

## Fortune 553

Chapter 553: Great Harvest, Obtaining the Golden Liquid Jade Returning Pill\_3

Whoosh!

At this moment, Jiang Fan's figure flashed, leaving the Exquisite Tower and appearing in the residence.

"Master."

At this moment, Yuan Hongming had just returned from outside.

"Did you find out any news?"

Jiang Fan asked.

He was essentially in seclusion, cultivating to enhance his cultivation.

As for Yuan Hongming, he was out everywhere gathering news and seeking various intel.

You could say he had become his eyes, helping him observe the movements in Huaming City to avoid any disasters.

"Master, during this time, the Celestial Secret Mansion and Primordial Demon Sect have indeed gone to war."

"The two sides are fighting fiercely; it's said many cultivators have died."

"But in the short term, it hasn't spread to the Fallen Immortal Mountain Range yet."

Yuan Hongming knew his master was very concerned about the affairs of the Celestial Secret Mansion, so he reported everything that had happened there in detail.

"Hmm."

Jiang Fan nodded. He also knew that the Celestial Secret Mansion, as one of the Human Race's four Divinity Transformation Holy Lands, had deep foundations, and naturally couldn't be easily destroyed by the enemy.

Besides, he didn't want the Celestial Secret Mansion to be destroyed temporarily.

After all, as one of the pillars of the Human Race, if it were to be destroyed, it would only benefit the Demon Dao.

For him, as long as the Celestial Secret Mansion is overwhelmed during this period, that's enough.

He also temporarily didn't want to appear in the Celestial Secret Mansion's view, to avoid any major trouble.

"But Master, at present, it seems a trouble is coming."

Yuan Hongming said solemnly.

"Trouble? What trouble?"

Jiang Fan raised an eyebrow, looking at Yuan Hongming.

"We might have caught the attention of the Blood Saber Immortal Alliance."

"And the Alliance Leader Blood Saber Daoist hopes we will join them."

Yuan Hongming said seriously.

"Blood Saber Immortal Alliance?"

"Why would they target us?"

Upon hearing this, Jiang Fan squinted his eyes.

Having stayed in this city for a year, he knew that there were numerous Golden Core influences within this city.

To survive in the Fallen Immortal Mountain Range, many Golden Core cultivators banded together to form several immortal alliances.

These Golden Core influences often fought over interests and resources.

And the Blood Saber Immortal Alliance was one such Golden Core influence.

This immortal alliance has thirteen Golden Core Zhenrens, with Blood Saber Daoist at the forefront.

It's said this person is vengeful and powerful, being a ninth-layer Golden Core cultivator.

"Master, it's not just the Blood Saber Immortal Alliance targeting us."

"Actually, many influences have their eyes on us."

"After all, as foreign Golden Core cultivators, we haven't joined any influence for now."

"For these Golden Core influences, we are considered the best helpers."

"If we randomly join a Golden Core influence, it could rapidly enhance that immortal alliance's power."

"So it's quite normal for the Blood Saber Immortal Alliance to target us."

"Living in Huaming City, it's impossible not to join a Golden Core influence."

Yuan Hongming explained.

Undoubtedly, where there are people, there are affairs.

As a Golden Core cultivator, they already possess the power to change the balance of influence.

The reason why a Golden Core influence like the Blood Saber Immortal Alliance is now inviting them is because Jiang Fan and Yuan Hongming have stayed in Huaming City for a year, proving they intend to stay in the city long-term.

If they were just staying for a few days and leaving, such Golden Core cultivators wouldn't be of interest to these Golden Core influences.

Boom~~

Instantly, Jiang Fan sensed his fortune-telling talisman at the depths of his Dantian and Sea of Qi vibrating, and a message instantly entered the depths of his consciousness sea.
