Chapter 81: Killing the Noble Families' Henchman, Obtaining the Seventh-Grade Opportunity

What?!

The four Lu Family guards, who were initially enjoying the show, suddenly became stunned. They stared blankly at the headless corpse of Lu Wenda, the pool of blood on the ground, and the heap of flesh.

At this moment, they felt their whole bodies trembling uncontrollably, their eyes full of shock.

Their master Lu Wenda, a direct descendant of the Lu Family, is dead just like that?!

What kind of joke is this?

Who exactly is behind the assassination of Lu Wenda?

Don't they know the terrifying wrath of the Lu Family after Lu Wenda's death?

Who would dare to be so audacious?!

"This!"

"Lu Wenda is dead?"

The young couple, along with the crowd watching, were also stunned, completely not expecting such an event, as it was too inconceivable.

After all, Lu Wenda was a scourge of Yunze City, having done countless heinous deeds.

Because of the Lu Family's backing, no one dared to provoke them until today.

They could only allow them to act as they pleased.

In the foreseeable future, Lu Wenda would continue to evade justice, with no one daring to confront him.

But who would have thought, Lu Wenda would be killed just like that, with his head blown to bits, literally dead without a complete body.

Nonetheless, deep in their hearts, a feeling of satisfaction emerged.

Lu Wenda committed numerous evil acts over the years, and finally, someone could deal with him—as if heaven had opened its eyes.

"Who killed Lu Wenda?"

Deep in their hearts, everyone was full of doubts, guessing who the real killer might be.

Jiang Fan's strike was too fast for anyone on site to witness.

More importantly, the effect of the Soaring Snake Technique.

After cultivating to the Refining Organ Realm, this technique helped him restrain his own energy, reducing his presence.

Thus, he blended into the crowd, like a drop of water into the ocean.

Others naturally ignored his existence.

Thus, he remained completely unnoticed.

No one on site knew who exactly it was that had struck and killed Lu Wenda.

"Lockdown."

"Immediately blockade the street."

"The killer must not be allowed to escape."

"How dare you kill a direct descendant of the Lu Family, do you want to annihilate nine generations of your family?"

"Also, for those present, none of you should try to run."

"All must serve as a burial company for the young master."

One of the guards roared furiously, almost uncontrollably angry.

For if this incident reached the Lu Family, as Lu Wenda's guards, they would be the first to be targeted.

Perhaps they would be severely punished by the Lu Family, or even executed.

So he must catch the killer to avenge Lu Wenda.

"You're right, all of you stand in place, don't move an inch."

"Otherwise, you'll be treated as the killer and executed without mercy."

Another guard shouted loudly, intending to immediately control the scene to prevent the killer from escaping at the earliest opportunity.

That way, the elite of the Lu Family, along with the elite of the government, would receive news and hurry here.

"This."

Upon hearing this, the surrounding spectators were shocked and angry. They were merely watching the scene and didn't expect to encounter such unprovoked disaster, seemingly trying to involve them in the matter.

Undoubtedly, this was the domineering way of the Lu Family, who never reasoned with ordinary people.

Whoosh whoosh whoosh!!!

But as soon as the words were spoken, four rocks came flying through the air, like bullets, moving at an unbelievable speed, all aimed at the four Lu Family guards, containing terrifying killing intent.

"It's over."

The four Lu Family guards were scared, feeling this terrifying killing intent. Even as Strong Sinew Realm Martial Artists, they had no power to counter this dreadful strike.

They never imagined that the hidden killer would want to strike on them as well, attempting to eliminate them completely.

Now they regretted deeply.

If they had known the killer was such a terrifying expert, they would never have dared to shout like this.

But now it's too late to say anything.

Bang!

Instantly, the four Lu Family guards also had their heads blasted apart, like watermelons completely shattered, leaving four headless corpses on the street with blood everywhere.

In just a moment, these four were killed on the spot.

"Choosing to be the Lu Family's dogs, they too must die."

Jiang Fan's eyes showed a trace of cold light.

These four were truly ignorant, daring to threaten him even at death's door, as if he wouldn't dare to kill.

Since they were so loyal, they must die alongside Lu Wenda.

Anyway, these four were indeed accomplices.

If it weren't for these guards' help, Lu Wenda wouldn't have been able to commit so many evil deeds in Yunze City.

One could say that none of these four were innocent.

"Dead, Lu Wenda's four dogs are dead too."

"As if heaven opened its eyes, finally someone took action to kill them."

"Retribution, this is the retribution for committing so many evil deeds."

Many people cried tears of joy, excited beyond measure.

After all, Lu Wenda had committed evil acts for many years in Yunze City, with countless people holding grudges against him.

But previously, fearing the power of the Lu Family, no one dared to retaliate.

But now, seeing Lu Wenda and others assassinated, they felt immensely pleased.

An overwhelming sense of revenge fulfilled.

"Stop fussing, we must leave quickly."

"Lu Wenda is dead, the Lu Family will surely become enraged."

"If we continue to stay here, we might be implicated."

"The wrath of the Lu Family is beyond what we can bear."
