hand, immediately placing Su Weiwei, Lu Youyou, and Yuan Hongming into the internal world of the Exquisite Tower, intending to take all three of them with him.

After all, if Golden Core Loose Cultivator Yuan Hongming stayed in Ten Thousand Talisman City, he might also perish in the disaster.

The person could be considered a loyal subordinate to him, so he naturally couldn't watch him die helplessly.

Moreover, since Yuan Hongming was a native cultivator of East Continent, he was very familiar with this region. Taking this guy along would still be useful for him to establish himself in East Continent in the future.

In the next second, Jiang Fan left the Golden Core Mansion and quickly departed Ten Thousand Talisman City, flying towards Nine Directions Mountain.

.....

But just as Jiang Fan left the Golden Core Mansion, someone had already noticed his presence and quickly relayed the message to inform Inner Sect Disciple Yang Yu from Celestial Secret Mansion.

"Senior Brother Yang, a spy reported earlier that a strange Golden Core Cultivator suddenly exited the mansion."

"The person is estimated to be the mysterious husband of those female cultivators."

"After tailing for such a long time, this kid finally showed up."

A cultivator from Celestial Secret Mansion said excitedly.

"Oh, finally showing up after such a long wait? That's great."

Inner Sect Disciple Yang Yu's eyes revealed a hint of coldness, and a mysterious aura spread over him, with his pupils seemingly swirling with cryptic runes, as if seeing through many secrets.

"Senior Brother Yang, he's just a Loose Cultivator, so why go to such great lengths?"

The white-robed cultivator from Celestial Secret Mansion asked curiously. He never understood why his senior brother was tailing this Loose Cultivator, having never even met him. It was all quite unbelievable.

"Indeed, under normal circumstances, an ordinary Loose Cultivator wouldn't catch my attention."

"But I have previously received a Tier Four Talisman—Celestial Secret Talisman—from my father."

"I believe you also know the name of the Celestial Secret Talisman."

Yang Yu said in a deep voice.

"Of course, I know."

"The Celestial Secret Talisman is indeed a renowned talisman of our Celestial Secret Mansion, rumored to discern the secrets of the heavens and seek out opportunities."

"Only a few Nascent Soul Elders, or even Divinity Transformation Ancestors, can refine it. Its rarity exceeds imagination."

"It's said that possessing the Celestial Secret Talisman allows one to sense numerous opportunities nearby, aiding in finding treasures."

"In the past, many of our Celestial Secret Mansion's predecessors used the power of the Celestial Secret Talisman to gain many opportunities, skyrocketing because of it."

The white-robed cultivator exclaimed with great admiration.

He looked at Yang Yu with envy and resentment; this damn Second Generation Immortal was indeed immensely wealthy.

Even though he was exceptionally talented, he couldn't compare with such a Second Generation Immortal.

But it was inevitable. After all, this guy's father was a Nascent Soul Elder.

Moreover, he had been pampered endlessly since childhood, practically commanding the winds and rains.

"Seems you are aware of the power of the Celestial Secret Talisman."

"Previously, I've obtained many opportunities and treasures through it."

"Yet, even so, it has only consumed part of its power."

"But earlier on the street, I encountered those two female cultivators, and the Celestial Secret Talisman's power suddenly flared up."

"It almost drained the talisman's power completely."

"At first, I thought the opportunity lay with those two female cultivators. However, after careful investigation, there was no opportunity with them; it must be with that Golden Core Loose Cultivator."

Yang Yu's eyes showed a glint of greed.

He had never seen the Celestial Secret Talisman react so vehemently.

He could fully imagine that the opportunity with the Golden Core Loose Cultivator must be unimaginably significant.

If he could act to seize it, he would undoubtedly gain extraordinary treasures.

"No wonder you've been watching those two female cultivators, perhaps trying to find that Golden Core Loose Cultivator smoothly."

"However, even so, this Golden Core Loose Cultivator is not simple."

"Just relying on a few of us, we might not be able to take him down."

"Why don't you use a Communication Talisman and have your father intervene?"

The white-robed cultivator felt that it was somewhat risky for just two or three of them to deal with that Golden Core Loose Cultivator.
