### Chapter 590: Easily Crossing the Tribulation, Gaining a Third-Grade Opportunity

Whoosh!

Jiang Fan left Peach Blossom Valley.

After all, this was a Third-Grade Opportunity, something he could not afford to miss.

Whether for Crossing the Tribulation or acquiring the opportunity, he was determined to claim that Secret Realm World.

Following the information provided by Su Weiwei, he flew towards the Secret Realm World.

It didn't take long before he arrived at the hidden cave.

Sure enough, deep within the cave, a Void Gate appeared.

Without entering the cave, it would be impossible to detect the existence of the Secret Realm World here.

"I wonder what kind of Third-Grade Opportunity it is."

Jiang Fan was full of anticipation.

In a flash, he stepped into the Void Gate.

The next second, he found himself inside the Secret Realm World.

"The Spiritual Qi is so dense?!"

"At least Tier Four Spirit Vein."

Jiang Fan sensed the concentration of Spiritual Qi around him and was delighted.

Because the Spiritual Qi concentration in this Secret Realm World was quite good, it could at least support Nascent Soul Realm cultivation.

Although it couldn't compare to the Tier Five Spirit Vein of the Exquisite Tower, it was still quite remarkable.

If he could occupy this Secret Realm World, it would definitely become a stronghold for the Primordial Talisman Sect.

BOOM~~

At this moment, his Spiritual Sense spread far and wide, covering over a thousand kilometers.

He sensed a series of continuous mountain ranges stretching for unknown distances.

Clearly, this Secret Realm World was quite sizable.

"Where is the Third-Grade Opportunity? Could it be that place?"

An idea struck Jiang Fan.

He looked towards the north, sensing that the Spiritual Qi fluctuations were unusual in that direction.

His sixth sense told him the Third-Grade Opportunity should be there.

Whoosh!

With this thought, without hesitation, he activated the power of the Light Body Talisman and flew north.

He didn't know how many kilometers he had flown.

Soon, Jiang Fan discovered a vast complex of palaces in the distance, standing on mountain peaks, overlooking all like gods.

Yet, these majestic palaces now swayed precariously, with walls covered in countless cracks as if they might collapse at any moment. The eaves and brackets were incomplete, some entirely broken, slanting into the ruins.

It seemed these places had experienced an unimaginably fierce battle.

The surrounding ground had large craters, and many peaks had collapsed.

Even after countless ages, the area was still filled with a tragic atmosphere.

"Hmm? Are there other cultivators here as well?"

At this moment, Jiang Fan sensed multiple presences in the distance.

Without a doubt, besides himself, other cultivators had also entered this Secret Realm World.

They were all Demon Race Cultivators, thirteen Tier Three Demon Cultivators in total, each exuding fierce and murderous auras.

Undoubtedly, they had taken the lives of many cultivators, extremely vicious.

"Haha, our opportunity was indeed right; we've found an Ancient Secret Realm, which is fantastic."

"But this Secret Realm World looks like it has been destroyed for countless years, would there really still be any treasures left?"

"Don't worry, Ancient Secret Realms like this surely have many treasures remaining. Our Celestial Roc Race ancestor once collected many treasures from Ancient Secret Realms, which led to the rapid rise of our Celestial Roc Race, becoming a Tier Five Demon Race on the Western Continent."

"So we also have the destiny of the ancestors, finding an undeveloped Ancient Secret Realm."

"It's as if the heavens themselves are protecting us."

Numerous Celestial Roc Race cultivators discussed excitedly.

Each was full of excitement, greedily searching around, trying to find every treasure in this Ancient Secret Realm World.

Because for them, this was an extraordinary opportunity.

It might even allow them to ascend to Tier Four.

"Big brother, look, besides us, there are other cultivators here."

"How's that possible? Could there be other entrances to this Secret Realm World?"

"It's not impossible, sometimes Secret Realm Worlds aren't limited to just one entrance."

"Wait, this guy doesn't seem like a Demon Race Cultivator, but a human."

"How could it be a human? Humans are nothing but food, how could they enter the Secret Realm World."

"Indeed, humans are not allowed to practice any Cultivation Techniques; anyone daring to teach humans cultivation would face death."

"Perhaps he's a remnant of the Human Race disaster from the past."

"Then let's slaughter him; any remnants of the Human Race are not allowed to exist in this world, they can only be food."

Instantly, the group of Celestial Roc Race cultivators noticed Jiang Fan, as he hadn't concealed his presence.

Seeing Jiang Fan, they all exuded terrifying murderous intent.

As one of the four Divinity Transformation Races on the Western Continent, each member of the Celestial Roc Race was extremely powerful and ferocious, having devoured countless lives.

Even some Tier Four Celestial Rocs could devour an entire city's inhabitants.

The humans were bred and kept as food to satisfy the Celestial Roc Race's appetite.

Because of this, when they saw Jiang Fan, their bodies erupted with fierce killing intent.

Simply bred food, how could he appear in this place?!

BOOM~~~

In an instant, the Tier Three Celestial Rocs flew towards Jiang Fan; they were absolute fierce beasts, radiating terrifying Geng Metal Qi and Fierce Qi, exuding a faint golden glow, moving with incredible speed.
