Chapter 552: Great Harvest, Obtaining the Golden Liquid Jade Returning Pill_2

But this has little to do with them anymore.

Now they are just worried if something bigger will happen later, affecting Huaming City.

After all, it took the cultivators living here a lot of effort to settle down, and they don't want any disturbances in this place.

"It's actually a late-stage Nascent Soul Great Cultivator, no wonder the destructive power is so terrifying."

Hearing these words, Jiang Fan's eyes flickered.

Clearly, the information in Huaming City is more well-informed.

If you lived in the wild, where could you get so much information?

Moreover, living in the city not only provides a lot of information but also a large amount of cultivation resources.

Now the Exquisite Tower also has a Tier Five Spiritual Eye Spring, equivalent to a Tier Five Spirit Vein.

So he doesn't need to deliberately look for a Spirit Vein Cave Mansion anymore.

Even if he cultivates in the Exquisite Tower, it is entirely possible.

If he really encounters any danger, he can also use the power of the Gate of the Void to escape quickly.

"Master, the mansion in Huaming City has been found."

At this moment, the Golden Core cultivator Yuan Hongming said immediately.

As a loyal subordinate, he naturally has already handled all sorts of tasks.

There was no need for Jiang Fan to give orders actively.

"Hmm."

Jiang Fan nodded.

Although Huaming City is indeed a city located on the outskirts of the Fallen Immortal Mountain Range, with high prices, finding a mansion is not a difficult thing for a Golden Core cultivator.

...

In the blink of an eye, another year passed.

Clearly, for Golden Core cultivators, a year's time is just a fleeting moment.

And Jiang Fan and the others have stayed in Huaming City for a full year.

Although the Fallen Immortal Mountain Range is indeed very dangerous and chaotic, with fights everywhere, as long as they do not leave Huaming City, it is actually not a big problem.

After all, under the jurisdiction of Flower Nether Daoist, the security of this city is still pretty good.

At least not many cultivators dare to commit murder inside the city.

Even if a murder case occurs, it will be dealt with immediately.

This also makes many loose cultivators feel more at ease living in Huaming City.

Of course, this also causes the rent in Huaming City to rise continuously.

Fortunately, Jiang Fan is very wealthy, so a bit of rent money is nothing.

At this moment, inside the world of the Exquisite Tower.

In a certain area.

"I finally cultivated the Profound Turtle Talisman to the mastery level."

Jiang Fan stood on the ground, operating the Profound Turtle Talisman deep in the Primordial Golden Core.

Boom~~

Instantly, centered on his body, a massive amount of primordial spiritual power gathered together, forming a three-layered Profound Turtle Shield that covered an area of an entire kilometer.

The spiritual energy shield was densely covered with turtle shell patterns and a large number of Profound Turtle Runes.

Combined together, it formed a Profound Turtle Barrier.

Standing within the Profound Turtle Barrier would grant one powerful defensive power.

It was like being sheltered by an ancient Profound Turtle.

"No wonder it's the mastery level Profound Turtle Talisman."

"Such a powerful talisman must be able to easily withstand attacks from late-stage Golden Core cultivators."

"I wonder if it can withstand attacks from Nascent Soul cultivators."

Jiang Fan stroked his chin.

Undoubtedly, compared to the skilled level, the mastery level Profound Turtle Talisman is indeed much more powerful.

He could already condense a three-layered Profound Turtle Shield.

If it were before, he could only condense a two-layered Profound Turtle Shield.

This greatly enhanced the defensive power of the Profound Turtle Talisman.

It was even passive defense.

Once encountering an enemy's attack, this talisman would automatically activate, forming a spiritual energy shield.

The only drawback is that it consumes a large amount of primordial spiritual power.

Fortunately, he had a sufficiently large amount of primordial spiritual power, enough to run this Life Talisman for a relatively long period.

Boom~~

Thinking of this, Jiang Fan's heart moved, and he immediately opened his virtual panel.

[Name: Jiang Fan]

[Life Chart: Great Blessings Equal to Heaven, Attribute: Surviving Great Disasters, Must Have Later Blessings]

[Lifespan: 8000]

[Realm: Fifth-Layer Golden Core (80%)]

[Profession: Tier Three Middle Grade Rune Master (70%)]

Obviously, compared to a year ago, every aspect of his abilities has improved greatly.

Especially his Life Talismans, not only has the Profound Turtle Talisman been promoted, but even the skill levels of the Cyan Dragon Armor Wood Talisman and Vermilion Bird Heaven-Burning Talisman have been enhanced, reaching the level of great success.

But this also consumed a lot of his Luck Points.

However, the biggest progress is in Jiang Fan's cultivation, which has reached 80% progress.

If he cultivates for a while longer, he may have the opportunity to advance to the sixth layer of Golden Core.

The reason for such rapid progress is naturally due to the superior cultivation environment.

Being in the Tier Five Spiritual Eye Spring is like being in the Divinity Transformation Holy Land, allowing him to devour a large amount of spiritual qi at any time.

Even though Su Weiwei and Lu Youyou are also inside the Exquisite Tower.

But they are only Foundation Establishment cultivators. Even if they cultivate desperately, they do not consume much spiritual qi.
