

## Fortune 560

### Chapter 560: Catastrophe Erupts, the City Besieged

"You cultivated the White Tiger Geng Gold Talisman so quickly again? That's really impressive."

"It seems he'll soon completely master the Four Symbols Spirit Talisman."

The Primordial Talisman Pen sensed this power, internally astounded.

To be honest, if any one of the Four Symbols Spirit Talismans is successfully cultivated, one can dominate in the Golden Core Realm, with few rivals.

But if all four talismans are mastered and even achieve the Unity of the Four Symbols, it makes one invincible in the Golden Core Realm, even capable of challenging a Nascent Soul in battle.

Unfortunately, in the entire existence of the Primordial Talisman Sect, it has never witnessed anyone in the Golden Core Realm completely mastering the Four Symbols Spirit Talisman.

If Jiang Fan can achieve it, he'd be the first in the Primordial Talisman Sect.

However, it feels it's just a matter of time.

"Not bad, the next step is to continuously enhance the skill level of the Life Talismans."

Jiang Fan sat cross-legged on the ground, sensing the power of each Life Talisman on his body.

With a thought, he immediately opened his Virtual Panel.

Evidently, after advancing to the Sixth Layer of the Golden Core, all his stats significantly increased.

At the same time, his wealth reached 20 million Spirit Stones.

After all, he accumulated a massive fortune from the Blood Saber Immortal Alliance.

Even accessing a portion of it is already quite astounding for a typical Golden Core Cultivator.

...

A few days later.

In a bedroom of the Blood Saber Mansion.

Jiang Fan and Su Weiwei reunited as if newlywed; after Jiang Fan thoroughly consolidated his cultivation, they spent several days together, intimately bonding, which greatly advanced the progress of the Yin Yang Mandarin Duck Talisman.

"How has your cultivation been recently?"

At this moment, Jiang Fan hugged the slightly blushing Su Weiwei, appreciating the beauty of this peerless beauty.

Even after spending a long time together, he never felt tired of it and instead found each time refreshing.

"Cultivation is going smoothly."

"The cultivation resources in this city are quite abundant."

"Although it's a bit dangerous, as long as we stay in the Blood Saber Mansion, safety isn't much of an issue."

Su Weiwei smiled.

Currently, her cultivation had advanced to the Sixth Layer of the Foundation Establishment Realm, and her spirit pets, the Six-winged Poison Bee and Purple Lightning Mayfly, grew increasingly powerful.

In terms of combat strength, she's considered quite strong among many Foundation Establishment cultivators.

After all, the might of these ancient strange insects is quite terrifying.

Of course, the number of powerful cultivators in the Fallen Immortal Mountain Range is still too many, and a mere Foundation Establishment is insignificant.

If careless, one might experience a significant calamity.

In contrast, the Ten Thousand Beasts Mountain Range on the Southern Continent is relatively safer.

Although the resources of the Southern Continent can't match the Eastern Continent, at least high-tier cultivators are fewer.

This way, the dangers encountered are relatively less.

Even a Foundation Establishment cultivator can roam freely, not worried about being killed by high-tier cultivators.

"That's good."

Jiang Fan nodded.

He was worried that Su Weiwei might not adapt well to life here, but it seems she has adjusted quite well.

It was clearly a wise choice for him to thoroughly control the Blood Saber Immortal Alliance.

Without the protection of a Golden Core Influence, living comfortably in this city is nearly impossible.

"Husband, do you plan to adventure into the Fallen Immortal Mountain Range during this time?"

Su Weiwei curiously asked.

After all, every cultivator arriving in Huaming City wishes to enter the Fallen Immortal Mountain Range to seek fortune.

But the Fallen Immortal Mountain Range is extremely dangerous.

Even countless Golden Core cultivators have perished in the Fallen Immortal Mountain Range, making her incredibly worried about her husband's safety.

Even for a Nascent Soul cultivator, entering this mountain range is not particularly safe.

"Don't worry, I currently have no plans to enter the Fallen Immortal Mountain Range."

"After all, for the time being, I am not lacking cultivation resources."

Jiang Fan shook his head.

Through many Golden Core cultivators of the Blood Saber Immortal Alliance, he learned a lot of critical information about the Fallen Immortal Mountain Range.

The reason why there are countless treasures in the Fallen Immortal Mountain Range is that it contains thousands of Secret Realm Worlds.

It's said that these Secret Realm Worlds formed due to a calamity in ancient times.

Because that battle was too terrifying, it shattered the void.

However, after countless years, these void fragments actually formed various Secret Realm Worlds.

And these Secret Realm Worlds also contain many ancient treasures and are rich in Spirit Medicine.

Many cultivators come to the Fallen Immortal Mountain Range hoping to enter these Secret Realm Worlds to find fortune.

The problem is, the entrances to these Secret Realm Worlds are not fixed and can randomly appear anywhere in the Fallen Immortal Mountain Range.
