Chapter 572: Refining the Profound Vagina Pearl, Cultivating the Second Golden Core_2

After all, the resources of the Southern Continent are too scarce, the forces of the Eastern Continent too strong, perhaps the Western Continent is just right.

Moreover, there aren't any sect forces to compete for disciples.

"Master, shall we depart now to rescue those humans being kept captive?"

The Ten Thousand Transformations Pill Furnace inquired.

"No hurry."

"Now is not the right time to rescue those mortals."

"It's better to wait for a while."

Jiang Fan squinted his eyes.

Due to continuous use of the Fortune-Telling Talisman, his judgment of fortunes and misfortunes has become sharper.

He can even use his innate divine techniques - Emperor's Gaze, to see the destiny and fortune of other beings.

He can sense that the Iron Wing Race seems to be facing a great calamity soon.

If he waits for the calamity to erupt, he would naturally have the opportunity to seize the chance, rescue those mortals.

He could also strike while the iron is hot, seizing fortune.

And perhaps find a scapegoat to take the blame for him.

It is truly a plan with multiple gains.

Thinking of this, Jiang Fan looked at the three people beside Liu Zhijun and said, "You three, follow me for now."

He can sense that the fortune of these three is quite extraordinary, and in the future, they might achieve significant accomplishments.

Otherwise, they wouldn't happen to encounter him and avoid a death tribulation.

"Yes, Master."

Upon hearing these words, Liu Zhijun was overjoyed, because in this perilous mountain range, receiving the protection of a cultivator meant complete safety for them.

Even if they faced the pursuit of demons again, they could survive.

Another day passed.

Jiang Fan found a hidden cave nearby and decided to reside here temporarily.

Liu Zhijun, along with his twin children, were arranged to stay nearby as well.

After examinations with the Primordial Talisman Pen, it proved that the talents of these three are indeed exceptional.

Firstly, Liu Zhijun possessed a high-grade spirit root, while Liu Yijing and Liu Liangdong, the twin siblings, had earth spirit root talents.

Frankly, such talents would qualify them to cultivate in the Divinity Transformation Holy Land.

Even in the Eastern Continent, they could easily enter major sects.

After all, possessing an earth spirit root is quite a remarkable cultivation talent; most cultivators only have low-grade spirit roots, and the majority of humans are mortals without spirit roots.

Of course, mortals also have the opportunity to cultivate, which is through martial arts, nurturing a spirit root.

In the past, Jiang Fan did just that.

However, few could achieve this.

Hence, the Primordial Talisman Pen was very pleased and immediately took the three as second-generation disciples of the Primordial Talisman Sect, beginning to teach them its cultivation techniques.

After all, the more disciples of the Primordial Talisman Sect, the better.

This way, there won't be a risk of the doctrine's extinction.

But this has little to do with Jiang Fan, as he returned to the Exquisite Tower space to continue his rigorous cultivation.

"Master, to obtain the Second Golden Core, you need to completely refine and integrate the Profound Vagina Pearl into your dantian."

"To be honest, refining the Profound Vagina Pearl is very difficult."

"Typically, cultivators need at least a decade to completely refine this treasure."

"But for the master, it shouldn't require so much effort."

The Demon-Vibrating Bell spoke to Jiang Fan, guiding him on how to refine the Profound Vagina Pearl.

After all, such Heaven and Earth's wondrous treasures aren't easy to refine.

"Refining the Profound Vagina Pearl? It is easy for me indeed."

Jiang Fan nodded.

He could consume a large amount of Luck Points to swiftly refine the Profound Vagina Pearl.

For him, the Profound Vagina Pearl was merely a treasure.

Bang~~

Instantly, without hesitation, he consumed a large amount of Luck Points, a mysterious energy surged into the Profound Vagina Pearl.

Immediately, the Profound Vagina Pearl was swiftly refined by him, a strand of Spiritual Sense permeated to the deepest part of the transparent bead, and then it easily integrated into his body, entering his elixir field and sea of Qi.

At this moment, Jiang Fan's dantian already housed two Golden Cores, like two suns.

"Already refined so quickly?"

Seeing this, the Demon-Vibrating Bell was speechless, although it already knew its master had a unique affinity with refining treasures, seemingly able to refine all things in the world, but it never expected it to be this quick.

Ordinary cultivators need a decade or more to refine the Profound Vagina Pearl, yet its master refined it in an instant.

This is really beyond comprehension.

Of course, it was somewhat used to such things.

"Master, refining the Profound Vagina Pearl is just the beginning."

"To completely transform it into a Second Golden Core, an enormous amount of spiritual power must be infused into the interior of the Profound Vagina Pearl."

"Once completely successful, your spiritual power will swell twice as much."

The Demon-Vibrating Bell continued.

"Hmm."

Jiang Fan nodded, feeling the Profound Vagina Pearl was akin to a battery; he could infuse it with vast spiritual power and release it at critical moments.

This is why a cultivator possessing the Profound Vagina Pearl has twice the spiritual power of other cultivators.

Frankly, having twice the spiritual power allows for countless possibilities.

Thus, in ancient times, almost every cultivator wished to obtain a Profound Vagina Pearl.

Unfortunately, such wondrous treasures of heaven and earth were scarce and not easily found.

Immediately, he entered deep cultivation.

Centered around his body, boundless spiritual qi surged in, permeating deep into his elixir field and sea of Qi.

Swallowed and absorbed by his two Golden Cores.

...

In the blink of an eye, another three months passed.

"Finally achieved."

Jiang Fan sat cross-legged on the ground, eyes gleaming with a hint of excitement.

He sensed two Primordial Golden Cores emerging deep within his elixir field and sea of Qi.

One of them was naturally condensed from the Profound Vagina Pearl, its appearance dark golden.

Containing vast primordial spiritual power within.

After spending three months, he finally became intimately familiar with the power of the Profound Vagina Pearl.

With a thought, he could invoke the power of this treasure and unleash the primordial spiritual power within.

Compared to before, his primordial spiritual power had increased by twice.

Note that his spiritual power initially surpassed that of his peers by countless times.

Further augmented by the Profound Vagina Pearl, it increased yet another double.

This has surpassed the limits imaginable by other Golden Core cultivators.

"With such powerful spiritual power, even late-stage Golden Core cultivators might just be at this level."

Jiang Fan clenched his fists.

He felt the vast primordial spiritual power surging within him.

Now, it seemed his spiritual power was inexhaustible.

He could consume spiritual power freely, no longer needing to worry about exhausting it.

Bang~~

At this moment, Jiang Fan activated his virtual panel.

Undoubtedly, compared to three months ago, all his stats have improved significantly.

Due to consuming many Luck Points, he currently only has 900,000 remaining.

His wealth is only 10,000,000 Spirit Stones left.

Previously, opening the Gate of the Void consumed a substantial amount of Spirit Stones.

Being left with this small amount is perfectly normal.

Moreover, his innate talisman, the White Tiger Geng Gold Talisman, naturally progressed to the Skilled level.

Other innate talismans didn't change much in proficiency due to the brief cultivation period.

"Is the time right?"

At this moment, Jiang Fan felt a jolt, sensing the Fortune-Telling Talisman deep within his elixir field and sea of Qi vibrating, seemingly capturing a trace of fate.

A vast message instantly flooded into the depths of his consciousness.

He knew the moment he was waiting for had finally arrived.
